Liberals for Top Dems, GOP Fills City Ticket

In one of the most hotly contested Primary elections held in recent years it was apparent today Mayor Edwin F. Radel, Alderman-at-Large Harold Kaye and City Judge Aaron Klein on Thursday won the Liberal Party designation over Republican mayoral candidate John J. Schwenk; Benjamin Schecter, alderman-at-large and Joseph D. Saccoman, city judge.

Republican ward candidates were named in the Third, Sixth and Ninth wards where a dispute existed over designation petitions, giving the Republican Party a full city ticket. This was one of the major situations in the Primary election.

It was alleged the designating petitions for Joseph Hoffman, alderman Third ward; Louis Black, supervisor, and Ronald Fisher, alderman, in the Sixth ward; Lewis Brooks, supervisor, and Jason Goumas, alderman, Ninth ward, had been filed with the County Board of Elections too late.

To Be on Ballot

A legal battle ensued to get their names on the Primary ballot. However, the names did not appear on the ballot but in a write-in campaign they were yesterday designated as the Republican candidates and their names will go on the ballot in November.

Hoffman received a total of 21 votes, 10 in the First district and 11 in the Second district of the Third ward.

In the Sixth ward Black received 14 votes in the First district and 11 in the Second district for a total of 25 as Republican candidate for supervisor. Fisher, for alderman, received 14 and 11 votes respectively for a total of 25 votes.

In the Ninth Ward Lewis Black, candidate for supervisor received 29 votes and Jason Goumas, candidate for alderman received a like number of votes to become the Republican candidate for alderman.

Liberals for GOP in 5th

In the Fifth Ward the Republican designees for supervisor and alderman took the Liberal Party designation from the regularly designated Democratic candidates. Peter Fiore, Republican designee for supervisor won Liberal Party designation over Democratic designee John J. Lucci by a 17 to 7 vote. Republican designee William Sinsabaugh won Liberal Party designation over Democratic designee Frank Adams by a 16 to 7 vote, according to unofficial tabulation.

The Republican candidates, Donald Ortleib for alderman, and Daniel Bittner, Republican candidate for supervisor, in the Eighth ward, already had the Liberal party designation.

In the Eleventh Ward Supervisor Robert Phinney won the Liberal Party designation by a 6 to 2 vote. In that ward a contest for Liberal Party designation had been staged when a petition was filed by Liberals seek-

Mitchell Answers On Relief

SaysUrbanReport 'Tripe, Claptrap'

DAYTON, Ohio (AP)—The city manager of Newburgh, N.Y., has labeled as "tripe and claptrap" the National Urban League report charging that Newburgh's relief program is a hidden attack on the city's Negro minority.

In Newburgh Thursday, City Manager Joseph Mitchell said the league report is "an outstanding piece of long distance, Monday-morning quarterbacking."

He added: "No member of the Urban League has ever discussed the Newburgh situation with me or with any member of the City Council."

The league report, issued Thursday at the end of the group's four-day conference here, took exception to Mitchell's claim that the Hudson River city of 31,000 is carrying an intolerable relief load.

Conclusions Quoted

It quoted these conclusions from an investigation by the New York State Board of Social Welfare:

1. Relief to recent Southern migrants is not depleting the city's treasury. Newburgh spent only $205 on this group last year and was reimbursed by the state for all of it.

2. Newburgh reliefers aren't avoiding private employment as claimed. Only one employable relief recipient was found during a check in June.

3. Newburgh's welfare costs amount to 14 per cent of the city budget, not 33 per cent as claimed.

4. The average family on relief there collected $93 a month, and the proportion of relief families to the total population of Newburgh was the lwest of five comparable cities in New York State. Newburgh ranked well below the state average.

The league report went on to say: "As for the inference that unmarried mothers were conspiring to support themselves at public expense by having more children out of wedlock, common sense was enough to explode a theory once the facts were revealed.

"Allowances under aid of dependent children ranged from $11 to $30 per month for support of

Khrush Flexes Muscles In New Pact Warning; Is Ready for JFK Talk

Soviet Is Warned on Corridors

Big 3 Terms Are Most Solemn Yet

WASHINGTON (AP) — The United States, Britain and France today gave the Soviet Union a new warning "in the most solemn terms" against any interference with Allied flights in the air corridors between West Germany and West Berlin.

The Western powers told the Kremlin any change in the air transport situation "will be the result of aggressive action against established rights by the Soviet government and the East German regime."

Reject Red View

The Allied notes were delivered in Moscow this morning. They rejected the Soviet contention that the United States, Britain and France do not have unrestricted right of air transport in and out of West Berlin.

The notes, about 1,500 words long, were described as identical.

"Rights with respect to air access to Berlin," the Soviet Union was told, "derive from precisely the same source as do the rights of the U.S.S.R. in East Germany and East Berlin; namely, the joint military defeat of the Gerssumption of supreme authority man Reich and the joint assumption of supreme authority over Germany.

"These rights are confirmed by the circumstances under which the four powers entered Germany,

Denounces President For Tests

SaysTreatyWould Put Out War Fires

MOSCOW (AP)—Soviet Premier Khrushchev said today he was ready for "businesslike talks" with President Kennedy on urgent world problems.

At a friendship meeting for Indian Prime Minister Nehru he went on to denounce President Kennedy's decision to resume nuclear testing, and declared "mankind is on the brink of another military tragedy."

"Aggressive forces want to plunge the world into another war," he said. "as a pretext for this they are using the question of the peace treaty with Germany.

Warns of Power

"Our aim is to put out the remaining fires of war by concluding a peace treaty with Germany. All sober-thinking people realize that on the question of the peace treaty one must proceed from the fact of existence of two German states."

He warned that the Soviet Union "has enough strength to give a destructive blow to any aggressor."

Khrushchev said that the most vital item to be taken up was the conclusion of a German peace treaty.

He warned President Kennnedy not to use negotiations to delay signing a treaty and again said: "If the Western powers do not sign, the treaty will be signed between the German Democratic Republic and such other states as wish to do so."

Further Delay Impossible

Khrushchev said that "if the Western powers are ready for businesslike talks" on the German problem, "the Soviet government welcomes talks which would result in the conclusion of a peace treaty."

"It is impossible," he asserted "to postpone the German settlement any longer.

"The peoples will not forgive us for any more postponements."

Speaking earlier at the meeting in the Kremlin, Nehru called "on the great powers who hold the key to war and peace to remove the threat of war and lead the world to peace."

Nehru, on a three-day offficial visit to the Soviet Union, came from the conference of nonaligned nations in Belgrade, Yugoslavia, which urged talks between the U.S.S.R. and the United States.

Nehru in Plea

The conference, Nehru said, "expressed the minds of hundreds of millions of people. Every effort must be made to settle these problems. Only talks can lead to fruitful results.

"Today we face the last possibility. A wrong step could wipe out the future for mankind."

Nehru said that if the danger of war could be removed in talks between the two major powers, "the way would be opened toward examining the problem of disarmament."

"We call for the discontinuation of nuclear tests. Whatever the military considerations for

To Get $3,108,789 Through School Tax

At its September meeting Thursday night the board of education for Kingston School District (Consoliated) voted unanimously to raise $3,108,789 by taxation. Reports were heard on both elementary and high school summer sessions, appointments of 19 teachers were approved and the resignations of seven other instructors were accepted.

The tax warrant is $325,842 higher than the $2,882,947 raised last year and the City of Kingston's share is set at $1,732,817.23 with an assessed value tax rate of $40.438 compared to last year's $37.94.

Rates in Nine Towns

The nine towns in the district must raise $1,375,971.77. Broken down with each town's tax rate, it is as follows: Esopus $311,160.87, rate $65.978; Hurley $184,755.64, rate $65.978; Kingston (town) $32,503.01, rate $89.541; Marbletown $339.17, rate $37.998; New Paltz $492.43, rate $89.533; Rosendale, $141,681.19, rate $104.465; Saugerties $2,462.78, rate $89.536; Ulster $662,961.07, rate $83.572; Woodstock $39,615.61, rate $89.542.

The tax warrant was turned over today to Tax Collector Edna Morgan for collection.

Donald Anderson, principal of the Kingston High School summer school, and William Reardon, principal of the elementary summer school, both reported successful programs.

959 at Summer School

Anderson disclosed that a total of 959 students took the high school summer course some 10 percent more than the 1960 total of 883 and he reported good attendance. He listed in addition to students from Kingston High School, 32 students from St. Ursula's Academy, 30 from Our Lady of Lourdes, 23 from New Paltz, 43 from Onteora, 13 from Rondout, 65 from Saugerties, six from Catskill and single entries from as far away as outer Long Island.

He reported an average daily attendance of 890 and said the students were handled by a staff of 45 teachers.

Reardon said that 88 pupils attended four grades of summer classes at the George Washington School with an average daily attendance of about 70 per cent. Reading, mathematics, spelling, science and library work were stressed.

Teachers Appointed

The following teacher appointments were unanimously approved by the board upon recommendation of Dr. Earl F. Soper, superintendent of schools:

Schools Are Adding Course To Show What Communism Is

WASHINGTON (AP) — Quietly and almost unnoticed, a new course of study is being added in public high schools all across the country.

The subject—world communism, what it is and how it works.

Until recently the climate of the times was against such instruction.

It was less than four years ago, for instance, that the American Legion reversed its long-standing policy against teaching anything about communism in the public schools.

Now the legion is working with the National Education Association on a proposed program of study abut communism which may be offered to the public schools as a model course.

There still are hard pockets of resistance to the idea.

Recently the magazine "The Nation's Schools" conducted a poll of school superintendents, asking: "Should a specific course on communism be taught in all high schools?"

Thirty-seven per cent said no, 27 per cent said it should be offered on an optional basis and only 36 per cent said it should be required.

These recent developments, as reported by the NEA, show how the tide has turned since the days when high schools maintained a strictly hands-off policy on teaching about communism.

The Associated Press asked delegates to the 1961 convention of the National School Boards Association whether they thought it was necessary for the public schools to teach about communism—how it differs from capitalism and how it differs from democracy.

There was only one no vote, and that was qualified: "Not unless you permit teaching about Christianity."

A similar poll of delegates was taken at this year's meeting of the National Congress of Parents and Teachers. Again the response was overwhelmingly in favor of instruction about communism.

Wagner Has Record Vote, DeSapio Out

NEW YORK (AP)—A smashing victory by Mayor Robert F. Wagner on an "anti-bossism" platform today wrecked the city's old line Democratic organization, led by Tammany Hall Chief Carmine G. DeSapio.

Wagner, backed by insurgents, defeated the organization candidate, State Comptroller Arthur Levitt, in a record outpouring of voters for a Democratic primary.

Wins by 159,786

The final vote was 451,458 to 291,672. The total vote of 743,130 bettered the previous Democratic primary mark of 718,000 set in 1937.

Wagner will face State Atty. Gen. Louis J. Lefkowitz, unopposed for the Republican nomination, in the Nov. 7 general election.

The mayoralty term is four years.

Other insurgents won sufficient district leadership fights to have a good chance of control of Tammany, the Manhattan Democratic organization.

To top it off, DeSapio lost his own district leadership in Greenwich Village to James S. Lanigan, a Harvard-educated lawyer.

That in itself sent DeSapio into political eclipse because the New York County, or Tammany, leader is chosen only from among district leaders.

Split With Leaders

Wagner had the support of all the organization leaders in winning the mayoralty in 1953 and 1957, but split with them this year in favor of the insurgents.

Wagner also broke with City Council President Abe Stark and chose Deputy Mayor Paul R. Screvane as his running mate for that post; Screvane and Budget Director Abraham Beame, Wagner's choice for comptroller, also won nomination.

Stark sought the Democratic nomination for Brooklyn borough president and won easily. Lawrence E. Gerosa, the present city comptroller whom Wagner also dropped, is running for mayor in November as an independent Democrat.

Lanigan New Figure

The insurgent forces backing Wagner were headed by former Sen. Herbert H. Lehman and Mrs. Franklin D. Roosevelt.

Insurgents Fare Well in Primary Voting Thursday

By MICHAEL KEATING

ALBANY, N.Y. (AP) — Insurgent Democrats fared well in the state's cities in primary election contests for mayoral candidates.

Besides the crushing defeat Mayor Robert F. Wagner handed the Democratic organizations in New York City, insurgents defeated organization candidates in Buffalo, Syracuse, Cortland, and Beacon.

Democratic organization standard-bearers won mayoral primaries in North Tonawanda and Lackawanna.

Blakeman GOP Winner

In the only legislative primary, Robert M. Blakeman, a Valley Stream lawyer backed by the Republican organization, won a three-way contest for the State Assembly Republican nomination in Nassau County's sixth Assembly district.

In Buffalo, Councilman Victor E. Manz upset incumbent Frank A. Sedita by 514 votes in the four-way Democratic mayoral primary. The vote was 25,336 to 24,822, a heavy turnout.

Like Wagner, Manz campaigned on an "anti-bossism" platform.

3 Gang Bosses Explain Reasons For Going Wrong

CHICAGO (AP)— "Little Man" stood in darkness behind a wooden screen. His audience couldn't see him, but they knew him by reputation as boss of a gang of young neighborhood toughs.

And they paid close attention to what he said.

"If we had a better police department," his high-pitched voice broke into the stillness, "I wouldn't be an ex-con today."

"Little Man," who is about 5 feet, 3 inches tall, was in a reformatory at 15, and later was in prison.

"And let me tell you something," the 20-year-old youth said, "we're not a gang. We're a group and we need your help."

About 200 persons—shop owners, residents, mothers and fathers—heard three South Side gang lords, known only as "Little Man," "Frank" and "George"—plead Thursday night for understanding and compassion.

A spokesman for the audience which gathered because they want to stop juvenile gang activity in their middle-class, reasonably tidy neighborhood, said the youths came willingly, on the stipulation they not be identified.

They spoke from a dark corridor, a wooden screen separating the audience, which was silent except for applause after each youth spoke.

Another gang leader, "Frank," 19, said the gangs have too much idle time.

"We go out at night and scrape up enough change to get a little drunk because there's nothing to do," the boyish voice said.

"Lack of firmness when we were young got us into trouble—and now it's too late."

Members of the three white gangs silently stood around the perimeter of the racially mixed crowd.

"Why, they look just like normal boys," one woman murmured.

Alert Says Carla Is Nearing Louisiana

MIAMI, Fla. (AP) —Hurricane Carla's outer gales spun close to Louisiana shores today and her 110-mile-an-hour fury threatened residents along at least 500 miles of coastline.

Residents of islands and low coastal areas subject to flooding by high tides were warned to be prepared for evacuation before escape routes are closed by rising waters of the Gulf of Mexico.

Changes During Night

A curve to a more northwesterly course during the night brought Texas into the danger zone and forecasters considered extending the hurricane watch to the Lone Star State. The coastline from the Louisiana-Texas border across Mississippi and Alabama and eastward to Apalachicola, Fla., already had been placed on watch.

The hurricane watch is expected to give way to full hurricane warnings tonight as gale force winds reach the coast.

A 9 a.m. bulletin located Carla about 400 miles south-southeast of the mouth of the Mississippi River. She was moving between northwest and north-northwest at about 10 miles an hour.

Highest winds were estimated at about 110 miles per hour near the center and Carla was moving between northwest and north-northwest at 10 miles per hour.

Utah, Kansas Blondes 2nd Round Winners

ATLANTIC CITY, N.J. (AP)—Blondes are continuing to lead their brunette and red-haired competitors in the Miss America Pageant with Miss Utah and Miss Arkansas the winners in the second round of preliminary competition.

Carolyn Lasater, Miss Utah, won the talent contest Thursday night with a pantomime dance. She wore a dress which she designed, that converts from a nightgown to a business dress to an evening gown.

Miss Arkansas, Frances Jane Anderson, caught the judges' nods in the swimsuit contest as she strolled down the 120-foot runway before an audience of 7,157.

Both girls are 19, they're listed as 5 feet 9 inches tall, and they are blondes. (Miss Anderson said she's really 5-9½).

Blondes also won in the swimsuit and talent categories in the first round of preliminary competition Wednesday night. Miss Minnesota, Nancee Parkinson, received the swimsuit honors and Miss Texas, Linda Loftis, won the talent award with an operatic aria.

The third and final round of the preliminary judging will be completed tonight. Then 10 semifinalists will be selected to enter the finals. Miss America of 1962 will be crowned Saturday night.

Jobless Benefits Are Inadequate, Says Goldberg

WASHINGTON (AP) — Surveys made in six states, including New York, show that unemployment insurance benefits are inadequate to meet the objectives of the insurance program, the U.S. secretary of labor says.

Secretary Arthur J. Goldeberg told Congress Thursday the surveys showed the average weekly benefit paid the head of a household of four amounted to no more than 78 per cent of the money needed for such basic necessities as food, shelter, clothing, utilities and medical care.

"In none of the surveys made does the average weekly benefit cover as much as half of the average weekly outlay for all expenses on the part of such families."

Goldberg made his comments in a letter to the House Ways and Means Committee, which has not acted on administration recommendations for increasing jobless pay benefits.

Mitchell Answers On Relief

SaysUrbanReport 'Tripe, Claptrap'

DAYTON, Ohio (AP)—The city manager of Newburgh, N.Y., has labeled as "tripe and claptrap" the National Urban League report charging that Newburgh's relief program is a hidden attack on the city's Negro minority.

In Newburgh Thursday, City Manager Joseph Mitchell said the league report is "an outstanding piece of long distance, Monday-morning quarterbacking."

He added: "No member of the Urban League has ever discussed the Newburgh situation with me or with any member of the City Council."

The league report, issued Thursday at the end of the group's four-day conference here, took exception to Mitchell's claim that the Hudson River city of 31,000 is carrying an intolerable relief load.

Conclusions Quoted

It quoted these conclusions from an investigation by the New York State Board of Social Welfare:

1. Relief to recent Southern migrants is not depleting the city's treasury. Newburgh spent only $205 on this group last year and was reimbursed by the state for all of it.

2. Newburgh reliefers aren't avoiding private employment as claimed. Only one employable relief recipient was found during a check in June.

3. Newburgh's welfare costs amount to 14 per cent of the city budget, not 33 per cent as claimed.

4. The average family on relief there collected $93 a month, and the proportion of relief families to the total population of Newburgh was the lwest of five comparable cities in New York State. Newburgh ranked well below the state average.

The league report went on to say: "As for the inference that unmarried mothers were conspiring to support themselves at public expense by having more children out of wedlock, common sense was enough to explode a theory once the facts were revealed.

"Allowances under aid of dependent children ranged from $11 to $30 per month for support of

Schools Are Adding Course To Show What Communism Is

WASHINGTON (AP) — Quietly and almost unnoticed, a new course of study is being added in public high schools all across the country.

The subject—world communism, what it is and how it works.

Until recently the climate of the times was against such instruction.

It was less than four years ago, for instance, that the American Legion reversed its long-standing policy against teaching anything about communism in the public schools.

Now the legion is working with the National Education Association on a proposed program of study abut communism which may be offered to the public schools as a model course.

There still are hard pockets of resistance to the idea.

Recently the magazine "The Nation's Schools" conducted a poll of school superintendents, asking: "Should a specific course on communism be taught in all high schools?"

Thirty-seven per cent said no, 27 per cent said it should be offered on an optional basis and only 36 per cent said it should be required.

These recent developments, as reported by the NEA, show how the tide has turned since the days when high schools maintained a strictly hands-off policy on teaching about communism.

The Associated Press asked delegates to the 1961 convention of the National School Boards Association whether they thought it was necessary for the public schools to teach about communism—how it differs from capitalism and how it differs from democracy.

There was only one no vote, and that was qualified: "Not unless you permit teaching about Christianity."

A similar poll of delegates was taken at this year's meeting of the National Congress of Parents and Teachers. Again the response was overwhelmingly in favor of instruction about communism.

Khrush Flexes Muscles In New Pact Warning; Is Ready for JFK Talk

Soviet Is Warned on Corridors

Big 3 Terms Are Most Solemn Yet

WASHINGTON (AP) — The United States, Britain and France today gave the Soviet Union a new warning "in the most solemn terms" against any interference with Allied flights in the air corridors between West Germany and West Berlin.

The Western powers told the Kremlin any change in the air transport situation "will be the result of aggressive action against established rights by the Soviet government and the East German regime."

Reject Red View

The Allied notes were delivered in Moscow this morning. They rejected the Soviet contention that the United States, Britain and France do not have unrestricted right of air transport in and out of West Berlin.

The notes, about 1,500 words long, were described as identical.

"Rights with respect to air access to Berlin," the Soviet Union was told, "derive from precisely the same source as do the rights of the U.S.S.R. in East Germany and East Berlin; namely, the joint military defeat of the Gersumption of supreme authority man Reich and the joint assumption of supreme authority over Germany.

"These rights are confirmed by the circumstances under which the four powers entered Germany,

Wagner Has Record Vote, DeSapio Out

NEW YORK (AP)—A smashing victory by Mayor Robert F. Wagner on an "anti-bossism" platform today wrecked the city's old line Democratic organization, led by Tammany Hall Chief Carmine G. DeSapio.

Wagner, backed by insurgents, defeated the organization candidate, State Comptroller Arthur Levitt, in a record outpouring of voters for a Democratic primary.

Wins by 159,786

The final vote was 451,458 to 291,672. The total vote of 743,130 bettered the previous Democratic primary mark of 718,000 set in 1937.

Wagner will face State Atty. Gen. Louis J. Lefkowitz, unopposed for the Republican nomination, in the Nov. 7 general election.

The mayoralty term is four years.

Other insurgents won sufficient district leadership fights to have a good chance of control of Tammany, the Manhattan Democratic organization.

To top it off, DeSapio lost his own district leadership in Greenwich Village to James S. Lanigan, a Harvard-educated lawyer.

That in itself sent DeSapio into political eclipse because the New York County, or Tammany, leader is chosen only from among district leaders.

Split With Leaders

Wagner had the support of all the organization leaders in winning the mayoralty in 1953 and 1957, but split with them this year in favor of the insurgents.

Wagner also broke with City Council President Abe Stark and chose Deputy Mayor Paul R. Screvane as his running mate for that post; Screvane and Budget Director Abraham Beame, Wagner's choice for comptroller, also won nomination.

Stark sought the Democratic nomination for Brooklyn borough president and won easily. Lawrence E. Gerosa, the present city comptroller whom Wagner also dropped, is running for mayor in November as an independent Democrat.

Lanigan New Figure

The insurgent forces backing Wagner were headed by former Sen. Herbert H. Lehman and Mrs. Franklin D. Roosevelt.

Insurgents Fare Well in Primary Voting Thursday

By MICHAEL KEATING

ALBANY, N.Y. (AP) — Insurgent Democrats fared well in the state's cities in primary election contests for mayoral candidates.

Besides the crushing defeat Mayor Robert F. Wagner handed the Democratic organizations in New York City, insurgents defeated organization candidates in Buffalo, Syracuse, Cortland, and Beacon.

Democratic organization standard-bearers won mayoral primaries in North Tonawanda and Lackawanna.

Blakeman GOP Winner

In the only legislative primary, Robert M. Blakeman, a Valley Stream lawyer backed by the Republican organization, won a three-way contest for the State Assembly Republican nomination in Nassau County's sixth Assembly district.

In Buffalo, Councilman Victor E. Manz upset incumbent Frank A. Sedita by 514 votes in the four-way Democratic mayoral primary. The vote was 25,336 to 24,822, a heavy turnout.

Like Wagner, Manz campaigned on an "anti-bossism" platform.

Utah, Kansas Blondes 2nd Round Winners

ATLANTIC CITY, N.J. (AP)—Blondes are continuing to lead their brunette and red-haired competitors in the Miss America Pageant with Miss Utah and Miss Arkansas the winners in the second round of preliminary competition.

Carolyn Lasater, Miss Utah, won the talent contest Thursday night with a pantomime dance. She wore a dress which she designed, that converts from a nightgown to a business dress to an evening gown.

Miss Arkansas, Frances Jane Anderson, caught the judges' nods in the swimsuit contest as she strolled down the 120-foot runway before an audience of 7,157.

Both girls are 19, they're listed as 5 feet 9 inches tall, and they are blondes. (Miss Anderson said she's really 5-9½).

Blondes also won in the swimsuit and talent categories in the first round of preliminary competition Wednesday night. Miss Minnesota, Nancee Parkinson, received the swimsuit honors and Miss Texas, Linda Loftis, won the talent award with an operatic aria.

The third and final round of the preliminary judging will be completed tonight. Then 10 semifinalists will be selected to enter the finals. Miss America of 1962 will be crowned Saturday night.

Denounces President For Tests

SaysTreatyWould Put Out War Fires

MOSCOW (AP)—Soviet Premier Khrushchev said today he was ready for "businesslike talks" with President Kennedy on urgent world problems.

At a friendship meeting for Indian Prime Minister Nehru he went on to denounce President Kennedy's decision to resume nuclear testing, and declared "mankind is on the brink of another military tragedy."

"Aggressive forces want to plunge the world into another war," he said, "as a pretext for this they are using the question of the peace treaty with Germany.

Warns of Power

"Our aim is to put out the remaining fires of war by concluding a peace treaty with Germany. All sober-thinking people realize that on the question of the peace treaty one must proceed from the fact of existence of two German states."

He warned that the Soviet Union "has enough strength to give a destructive blow to any aggressor."

Khrushchev said that the most vital item to be taken up was the conclusion of a German peace treaty.

He warned President Kennnedy not to use negotiations to delay signing a treaty and again said: "If the Western powers do not sign, the treaty will be signed between the German Democratic Republic and such other states as wish to do so."

Further Delay Impossible

Khrushchev said that "if the Western powers are ready for businesslike talks" on the German problem, "the Soviet government welcomes talks which would result in the conclusion of a peace treaty."

"It is impossible," he asserted "to postpone the German settlement any longer.

"The peoples will not forgive us for any more postponements."

Speaking earlier at the meeting in the Kremlin, Nehru called "on the great powers who hold the key to war and peace to remove the threat of war and lead the world to peace."

Nehru, on a three-day offficial visit to the Soviet Union, came from the conference of nonaligned nations in Belgrade, Yugoslavia, which urged talks between the U.S.S.R. and the United States.

Nehru in Plea

The conference, Nehru said, "expressed the minds of hundreds of millions of people. Every effort must be made to settle these problems. Only talks can lead to fruitful results.

"Today we face the last possibility. A wrong step could wipe out the future for mankind."

Nehru said that if the danger of war could be removed in talks between the two major powers, "the way would be opened toward examining the problem of disarmament."

"We call for the discontinuation of nuclear tests. Whatever the military considerations for

Jobless Benefits Are Inadequate, Says Goldberg

WASHINGTON (AP) — Surveys made in six states, including New York, show that unemployment insurance benefits are inadequate to meet the objectives of the insurance program, the U.S. secretary of labor says.

Secretary Arthur J. Goldeberg told Congress Thursday the surveys showed the average weekly benefit paid the head of a household of four amounted to no more than 78 per cent of the money needed for such basic necessities as food, shelter, clothing, utilities and medical care.

"In none of the surveys made does the average weekly benefit cover as much as half of the average weekly outlay for all expenses on the part of such families."

Goldberg made his comments in a letter to the House Ways and Means Committee, which has not acted on administration recommendations for increasing jobless pay benefits.

Holds No Thrills

Pageant No Fond Memory For 2-Time Miss America

By JOY MILLER
AP Women's Editor

NEW YORK (AP)—Mrs. Frederick Stanton Townley may or may not watch the finale of the Miss America contest on television Saturday night.

For her it holds neither the thrill of novelty nor the pleasure of remembrance.

As Mary Catherine Campbell she was Miss America in both 1922 and 1922, the contest's only two-time winner.

But to Mrs. Townley, still a good looking woman after years of several serious illnesses, that was a different time, a different country.

"None of it seems real. In Atlantic City they have a big picture of all of us on a pier, and I've stood there and looked up at the creature that was I and I think, 'She can't have ever had anything to do with me.'"

In a rare burst of reminiscence Mrs. Townley was discussing the contest over lunch.

"I like to sink into the background. I've been that way from the beginning."

The beginning was in Columbus, Ohio, where she was a straight-A high school girl, the only daughter of a certified public accountant. A beau entered her picture in the local contest and she became Miss Ohio.

Her mother accompanied her to Atlantic City "to guard me" and a Columbus Dispatch reporter, Mike Fanning, went along too.

Mary Catherine was 15 on May 9, "But since you were supposed to be 16, I was 16. I guess they won't make me give the Mermaid back now."

The Mermaid is a statue, real gold over bronze, that she said measures something less than a yard. It's now in the basement of their Manhattan home, but Mrs. Townley thinks a Columbus museum ought to have it. "It really belongs to the city. I'd be glad to give it up."

After the contests, movie and stage offers rolled in. Her mother rejected a Flo Ziegfield bid, allowed her to sing a little while on the Keith Circuit. "Sing? You coudn't hear me past the third row."

She returned home, studied at Ohio State and Ohio Wesleyan, cared for her mother, then an invalid, and in 1929, won a round-the-world trip selling tickets for the Ohio Exposition. In Ceylon she met the brother of her future husband who performed introductions.

"We were married in 1933 and I still think he's wonderful. I was very fortunate to get him."

He's a salesman for DuPont, and they have no children.

Enrollment Is Record 8,836

The Kingston School District (Consolidated) has a record enrollment of 8,836 for the new school term, it was announced last night by Dr. Earl F. Soper, superintendent of schools, at the monthly meeting of the board of education.

The figure, he diclosed, is 408 more than the 1960-61 enrollment of 8,428 and he added that the number of students in Kingston High School has risen to 2,175 or 195 more than last year.

Enrollment by grade schools is:

School 2—350; School 3—240; School 4—210; School 5—394; School 6—363; School 7, 333; School 8—212; George Washington—679; Chambers—554; Hurley—479; Lake Katrine—655; Port Ewen—625; Tillson—240; MJM—1,327.

Broken down by grades the enrollment is:

Kindergarten—925; Grades 1-6—4,409; Grades 7-8—1,327; and Grades 9-12—2,175.

Fallout Due Over U. S. by Weekend From Red Blasts

By FRANK CAREY
Associated Press Science Writer

WASHINGTON (AP)—A government fallout expert said today the cloud of radioactive debris from the first of four recent Soviet nuclear tests is expected to cross the northern United States by this weekend.

Dr. Lester Machta of the U.S. Weather Bureau said he could not estimate when debris from the three later tests would reach this country. But that debris, together with some more from the first test, may pass over the entire country, he said.

No Greater Than Ours

Machta said some fallout will reach the earth wherever the radioactive cloud passes over—and will continue to as the cloud keeps circling the earth.

But he offered a qualified view that the amount of fallout deposited on the United States would be no greater from the first four Soviet tests "than it has been from any of our own test series in Nevada in the past."

He said this estimate is based on a hopeful assumption that none of the four devices exceeded 50,000 tons of TNT equivalent in explosive yield. He pointed out that the Atomic Energy Commission has given no specific figures on the estimated yields of the Soviet tests.

Machta, one of the nation's foremost researchers on fallout distribution, made the comments in explaining a map he prepared projecting the course of the fallout cloud from the first test last Friday.

The map traces the path of the cloud from west to east through a high level of the troposphere—the part of the atmosphere from the surface of the earth to about 50,000 feet.

Over Alaska Monday

Machta chose the 30,000 to 40,000 foot level because it has the strongest winds.

He said the cloud passed in a generally easterly direction from the central Asian detonation site—spanning the Asian mainland, then crossing the Bering Sea.

It crossed all of Alaska Monday and Tuesday and at the same time went over Western Canada.

Machta estimated that by Thursday, the cloud passed over Montana, Washington, Idaho and northern Nevada and the southern part of Canada.

Thereafter, he forecasts, it will move east over at least the northern half of the United States. By Sunday, it should begin passing over the Atlantic toward Europe.

Alert Says . . .

will reach gale force in a few squals tonight," the Weather Bureau said.

The weather map was smudged with two other storms—Hurricane Betsy, spinning north in the Atlantic 700 miles southeast of Cape Cod, Mass., and Tropical Storm Debbie, 650 miles west of the Cape Verde islands off the West African Coast.

Betsy offered no threat to the U.S. mainland and Debbie was too far away to be scouted by reconnaissance aircraft.

Threat to Coast

But Carla was an immediate threat to offshore oil operations in the Gulf of Mexico and to cities and towns on the coast.

Just where it would move inland was still a guess, but forecasters said Carla would continue moving between northwest and north-northwest for the next 12 to 18 hours.

Carla smashed into Cuba's western Pinar del Rio Province Thursday flattening 70 buildings and injuring 10 persons. Flood waters spread over a wide area and winds and water caused extensive crop damage as the storm moved out of the Caribbean Sea where it was spawned last Sunday and swept into the Gulf of Mexico.

Newburgh . . .

additional children. Even by starving their children, the mother could not support themselves on such sums."

Charge Smear Sheets

The report said, "An increasing number of anti-Negro smear sheets are being printed anonymously in New York City and designed for mailing and throwaway purposes at $1 per 100 copies. And these sheets are describing in detailed terms the Newburgh plan. . .

The league claims that 38 per cent of the families on relief in Newburgh are Negroes.

"Newburgh officials have offered not one single, verifiable statistic that an unbearable high relief load was caused by thriftless and shiftless families that came to the city to take advantage of a soft touch," the report said.

The league has been described by its officers as an interracial organization of some 50,000 persons, dealing with economic, social and welfare problems of the Negro and using professional people to gain community support.

A spokesman said the league has almost 7,000 volunteer, unsalaried workers in 53 cities in 30 states and the District of Columbia.

The Town of Esopus Republican caucus will be held at the Town Auditorium, Port Ewen, Saturday, September 9 at 8 p. m. for the purpose of nominating Republican candidates for supervisor, town clerk, tax collector, superintendent of highways, assessor for a four-year term, assessor for a two-year term, one justice of the peace and one councilman.

All enrolled Republicans of the Town of Esopus are urged to attend the caucus.

Police Continue Probe of Safe Break, Robbery

State police are still working on two robberies which occurred over the holiday weekend in Highland and New Paltz.

Clues are being checked by Senior Investigator A. Chieco and Investigator Roger Gardiner of the BCI at the Lake Katrine barracks into a break at the Continental Baking Company, North Road and Route 9W Highland sometime between 6:10 p. m. Saturday and 5 p. m. Monday. The burglars took $208.08 from the office safe after prying off the door with a large bar. They entered the building by prying open a rear window, state police said.

In New Paltz, State and local police are still looking for two white men who held up Harold King, an employe of the New Paltz Grand Union-Empire Market, forced him to drive some four miles to a secluded spot in Plattekill, handcuffed him to the steering wheel and then took about $7,000 in checks and some $500 in cash which King was carrying. He was on his way to the Huguenot National Bank, Main Street and North Manheim Boulevard when stopped.

State police said the response was good to an advertisement by the manager, Kenneth Swanson, asking all persons who cashed checks either Thursday or Friday of last week at the store to call the store. Swanson would like to know the origin of the checks cashed so that it will be possible to have checks canceled and new ones issued.

The checks are all non-negotiable because the store stamped them for deposit only in preparation for delivery to the bank.

Pickets Beat Up Own Leader at Fisher Body Firm

PITTSBURGH (AP) — Striking pickets at the Fisher Body Plant of General Motors Corp. in suburban West Mifflin attacked and beat their own union president and a Detroit management representative Thursday night.

John McCarrell, president of United Auto Workers Local 544, was turned on when he tried to escort Charles Latham, general personnel director of the Fisher Body Division in Detroit, through the picket lines.

Two other unidentified union men were roughed up in the fracas. None of the men needed medical attention.

McCarrell said: "The pickets turned on me because they are still plenty angry about the West Mifflin plant manager hitting one of our boys with a car. I didn't realize the boys were that sore."

A warrant has been issued for the arrest of the plant manager, Fred Hughes. He is charged with aggravated assault with an automobile and failure to stop at a scene of an accident after allegedly running down John L. Jones, 37, of Connellsville R.D. 2 Thursday morning.

Jones was reported in fair condition at Connellsville state Hospital.

The local union men walked off their jobs at the West Mifflin plant Wednesday morning despite the granting of a strike extension in Detroit. McCarrell says the local did not receive any word of the extension.

Broome Inventor Killed in Crash Of Light Plane

GREENE, N.Y. (AP)—Monroe H. (Gus) Sweet, 46, a Binghamton physicist and inventor, was killed today in the crash of his light plane at the airport in this Chenango County community.

Sweet, formerly a physicist for Ansco Corp. in Binghamton, was head of Quantametric Devices of Binghamton, which makes miniature automatic items. Hs home was just outside the city.

An airport spokesman said Sweet was flying low over the field in a warm-up before taking up two other men to make aerial photographs. The single-engined craft suddenly dropped, skidded and cartwheeled into a gas tank. Sweet was thrown from the plane to a sidewalk.

Stanley Gazda, a photographer who was to have gone up in the plane, quoted Sweet as saying before taking off:

"There's a new engine in this. Let me take it up first and warm it up."

Airport Manager Robert Barrows sprayed foam on the crash area, and no fire developed.

The cause of the crash was not determined. The plane's landing gear was not down.

Sweet kept two planes at the airport, which is favored by fliers of small planes because of its grassy field.

The number of Indians enrolled in colleges increased from 2,300 in 1955 to 3,800 in 1958.

Spectacular Dash

East German Rams Gate to Freedom

BERLIN (AP)—A young East German crashed his speeding station wagon through Communist barriers today and flashed through the Brandenburg Gate to West Berlin and safety.

Splintered wood flew and Red guards jumped for their lives as the driver gunned the engine for the spurt through the stone gate that symbolizes the city's division. The car strained against a thick coil of barbed wire, then snapped through and crossed the border.

It was the most spectacular escape in Berlin since the Communist fences went up Aug. 13. It took place at the most heavily guarded section of the border, under the noses of a dozen patrolling sentries with orders to shoot to kill.

The car came roaring down the famous Unter den Linden and slipped between two of the stone columns with just inches to spare on either side.

Once through, the driver, whose name was withheld by police, rolled to a stop opposite the Soviet war memorial.

At Helmstedt, a check point on the West German border some 100 miles away, five persons attempting to flee East Germany were not so lucky in another spectacular break for freedom Thursday night.

Their truck smashed into a car before it could cross the border. The driver of the car was killed and a passenger was injured. Communist police led the would-be gate crashers away at gunpoint.

Smoke Fills Attic

A condition attributed to a faulty electric line caused accumulation of smoke in the attic of a house occupied by Ronald Swark at 23 St. Mary's Street last night. The fire hazard was discovered at about midnight and firemen were called at 12:01 a. m., with units from Central and Cornell Stations responding. The Central Hudson Gas & Electric Corp., and the electrical inspector were notified, and current was shut off. Hose lines were laid, but were not needed. Chief James M. Brett and Deputy Chief Edwin P. Murphy were in charge.

Liberals . . .

ing a write-in campaign for an "undesignated" candidate.

St. John Pleased

In referring to Thursday's primary election, Howard C. St. John, recently appointed acting Republican city chairman, to succeed Judge John B. Sterley, said he was "highly pleased" with the results of the Primary Election.

St. John pointed out that the Republican Party had won its "primary objective" by getting ward candidates in the Third, Sixth and Ninth wards. He said the Republican Party now has a full city ticked and he also pointed out that the Republican Party now has the Liberal Party endorsement in a third of the city wards.

"I am highly pleased and grateful over the support given supervisor and alderman candidates by the rank and file voters," St. John said.

There were no Republican Party contests in the city.

In the Fourth ward where Supervisor Joseph J. Turck, (D), was replaced on the Democratic ticket at the ward caucus by Michael W. Melnik, former Sixth ward Democratic supervisor, there was no contest. Turck, who has announced he will run as an independent, has until September 19 to file as an Independent candidate. Melnik also has the Liberal Party designation in the Fourth ward.

Contest for Delegates

In a county wide contest for delegates to the Democratic State Judicial convention, it was apparent today from incomplete returns that the independent move sponsored by Supervisor George Majestic (D), Gardiner, and backed by Democratic Committeeman Joseph Reid of the First District of Rosendale, was doomed to defeat.

Majestice sought to have "laymen" delegates named to the Judicial convention in opposition to the regularly named Democratic organization slate of attorneys.

In the Thirteenth Ward of Kingston the Reid followers cast 32 votes for his slate of laymen while the regularly named slate received only 2 votes.

In the First District of Rosendale, Joseph Reid's own district the regular slate of delegates received approximately 35 votes and the Majestic slate received 59 votes, with Reid, who was one of the insurgent delegates, received 61 votes in his district.

Reid by Three Votes

In the election of Democratic committeemen, Reid in his First district won out as Democratic committeeman by only three votes. Rosendale has been the seat of considerable opposition to the "regular" Democratic Party rule, headed by County Chairman William A. Kelly. It was reported today that the Town of Rosendale now stood four "Kelly Democrats" and two "Reid Democrats."

Scattered returns from Kingston city today indicated the Majestic slate for Judicial delegates was being defeated nearly four to one and in the county well over two to one. In 36 districts in the county which had filed returns shortly before noon, the regularly nominated Judicial delegate wa sleading by 475 votes to 277 for the Majestic slate.

Tension Holding Up Release of Powers: Nikita

NEW YORK (AP)—Soviet Premier Khruhchev says Francis Gary Powers may be released before his 10-year sentence is up but international tension makes it impossible to free the U2 pilot from his Soviet prison right now.

Khrushchev told C. L. Sulzberger of the New York Times in an interview published today that "Powers himself is not of such value that we would consider it necessary to make him serve his full sentence."

Powers was shot down over the Soviet city of Sverdlovsk on May 1, 1960, and subsequently convicted as a spy. His case contributed to the breakup of the Paris summit conference several weeks later, with Khrushchev demanding that President Eisenhower apologize for the flight.

To Draft 20,000 For Army in Oct.

WASHINGTON (AP) — Twenty-thousand men will be drafted into the Army next month.

The October call, announced on Thursday by the Defense Department, is the second largest since the end of the Korean War. The largest is this month's call for 25,000.

As usual, the Air Force, Navy and Marine Corps will not draw from the draft.

The draft was stepped up sharply last month, shortly after President Kennedy said quotas might be doubled or tripled in a U.S. military buildup. The August call, originally 8,000, was expanded to 13,000 and heavy September and October calls followed.

Msgr. Murdock Dies, Formerly At West Point

Msgr. George G. Murdock, whose first assignment following his ordination to the priesthood was at St. Joseph's Church, this city, died Thursday in the rectory of Sacred Heart Church, Mount Vernon, where he was pastor.

Msgr. Murdock, who was 71 years old, was former Catholic Chaplain at the United States Military Academy. He served as pastor of Holy Trinity Chapel, West Point from 1932 to 1948. In recognition of his devotion to duty, he was honored on his departure in August, 1948 with a full-dress parade of cadets and officers of the academy. He was affectionately known as "the Padre." His military career included service with Army, Navy, Marine Corps and the Air Force.

A pontifical Mass will be celebrated Monday at 11 a. m. at Sacred Heart Church. Burial will be at West Point Cemetery.

After preparatory schooling at St. Vincent's in Philadelphia, he completed theological studies at St. Joseph's Seminary, Dunwoodie, Yonkers.

He was ordained at St. Patrick's Cathedral by Cardinal Hayes on June 2, 1917. He was then assigned to St. Joseph's Parish. Kingston, and Sacred Heart Parish, Highland Falls. In 1920 he was commissioned a chaplain in the Navy.

Msgr. Murdock served at the Great Lakes Naval Training Station, then on the destroyer Melville at San Diego, Calif. In 1922-23 he was with the Navy Air Squadron there. During this period he qualified as a pilot. In 1924, he was transferred to the Marine base at Quantico, Va. He also served with the Marines during the revolution in Nicaragua until 1928.

When the keel of the aircraft carrier Lexington was laid at Quincy, Mass., in 1928, Msgr. Murdock became its first Catholic chaplain. He made the maiden cruise of the carrier which was sunk in the Pacific during World War 2. Ill health brought him back for a short time as assistant pastor of All Saints' Church, New York.

Cardinal Hayes named him pastor of Holy Trinity Chapel at West Point in April, 1932. Msgr. Murdock in 1934 built and equipped the Catholic rectory and community center there.

He was eleevated to Papal Chamberlain in 1943 and in 1945 to Domestic Prelate.

Holds No Thrills

Pageant No Fond Memory For 2-Time Miss America

By JOY MILLER
AP Women's Editor

NEW YORK (AP)—Mrs. Frederick Stanton Townley may or may not watch the finale of the Miss America contest on television Saturday night.

For her it holds neither the thrill of novelty nor the pleasure of remembrance.

As Mary Catherine Campbell she was Miss America in both 1922 and 1922, the contest's only two-time winner.

But to Mrs. Townley, still a good looking woman after years of several serious illnesses, that was a different time, a different country.

"None of it seems real. In Atlantic City they have a big picture of all of us on a pier, and I've stood there and looked up at the creature that was I and I think, 'She can't have ever had anything to do with me.'"

In a rare burst of reminiscence Mrs. Townley was discussing the contest over lunch.

"I like to sink into the background. I've been that way from the beginning."

The beginning was in Columbus, Ohio, where she was a straight-A high school girl, the only daughter of a certified public accountant. A beau entered her picture in the local contest and she became Miss Ohio.

Her mother accompanied her to Atlantic City "to guard me" and a Columbus Dispatch reporter, Mike Fanning, went along too.

Mary Catherine was 15 on May 9, "But since you were supposed to be 16, I was 16. I guess they won't make me give the Mermaid back now."

The Mermaid is a statue, real gold over bronze, that she said measures something less than a yard. It's now in the basement of their Manhattan home, but Mrs. Townley thinks a Columbus museum ought to have it. "It really belongs to the city. I'd be glad to give it up."

After the contests, movie and stage offers rolled in. Her mother rejected a Flo Ziegfield bid, allowed her to sing a little while on the Keith Circuit. "Sing? You couldn't hear me past the third row."

She returned home, studied at Ohio State and Ohio Wesleyan, cared for her mother, then an invalid, and in 1929, won a round-the-world trip selling tickets for the Ohio Exposition. In Ceylon she met the brother of her future husband who performed introductions.

"We were married in 1933 and I still think he's wonderful. I was very fortunate to get him."

He's a salesman for DuPont, and they have no children.

Fallout Due Over U. S. by Weekend From Red Blasts

By FRANK CAREY
Associated Press Science Writer

WASHINGTON (AP)—A government fallout expert said today the cloud of radioactive debris from the first of four recent Soviet nuclear tests is expected to cross the northern United States by this weekend.

Dr. Lester Machta of the U.S. Weather Bureau said he could not estimate when debris from the three later tests would reach this country. But that debris, together with some more from the first test, may pass over the entire country, he said.

No Greater Than Ours

Machta said some fallout will reach the earth wherever the radioactive cloud passes over—and will continue to as the cloud keeps circling the earth.

But he offered a qualified view that the amount of fallout deposited on the United States would be no greater from the first four Soviet tests "than it has been from any of our own test series in Nevada in the past."

He said this estimate is based on a hopeful assumption that none of the four devices exceeded 50,000 tons of TNT equivalent in explosive yield. He pointed out that the Atomic Energy Commission has given no specific figures on the estimated yields of the Soviet tests.

Machta, one of the nation's foremost researchers on fallout distribution, made the comments in explaining a map he prepared projecting the course of the fallout cloud from the first test last Friday.

The map traces the path of the cloud from west to east through a high level of the troposphere—the part of the atmosphere from the surface of the earth to about 50,000 feet.

Over Alaska Monday

Machta chose the 30,000 to 40,000 foot level because it has the strongest winds.

He said the cloud passed in a generally easterly direction from the central Asian detonation site—spanning the Asian mainland, then crossing the Bering Sea.

It crossed all of Alaska Monday and Tuesday and at the same time went over Western Canada.

Machta estimated that by Thursday, the cloud passed over Montana, Washington, Idaho and northern Nevada and the southern part of Canada.

Thereafter, he forecasts, it will move east over at least the northern half of the United States. By Sunday, it should begin passing over the Atlantic toward Europe.

Alert Says . . .

will reach gale force in a few squals tonight," the Weather Bureau said.

The weather map was smudged with two other storms—Hurricane Betsy, spinning north in the Atlantic 700 miles southeast of Cape Cod, Mass., and Tropical Storm Debbie, 650 miles west of the Cape Verde islands off the West African Coast.

Betsy offered no threat to the U.S. mainland and Debbie was too far away to be scouted by reconnaissance aircraft.

Threat to Coast

But Carla was an immediate threat to offshore oil operations in the Gulf of Mexico and to cities and towns on the coast.

Just where it would move inland was still a guess, but forecasters said Carla would continue moving between northwest and north-northwest for the next 12 to 18 hours.

Carla smashed into Cuba's western Pinar del Rio Province Thursday flattening 70 buildings and injuring 10 persons. Flood waters spread over a wide area and winds and water caused extensive crop damage as the storm moved out of the Caribbean Sea where it was spawned last Sunday and swept into the Gulf of Mexico.

Newburgh . . .

additional children. Even by starving their children, the mother could not support themselves on such sums."

Charge Smear Sheets

The report said, "An increasing number of anti-Negro smear sheets are being printed anonymously in New York City and designed for mailing and throwaway purposes at $1 per 100 copies. And these sheets are describing in detailed terms the Newburgh plan. . .

The league claims that 38 per cent of the families on relief in Newburgh are Negroes.

"Newburgh officials have offered not one single, verifiable statistic that an unbearable high relief load was caused by thriftless and shiftless families that came to the city to take advantage of a soft touch," the report said.

The league has been described by its officers as an interracial organization of some 50,000 persons, dealing with economic, social and welfare problems of the Negro and using professional people to gain community support.

A spokesman said the league has almost 7,000 volunteer, unsalaried workers in 53 cities in 30 states and the District of Columbia.

Esopus Republican Caucus Saturday

The Town of Esopus Republican caucus will be held at the Town Auditorium, Port Ewen, Saturday, September 9 at 8 p. m. for the purpose of nominating Republican candidates for supervisor, town clerk, tax collector, superintendent of highways, assessor for a four-year term, assessor for a two-year term, one justice of the peace and one councilman.

All enrolled Republicans of the Town of Esopus are urged to attend the caucus.

Police Continue Probe of Safe Break, Robbery

State police are still working on two robberies which occurred over the holiday weekend in Highland and New Paltz.

Clues are being checked by Senior Investigator A. Chieco and Investigator Roger Gardiner of the BCI at the Lake Katrine barracks into a break at the Continental Baking Company, North Road and Route 9W Highland sometime between 6:10 p. m. Saturday and 5 p. m. Monday. The burglars took $208.08 from the office safe after prying off the door with a large bar. They entered the building by prying open a rear window, state police said.

In New Paltz, State and local police are still looking for two white men who held up Harold King, an employe of the New Paltz Grand Union-Empire Market, forced him to drive some four miles to a secluded spot in Plattekill, handcuffed him to the steering wheel and then took about $7,000 in checks and some $500 in cash which King was carrying. He was on his way to the Huguenot National Bank, Main Street and North Manheim Boulevard when stopped.

State police said the response was good to an advertisement by the manager, Kenneth Swanson, asking all persons who cashed checks either Thursday or Friday of last week at the store to call the store. Swanson would like to know the origin of the checks cashed so that it will be possible to have checks canceled and new ones issued.

The checks are all non-negotiable because the store stamped them for deposit only in preparation for delivery to the bank.

Pickets Beat Up Own Leader at Fisher Body Firm

PITTSBURGH (AP) — Striking pickets at the Fisher Body Plant of General Motors Corp. in suburban West Mifflin attacked and beat their own union president and a Detroit management representative Thursday night.

John McCarrell, president of United Auto Workers Local 544, was turned on when he tried to escort Charles Latham, general personnel director of the Fisher Body Division in Detroit, through the picket lines.

Two other unidentified union men were roughed up in the fracas. None of the men needed medical attention.

McCarrell said: "The pickets turned on me because they are still plenty angry about the West Mifflin plant manager hitting one of our boys with a car. I didn't realize the boys were that sore."

A warrant has been issued for the arrest of the plant manager, Fred Hughes. He is charged with aggravated assault with an automobile and failure to stop at a scene of an accident after allegedly running down John L. Jones, 37, of Connellsville R.D. 2 Thursday morning.

Jones was reported in fair condition at Connellsville state Hospital.

The local union men walked off their jobs at the West Mifflin plant Wednesday morning despite the granting of a strike extension in Detroit. McCarrell says the local did not receive any word of the extension.

Broome Inventor Killed in Crash Of Light Plane

GREENE, N.Y. (AP)—Monroe H. (Gus) Sweet, 46, a Binghamton physicist and inventor, was killed today in the crash of his light plane at the airport in this Chenango County community.

Sweet, formerly a physicist for Ansco Corp. in Binghamton, was head of Quantametric Devices of Binghamton, which makes miniature automatic items. His home was just outside the city.

An airport spokesman said Sweet was flying low over the field in a warm-up before taking up two other men to make aerial photographs. The single-engined craft suddenly dropped, skidded and cartwheeled into a gas tank. Sweet was thrown from the plane to a sidewalk.

Stanley Gazda, a photographer who was to have gone up in the plane, quoted Sweet as saying before taking off:

"There's a new engine in this. Let me take it up first and warm it up."

Airport Manager Robert Barrows sprayed foam on the crash area, and no fire developed.

The cause of the crash was not determined. The plane's landing gear was not down.

Sweet kept two planes at the airport, which is favored by fliers of small planes because of its grassy field.

The number of Indians enrolled in colleges increased from 2,300 in 1955 to 3,800 in 1958.

Spectacular Dash

East German Rams Gate to Freedom

BERLIN (AP)—A young East German crashed his speeding station wagon through Communist barriers today and flashed through the Brandenburg Gate to West Berlin and safety.

Splintered wood flew and Red guards jumped for their lives as the driver gunned the engine for the spurt through the stone gate that symbolizes the city's division. The car strained against a thick coil of barbed wire, then snapped through and crossed the border.

It was the most spectacular escape in Berlin since the Communist fences went up Aug. 13. It took place at the most heavily guarded section of the border, under the noses of a dozen patrolling sentries with orders to shoot to kill.

The car came roaring down the famous Unter den Linden and slipped between two of the stone columns with just inches to spare on either side.

Once through, the driver, whose name was withheld by police, rolled to a stop opposite the Soviet war memorial.

At Helmstedt, a check point on the West German border some 100 miles away, five persons attempting to flee East Germany were not so lucky in another spectacular break for freedom Thursday night.

Their truck smashed into a car before it could cross the border. The driver of the car was killed and a passenger was injured. Communist police led the would-be gate crashers away at gunpoint.

Liberals . . .

ing a write-in campaign for an "undesignated" candidate.

St. John Pleased

In referring to Thursday's primary election, Howard C. St. John, recently appointed acting Republican city chairman, to succeed Judge John B. Sterley, said he was "highly pleased" with the results of the Primary Election.

St. John pointed out that the Republican Party had won its "primary objective" by getting ward candidates in the Third, Sixth and Ninth wards. He said the Republican Party now has a full city ticked and he also pointed out that the Republican Party now has the Liberal Party endorsement in a third of the city wards.

"I am highly pleased and grateful over the support given supervisor and alderman candidates by the rank and file voters," St. John said.

There were no Republican Party contests in the city.

In the Fourth ward where Supervisor Joseph J. Turck, (D), was replaced on the Democratic ticket at the ward caucus by Michael W. Melnik, former Sixth ward Democratic supervisor, there was no contest. Turck, who has announced he will run as an independent, has until September 19 to file as an Independent candidate. Melnik also has the Liberal Party designation in the Fourth ward.

Contest for Delegates

In a county wide contest for delegates to the Democratic State Judicial convention, it was apparent today from incomplete returns that the independent move sponsored by Supervisor George Majestic (D), Gardiner, and backed by Democratic Committeeman Joseph Reid of the First District of Rosendale, was doomed to defeat.

Majestice sought to have "laymen" delegates named to the Judicial convention in opposition to the regularly named Democratic organization slate of attorneys.

In the Thirteenth Ward of Kingston the Reid followers cast 32 votes for his slate of laymen while the regularly named slate received only 2 votes.

In the First District of Rosendale, Joseph Reid's own district the regular slate of delegates received approximately 35 votes and the Majestic slate received 59 votes, with Reid, who was one of the insurgent delegates, received 61 votes in his district.

Reid by Three Votes

In the election of Democratic committeemen, Reid in his First district won out as Democratic committeeman by only three votes. Rosendale has been the seat of considerable opposition to the "regular" Democratic Party rule, headed by County Chairman William A. Kelly. It was reported today that the Town of Rosendale now stood four "Kelly Democrats" and two "Reid Democrats."

Scattered returns from Kingston city today indicated the Majestic slate for Judicial delegates was being defeated nearly four to one and in the county well over two to one. In 36 districts in the county which had filed returns shortly before noon, the regularly nominated Judicial delegate wa sleading by 475 votes to 277 for the Majestic slate.

Carl Reed, professor of art education at the college here, has resigned from his position, a position he has held for several years, to continue his work as an educational consultant and to do research. He is currently completing an extensive history of art which is to be published this coming winter. The Reed family will continue to live in New Paltz.

Friday, Sept. 8, the Abraham Hasbrouck House on the Modena Road, opened officially as a museum, sponsored by the Hasbrouck Family Association. The house is owned by the Huguenot Historical Society of New Paltz, Inc.

During the month of September and for part of the month of October, the house will be open from 10 a. m. until 5 p. m. Fridays, Saturdays, and Sundays. Due to the fact that the museum will be under repairs in the near future, only part of it will be available for the public to visit.

New Paltz placed first in the first annual swim meet held here last Saturday at the Mike Moriello Park. The three directors, Edward Sagarese of Highland, Arthur Stockin of Kerhonkson, and William Russell of New Paltz, hope to have more of these types of meets next year.

Double winners for New Paltz were Margie Guiselman, Robert Philips, Laury Ashton and Dennis Martin. Other firsts for New Paltz were scoored by Linda Ashton, Pudge Gerrick and Patsy Banks.

There will be sewing for Church World Service with Mrs. Gerret Wullschleger as leader Thursday, Sept. 14, at 10:30 a. m. in the Fellowship Lounge of the Education Building. Bible study 1:30 p. m. will be under the leadership of the Rev. Roger Leonard.

Smoke Fills Attic

A condition attributed to a faulty electric line caused accumulation of smoke in the attic of a house occupied by Ronald Swark at 23 St. Mary's Street last night. The fire hazard was discovered at about midnight and firemen were called at 12:01 a. m., with units from Central and Cornell Stations responding. The Central Hudson Gas & Electric Corp., and the electrical inspector were notified, and current was shut off. Hose lines were laid, but were not needed. Chief James M. Brett and Deputy Chief Edwin P. Murphy were in charge.

Tension Holding Up Release of Powers: Nikita

NEW YORK (AP)—Soviet Premier Khruhchev says Francis Gary Powers may be released before his 10-year sentence is up but international tension makes it impossible to free the U2 pilot from his Soviet prison right now.

Khrushchev told C. L. Sulzberger of the New York Times in an interview published today that "Powers himself is not of such value that we would consider it necessary to make him serve his full sentence."

Powers was shot down over the Soviet city of Sverdlovsk on May 1, 1960, and subsequently convicted as a spy. His case contributed to the breakup of the Paris summit conference several weeks later, with Khrushchev demanding that President Eisenhower apologize for the flight.

To Draft 20,000 For Army in Oct.

WASHINGTON (AP) — Twenty-thousand men will be drafted into the Army next month.

The October call, announced on Thursday by the Defense Department, is the second largest since the end of the Korean War. The largest is this month's call for 25,000.

As usual, the Air Force, Navy and Marine Corps will not draw from the draft.

The draft was stepped up sharply last month, shortly after President Kennedy said quotas might be doubled or tripled in a U.S. military buildup. The August call, originally 8,000, was expanded to 13,000 and heavy September and October calls followed.

Msgr. Murdock Dies, Formerly At West Point

Msgr. George G. Murdock, whose first assignment following his ordination to the priesthood was at St. Joseph's Church, this city, died Thursday in the rectory of Sacred Heart Church, Mount Vernon, where he was pastor.

Msgr. Murdock, who was 71 years old, was former Catholic Chaplain at the United States Military Academy. He served as pastor of Holy Trinity Chapel, West Point from 1932 to 1948. In recognition of his devotion to duty, he was honored on his departure in August, 1948 with a full-dress parade of cadets and officers of the academy. He was affectionately known as "the Padre." His military career included service with Army, Navy, Marine Corps and the Air Force.

A pontifical Mass will be celebrated Monday at 11 a. m. at Sacred Heart Church. Burial will be at West Point Cemetery.

After preparatory schooling at St. Vincent's in Philadelphia, he completed theological studies at St. Joseph's Seminary, Dunwoodie, Yonkers.

He was ordained at St. Patrick's Cathedral by Cardinal Hayes on June 2, 1917. He was then assigned to St. Joseph's Parish. Kingston, and Sacred Heart Parish, Highland Falls. In 1920 he was commissioned a chaplain in the Navy.

Msgr. Murdock served at the Great Lakes Naval Training Station, then on the destroyer Melville at San Diego, Calif. In 1922-23 he was with the Navy Air Squadron there. During this period he qualified as a pilot. In 1924, he was transferred to the Marine base at Quantico, Va. He also served with the Marines during the revolution in Nicaragua until 1928.

When the keel of the aircraft carrier Lexington was laid at Quincy, Mass., in 1928, Msgr. Murdock became its first Catholic chaplain. He made the maiden cruise of the carrier which was sunk in the Pacific during World War 2. Ill health brought him back for a short time as assistant pastor of All Saints' Church, New York.

Cardinal Hayes named him pastor of Holy Trinity Chapel at West Point in April, 1932. Msgr. Murdock in 1934 built and equipped the Catholic rectory and community center there.

He was eleevated to Papal Chamberlain in 1943 and in 1945 to Domestic Prelate.

Ramapo Catskill Library System Grants $200 Aid

For the second consecutive year the board of trustees of Ramapo Catskill Library System is granting $200 in book aid to each of its 36 member libraries in Orange, Rockland, Sullivan and Ulster Counties.

Books available to member libraries will be displayed at three meetings, September 13 at Newburgh Free Library, Sept. 20 at West Nyack Library and Sept. 27 at Eldred.

The book grant program is intended to serve as an incentive to local libraries to increase their book stock. For the first time an additional $50 grant is being awarded those libraries which have increased their book budgets by 25 per cent over the previous year.

The choice includes reference books and outstanding publications from 1960 and 1961. In addition, Marian Milk, children's consultant for the Ramapo Catskill Library System, will present preview copies of children's books at each of the September meetings as an aid to selection of materials by librarians for their own library collection.

SS Card Found in Georgia But Po'keepsie Girl Safe

POUGHKEEPSIE, N.Y. (AP)—Barbara Ann Shaw is safe in Poughkeepsie despite the fact that a Social Security card bearing her name was found in Dalton, Ga.

Dutchess County Sheriff Lawrence Quinlan said Thursday night that he had not talked with Barbara, 16, but "we know she's here, and she did lose her wallet." Quinlan said he planned to phone Georgia officials that Barbara was safe at home.

A woman's purse, the Social Security card, and a shawl with the name Barbara on it, were found Wednesday in a blood-stained car by Dalton authorities during a routine check.

Sheriff Donald McArthur of Dalton said Thursday the car bore a Texas license plate and was in possession of a 20-year-old youth, not identified.

McArthur also said a pair of blood-spotted men's trousers was found in the trunk of the auto. He added that other blood spots were detected in the front seat by the driver's side.

Home of Actor Horton Burns at Lake George

LAKE GEORGE, N.Y. (AP)—Fire has destroyed the summer home of actor Edward Everett Horton.

The two-story frame structure on Warner Bay, 10 miles north of this resort village, was built in the 1830s. Horton had owned it for more than 20 years.

The building was unoccupied at the time of the fire Thursday.

The cause of the fire was not known and an estimate of the damage was not available.

Gilman to Head Transit Office For Three States

NEW YORK (AP) — Roger H. Gilman, director of port development for the Port of New York Authority, has been named executive director of the Tristate Transportation Committee.

The appointment of the 47-year-old Gilman, of Plainfield, N.J., was announced Thursday by Govs. Nelson A. Rockefeller of New York, Robert B. Meyner of New Jersey, and John M. Dempsey of Connecticut.

Gilman will be on leave from the authority while working for the 11-member committee, which was set up Aug. 30 to coordinate the development of transportation facilities in the Tri-State New York City metropolitan area. He will begin work immediately.

Gilman's salary will be paid by the port authority.

1,154 Red Roses Sold as of 7th By Kiwanis Club

Hundreds of dozens of red roses will be distributed in Kingston and vicinity on Saturday, Sept. 23, as the Kingston Kiwanis Club Rose Day project terminates.

According to John Haulenbeek and Herbert DeKay, co-chairmen of the Rose Day event, a total of 1154 dozen red roses have been sold by Kiwanis Club members, as of the September 7 report day.

The project was inaugurated by the Kiwanis Club to bolster its funds used in the boys and girls work program of the service club. In excess of a thousand dollars will be realized for the youth fund, said Chairman Haulenbeek, and hundreds of people will at the same time be the recipients of a dozen of red roses on September 23.

Distribution of the roses will be made by members of the Kiwanis Club under the supervision of Harold Heider.

Other Events

Announcements at the Thursday luncheon also included preliminary plans for the 40th anniversary celebration and Canadian Club visit on October 7, and the coming Kiwanis Kapers under the direction of Howard St. John, vice president of Kiwanis.

St. John's to Resume Church School Classes

Sunday 10:30 a. m. the church school of St. John's Episcopal Church, Albany Avenue, will résume sessions for the fall and winter season the Rev. Robert T. Shellenberger, rector announced this morning.

Wesley Hyatt church warden and superintendent of the school will be in charge assisted by a staff of teachers and assistants.

The rector also announced that in conjunction with the opening of the church school the Saturday morning classes will be resumed as follows, for acolytes at 10 a. m. and for Altar Guild at 11 a. m. All young men and young women interested in this way of serving their church should communicate with the rector immediately.

As instituted two years ago the late service will be held at the same time as the church school so that parents will be able to worship at the same hour.

Upside Down Contradictions

Both Sides Are Guilty Of Myths About Berlin

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The ominous jockeying over Berlin has its roots in one of the strangest combinations of upside-down contradictions in modern history.

The United States persists in treating as a myth a fact it has long accepted as a reality: that the East German Communists are the sovereign government of East Germany.

Chancellor Adenauer's West German government persists in wanting East and West Germany unified while knowing Premier Khrushchev won't permit it and many of his allies' people don't want it because they fear a new, single Germany.

Khrushchev persists in picturing the East German Red regime as what the East Germans want while fearing to test it in free elections and knowing it could not last a day without the help of Soviet tanks which set it up in the first place.

It's out of this mish-mash that some kind of settlement must come if war is to be avoided. What Khrushchev is really after, when you brush aside the speeches and maneuvering, seems 'to come down to this:

He wants the West to recognize—admit openly—that communism not only dominates Central Europe up to the West German frontier, as it does, but in effect not to challenge it further by arguing about it.

He wants Berlin cut off from the West. On this he can take his time, over months, snatching bit by bit. This Western outpost, 110 miles inside Red Germany, is truly a bone in his throat, as he says.

He wants, judging from his harsh and ruthless tactics now, not only to force the Allies to recognize East Germany but to bring them to their knees with their confidence in themselves and one another shattered.

This could pay fantastic dividends for him by breaking up the Western alliance eventually. What he says he wants—in demanding recognition for East Germany—is security in Central Europe.

He'd get that and more if he forced the Allies into recognition.

Any satellite peoples who still hoped to shake off the Russian yoke some day—hope based on bygone American talk of liberation for them—would see their last hope gone.

And Western recognition of East Germany would put a crimp in West German politicians who have held out to their people the dream of a united Germany.

The United States has refused recognition of the East German Red government on the grounds that it is strictly a Russian puppet, which it is. But so are all the satellite countries.

Fact Recognized

It's a myth for this country to pretend—a myth repeated in the case of the Red Chinese—that the German Reds don't run East Germany. They run it, even though under the Russian thumb. And this country in effect recognizes that fact:

1. When the East German Reds shut off East Berlin to stop the flow of refugees to the West, the United States didn't lift a finger to stop them.

2. Of all the traffic moving from the West across East Germany to West Berlin, 95 per cent is civilian. The East German Reds control all that traffic. The United States doesn't do anything to say they can't. The remaining 5 per cent of traffic to West Berlin is military and the Russians control that.

So, recognizing the East German regime wouldn't change much in actual practice. The West's great defeat in doing so would be their retreat from the principle, or the myth, that the East German Reds don't run East Germany and, as a government, don't exist.

Khrushchev says the West does not have to sign a peace treaty with the East Germans if they don't want to. This is sardonic since he says: If they don't sign a treaty they'll have to ask the East Germans' permission to move back and forth to Berlin.

So no matter what face the West puts on it, this much is sure: If they have to make agreements with the East German Reds about traffic to and from Berlin they will, for all practical purposes, be recognizing them.

Khrushchev's pretense that the Red East Germans truly represent the feelings of the East Germans was shot to pieces by the flood of refugees. So he doesn't dare permit them to vote on what they want.

He talks of letting the two Germanies decide between them about their future. But this is a farce, too. He'd never permit it if it meant a united Germany, even under communism, because then it would be, next to Russia, the greatest power in Europe.

Disagreement Is Threat to Defense Building Measure

WASHINGTON (AP) — A disagreement among Senate-House conferees threatens to delay passage of a multi-million-dollar appropriation bill for military onstruction at home and abroad.

Senate members refused Thursday to abandon their attempts to appropriate $3.8 million for transfer of the Quartermaster Corps Food and Container Institute from Chicago to the Research and Engeneering Center at Natick, Mass.

The House members have rejected the item.

Compromises have been reached on all other items in dispute between the Senate and the House.

The compromises include: New York—Army; $4,222,000 for the U.S. Military Academy, West Point.

SS Card Found in Georgia But Po'keepsie Girl Safe

POUGHKEEPSIE, N.Y. (AP)—Barbara Ann Shaw is safe in Poughkeepsie despite the fact that a Social Security card bearing her name was found in Dalton, Ga.

Dutchess County Sheriff Lawrence Quinlan said Thursday night that he had not talked with Barbara, 16, but "we know she's here, and she did lose her wallet." Quinlan said he planned to phone Georgia officials that Barbara was safe at home.

A woman's purse, the Social Security card, and a shawl with the name Barbara on it, were found Wednesday in a blood-stained car by Dalton authorities during a routine check.

Sheriff Donald McArthur of Dalton said Thursday the car bore a Texas license plate and was in possession of a 20-year-old youth, not identified.

McArthur also said a pair of blood-spotted men's trousers was found in the trunk of the auto. He added that other blood spots were detected in the front seat by the driver's side.

Home of Actor Horton Burns at Lake George

LAKE GEORGE, N.Y. (AP)—Fire has destroyed the summer home of actor Edward. Everett Horton.

The two-story frame structure on Warner Bay, 10 miles north of this resort village, was built in the 1830s. Horton had owned it for more than 20 years.

The building was unoccupied at the time of the fire Thursday.

The cause of the fire was not known and an estimate of the damage was not available.

Gilman to Head Transit Office For Three States

NEW YORK (AP) — Roger H. Gilman, director of port development for the Port of New York Authority, has been named executive director of the Tristate Transportation Committee.

The appointment of the 47-year-old Gilman, of Plainfield, N.J., was announced Thursday by Govs. Nelson A. Rockefeller of New York, Robert B. Meyner of New Jersey, and John M. Dempsey of Connecticut.

Gilman will be on leave from the authority while working for the 11-member committee, which was set up Aug. 30 to coordinate the development of transportation facilities in the Tri-State New York City metropolitan area. He will begin work immediately.

Gilman's salary will be paid by the port authority.

Sept. 17 Steuben Day

ALBANY, N.Y. (AP)—Sept. 17, the 213th anniversary of the birth of Gen. Baron Friedrich Wilhelm von Steuben, will be Steuben Day in New York State.

In a proclamation Thursday, Gov. Rockefeller said the Revolutionary War hero "helped to mold the brave but untrained forces commanded by Gen. Washington into a victorious, professional army."

State Selling Seedlings

ALBANY, N.Y. (AP)—The state is selling 35 million seedlings this year for reforestation of private land.

The price is $10 per thousand.

The seedlings cannot be used for landscaping, only reforestation.

1,154 Red Roses Sold as of 7th By Kiwanis Club

Hundreds of dozens of red roses will be distributed in Kingston and vicinity on Saturday, Sept. 23, as the Kingston Kiwanis Club Rose Day project terminates.

According to John Haulenbeek and Herbert DeKay, co-chairmen of the Rose Day event, a total of 1154 dozen red roses have been sold by Kiwanis Club members, as of the September 7 report day.

The project was inaugurated by the Kiwanis Club to bolster its funds used in the boys and girls work program of the service club. In excess of a thousand dollars will be realized for the youth fund, said Chairman Haulenbeek, and hundreds of people will at the same time be the recipients of a dozen of red roses on September 23.

Distribution of the roses will be made by members of the Kiwanis Club under the supervision of Harold Heider.

Other Events

Announcements at the Thursday luncheon also included preliminary plans for the 40th anniversary celebration and Canadian Club visit on October 7, and the coming Kiwanis Kapers under the direction of Howard St. John, vice president of Kiwanis.

St. John's to Resume Church School Classes

Sunday 10:30 a. m. the church school of St. John's Episcopal Church, Albany Avenue, will résume sessions for the fall and winter season the Rev. Robert T. Shellenberger, rector announced this morning.

Wesley Hyatt church warden and superintendent of the school will be in charge assisted by a staff of teachers and assistants.

The rector also announced that in conjunction with the opening of the church school the Saturday morning classes will be resumed as follows, for acolytes at 10 a. m. and for Altar Guild at 11 a. m. All young men and young women interested in this way of serving their church should communicate with the rector immediately.

As instituted two years ago the late service will be held at the same time as the church school so that parents will be able to worship at the same hour.

Upside Down Contradictions

Both Sides Are Guilty Of Myths About Berlin

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The ominous jockeying over Berlin has its roots in one of the strangest combinations of upside-down contradictions in modern history.

The United States persists in treating as a myth a fact it has long accepted as a reality: that the East German Communists are the sovereign government of East Germany.

Chancellor Adenauer's West German government persists in wanting East and West Germany unified while knowing Premier Khrushchev won't permit it and many of his allies' people don't want it because they fear a new, single Germany.

Khrushchev persists in picturing the East German Red regime as what the East Germans want while fearing to test it in free elections and knowing it could not last a day without the help of Soviet tanks which set it up in the first place.

It's out of this mish-mash that some kind of settlement must come if war is to be avoided. What Khrushchev is really after, when you brush aside the speeches and maneuvering, seems 'to come down to this:

He wants the West to recognize—admit openly—that communism not only dominates Central Europe up to the West German frontier, as it does, but in effect not to challenge it further by arguing about it.

He wants Berlin cut off from the West. On this he can take his time, over months, snatching bit by bit. This Western outpost, 110 miles inside Red Germany, is truly a bone in his throat, as he says.

He wants, judging from his harsh and ruthless tactics now, not only to force the Allies to recognize East Germany but to bring them to their knees with their confidence in themselves and one another shattered.

This could pay fantastic dividends for him by breaking up the Western alliance eventually. What he says he wants—in demanding recognition for East Germany—is security in Central Europe.

He'd get that and more if he forced the Allies into recognition.

Any satellite peoples who still hoped to shake off the Russian yoke some day—hope based on bygone American talk of liberation for them—would see their last hope gone.

And Western recognition of East Germany would put a crimp in West German politicians who have held out to their people the dream of a united Germany.

The United States has refused recognition of the East German Red government on the grounds that it is strictly a Russian puppet, which it is. But so are all the satellite countries.

Fact Recognized

It's a myth for this country to pretend—a myth repeated in the case of the Red Chinese—that the German Reds don't run East Germany. They run it, even though under the Russian thumb. And this country in effect recognizes that fact:

1. When the East German Reds shut off East Berlin to stop the flow of refugees to the West, the United States didn't lift a finger to stop them.

2. Of all the traffic moving from the West across East Germany to West Berlin, 95 per cent is civilian. The East German Reds control all that traffic. The United States doesn't do anything to say they can't. The remaining 5 per cent of traffic to West Berlin is military and the Russians control that.

So, recognizing the East German regime wouldn't change much in actual practice. The West's great defeat in doing so would be their retreat from the principle, or the myth, that the East German Reds don't run East Germany and, as a government, don't exist.

Khrushchev says the West does not have to sign a peace treaty with the East Germans if they don't want to. This is sardonic since he says: If they don't sign a treaty they'll have to ask the East Germans' permission to move back and forth to Berlin.

So no matter what face the West puts on it, this much is sure: If they have to make agreements with the East German Reds about traffic to and from Berlin they will, for all practical purposes, be recognizing them.

Khrushchev's pretense that the Red East Germans truly represent the feelings of the East Germans was shot to pieces by the flood of refugees. So he doesn't dare permit them to vote on what they want.

He talks of letting the two Germanies decide between them about their future. But this is a farce, too. He'd never permit it if it meant a united Germany, even under communism, because then it would be, next to Russia, the greatest power in Europe.

Disagreement Is Threat to Defense Building Measure

WASHINGTON (AP) — A disagreement among Senate-House conferees threatens to delay passage of a multi-million-dollar appropriation bill for military onstruction at home and abroad.

Senate members refused Thursday to abandon their attempts to appropriate $3.8 million for transfer of the Quartermaster Corps Food and Container Institute from Chicago to the Research and Engeneering Center at Natick, Mass.

The House members have rejected the item.

Compromises have been reached on all other items in dispute between the Senate and the House.

The compromises include: New York—Army; $4,222,000 for the U.S. Military Academy, West Point.

FLOWER IN THE NETTLE

Shakespeare, as was generally true, knew what he was talking about when he had one of his characters say, "Out of this nettle, danger, we pluck this flower, safety." Those words have been applied to many and various situations during the past four centuries. They are apt, once again, in connection, with the Soviet Union's announcement that it intends to resume tests of nuclear weapons.

It would be senseless to pretend that this is not a most serious, fateful action. It brings to an end the three-year moratorium that slowed down, if it did not entirely halt, development of the most fearful weapons ever devised. It brings to an end the period when men could hope that there would be no further poisoning of the world's atmosphere with radioactive fallout.

The Kremlin's blunt withdrawal from talks seeking agreement on a nuclear test ban also serves grim notice that the Soviet Union will attempt to terorize the world into submission. And this action will most certainly force the United States to resume nuclear tests in the interests of national security.

That is the nettle. And the flower to be plucked from this most deadly nettle? The flower is an unparalleled opportunity to brand the leaders of the Soviet Union as men zealous to serve their own thirst for power and domination no matter what the cost to civilization.

These men have now, more callously than ever in the past, shown their disregard — their contempt — for humanity's dream of a peaceful world. It is up to the United States and other nations of the West—led off, most fittingly, with an address by President Kennedy to the United Nations General Assembly—to sound the changes on this truth so that all men may hear and understand.

A COUPLE OF TABLETS

The other day a Minneapolis window washer's safety belt snapped and he dangled unconscious high above the street before rescuers got him down. Released from the hospital after treatment of a head cut, he discovered that the doctor had prescribed medication somewhat lacking in glamor—aspirin!

Which brings us, in roundabout fashion, to a few remarks about this common useful drug. The fact is that these very qualities raise a danger flag warning against abuse or ove-use of aspirin.

In many homes, when anyone develops a headache or some minor discomfort a couple of aspirin tablets are the standard treatment. Physicians generally find no fault with that. But they balk at the kind of self-diagnosis that calls for repeated aspirin dosage, perhaps over a period of several days. They warn that aspirin may hide symptoms of serious trouble, particularly where there is fever, and that too much of it may be harmful.

Too much of it, indeed, may cause death. That is why aspirin should be kept safe from childish hands. Aspirin is a remarkably beneficial drug—but only when properly used.

THE BITTER TASTE

There is little difference between disillusionment and the beginning of wisdom. Witness the boy who ventures his own money for the first time on one of the various "games of skill" at a carnival or fair. He tries repeatedly to win a stuffed animal, say, or a hunting knife. But somehow he never manages to pop enough balloons, or to get enough balls into the basket or rings on the peg. Finally he leaves, maybe with a consolation prize worth a few cents.

It is only later that disillusionment comes—realization that he has been had, and that hardly anyone wins. Wisdom comes later still. And when it does come the taste of it is like the bitter taste of disillusionment at first. But no one has ever figured out how to get the one without the other.

Life is what we make it. This is not to be confused with how much we make.

'These Days'

BRAZIL

It has become habitual to speak of two continents as though they contained only one country. Africa is an area of varied peoples; South America is even more complex. There was a time when the entire continent south of the United States was referred to as Spanish-America, which it was not. The largest state and in many respects the most important of South America is Brazil, principally Portuguese in language and atmosphere.

Brazil is 3,300,000 square miles in size, the fourth largest country in the world. The people are mixed aborigines (called Indians), Portuguese, Negroes, Italians, Germans. The Portuguese never practised racial discrimination and therefore since 1500, there has been constant assimilation. It was the sugar cane which first interested the Portuguese in Brazil. They brought the cane from their native land and found that the soil of Pernambuco was suitable for the crop. During the 16th and 17th centuries, Brazil was the world's chief supplier of sugar. It was this crop which gave the country its economic start, but as there was insufficient labor, Negroes were imported from Africa.

The land-owners were extraordinarily rich and this attracted the attention of Europe. The French and the Dutch tried to establish themselves in Brazil but they did not last long.

In due course, gold, silver and diamonds were found in Brazil. At one time more than 40 per cent of the gold of the Earth was found in Brazil.

Brazil became a republic in 1889 and has since suffered from considerable political disturbance. In 1930, Getulio Vargas, a strong man, became President and served until 1954 when, during a political crisis, he committed suicide. His place was taken by Juscelino Kubitschek in 1956. He was followed in 1961 by Janio Quadros who was elected by a popular vote, but who resigned a few weeks ago because he could not meet the pressures of inflation and popular dissatisfaction.

The future of Brazil depends upon the development of the interior, the vast Amazon basin, a region of great potential economic wealth. The principal crop of Brazil is presently coffee. President Kubitschek sought to vary the productivity of the country. One of his methods of opening the interior was the building of a new city, Brasilia, which serves as the capital of the country and from which modern roads run in all directions. In addition, air service has been developed beyond anything that could be expected in such a country.

To pay for all this, Brazil entered upon a program of wild inflation, the cruzeiro falling from 20 to the dollar to about between 220 to 240 to the dollar. It is the fall of the cruzeiro which is causing most of the trouble in Brazil at the present time and of which the Communists are taking full advantage.

The building of Brasilia is an excellent idea but the Brazilians have tried to fit a 50 year program into as many months. In fact, Brasilia, as is it laid out and as the buildings are going up, is the most modern, the most highly developed city in the world. The creation of Brasilia has in no manner interfered with the growth of Rio de Janeiro or Sao Paulo. In fact, all of Brazil is on a costly building spree. The potentialities of this country are beyond imagination. Brazil is rich in all minerals, in food products, in woodlands.

The present revolution could, of course, arrest Brazil's development. This struggle is between Left Wing groups associated with Cuba and Red China and the conservative military forces of the country. The Left Wing elements are associated with Castro and their victory would extend Castro's influence throughout South America. Should the military prevail, they will be forced to establish some type of dictatorship to hold the country together and to resist Communist influences.

To keep the Soviet world out of Brazil, it is essential for the United States to act swiftly. Brazil borders on Colombia, Peru, Bolivia, Paraguay, Uruguay, Argentina, Venezuela and the Guianas. A basic political and ideological change in Brazil cannot but affect all these countries.

Brazil, like all the countries of Latin America, is intensely Roman Catholic. This leads to the false conclusion that Left Wing efforts cannot prevail in such a country. The evidence is to the contrary, namely, Left Wing revolutions of varying intensity have developed in the countries where Roman Catholicism is most deeply entrenched.

From the Front Lines In Rheumatism Battle—

By HAROLD T. HYMAN, M.D.
Written for
Newspaper Enterprise Assn.

The recent meeting of th American Rheumatism Assn. yielded a number of interesting observations. Unfortunately none that offered more than symptomatic relief to those who are presently afflicted with joint disturbances.

Here are some of the highlights of the meeting:

Although many patients with arthritis feel increasing discomfort and pain in bad weather and note improvement when the air becomes hot and dry, efforts to confirm these observations in a scientifically controlled climate chamber proved unavailing.

Ten patients spent a total of 242 days in the chamber. The effects of varying temperatures and barometric conditions were studied. But no single climatic factor could be shown to produce any consistent change in the affected joints. Nevertheless, the experimenters still believe (as do most arthritics) that weather conditions influence both joint swelling and joint pain.

The child who does not develop a heart complication during the course of an acute attack of rheumatic fever will probably not develop this complication at a later time.

Therefore, the physicians of New York's Irvington House do not recommend a long period of bed rest for the youngster whose heart appears normal during and immediately after the acute attack. Thus both patient and parents are relieved of the drain of extended convalescence and of the fear of future difficulties.

A newly developed compound, epsilon amino caproic acid (EACA), may prove of great value in the prevention and treatment of the most crippling form of arthritis (rheumatoid) and related diseases.

Unfortunately, the manufacturer of EACA (Editors: FYI, it is Lederle Laboratories, a division of the American Cyanamid Co.) warns that (1) the compound is not available for commercial distribution, so don't ask your doctor to prescribe or obtain it for you; (2) the reported results are based on too few experiences on which to base definite conclusions; and (3) reports issued by investigators, other than those who addressed the meeting, are less hopeful than those presented by the original group.

So, if you come across any breathless reports of a "miracle drug," better not let your expectations soar too high. Because the time has not yet come when you can throw away your bottle of aspirin tablets.

"Okay, Who's the Wise Guy?"

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON—(NEA) — President Kennedy's statement opposing a steel price increase is regarded as a hope and a prayer.

It is not an order. It is not binding on the steel industry because the President has no authority to enforce it.

Congress will probably be out of town Oct. 1 when the steel industry puts into effect the wage increase averaging 7.8 cents an hour, authorized by the January 1960 contract.

CALLING CONGRESS INTO SPECIAL SESSION to pass a price rollback law would not be popular and might not succeed. It would give the Republicans in Congress an opening to argue that the steel industry was being discriminated against.

This would be done in spite of the fact that a group of liberal senators under the leadership of Albert Gore, D-Tenn., is beating the drum to stop a steel price rise before it's announced.

The senators' main argument now is that a steel price boost now would be the start of another inflationary spiral causing all prices to rise, and wages with them. The only remedy Gore and his associates have suggested is moral suasion by the President, which he has now exercised.

All these techniques have been tried before and failed.

BEFORE WORLD WAR II, before there were price controls, President Roosevelt sent Leon Henderson to tell the steel masters that if prices were raised, Congress would be asked to roll them back. Prices went up. Congress was not asked to roll.

But after the war began. Congress did pass price control and wage stabilization laws. In spite of this wages went up under the "little steel formula." Prices went with them.

During the Korean War when another economic stabilization law was in effect, the government told industry it could not have price increases to cover wage increases. The steel companies fought it. They got their increase.

Ever since the end of World War II the steel industry has been under attack in Congress by both parties for alleged management of the price structure, controlling prices by market demands without relation to production costs.

The late Sen. Robert A. Taft began this as chairman of the Joint Economic Committee. Sen. Estes Kefauver continued it as chairman of a judiciary subcommittee on monopoly.

When the 1960 steel wage contract was signed the business recession of that year was not foreseen. The delayed wage increase authorized was considered in line with expected increases in industrial productivity. That would have tended to help industry absorb the wage increase cost without a price rise.

But productivity went down in the depression. Steel production dropped as low as 45 per cent of capacity and only recently has gone above 70 per cent.

IF THE CURRENT BUSINESS PICKUP continues, steel production and productivity will both go up further. Some government economists argue that under these conditions steel will be able to absorb the Oct. 1 wage rise without increasing prices.

Increased government spending is an important factor in keeping this boom going. The stepped-up defense program is not considered a big steel consumer. Most of the money is going for missiles and aircraft which call for light metals, alloys and specialty steels not produced in great volume.

The big bulk of the increased steel business coming from government money will be in public works, highways and housing programs. Full effect of this demand hasn't yet been felt.

There are other conditions within the industry, however, which have considerable bearing on steel price levels.

Tin plate is meeting more and more competition from aluminum and plastic containers, which keep plate prices down. On the other hand, steel has a near-monopoly on structural shapes, nails and wire. It would be easier to raise their prices.

But here again, U. S.-produced reinforcing bars are meeting increased competition from foreign production, particularly Japanese. That tends to hold down all steel prices.

A final important factor of government action is that the vigourous antitrust law enforcement policies of Department of Justice and Federal Trade Commission make any price increases vulnerable to investigation and bad publicity.

U. S. Is Urged to Get Truth Through to Russian People

By DAVID LAWRENCE

Every one in America would back up almost any effort President Kennedy might make to avert another world war and to bring about a reduction in the current cost of "peacetime" armaments.

But, as so often happens when governments get bogged down in the rituals of diplomacy, the obvious is overlooked. Reliance is too often placed on strong talk to the Kremlin about bigger and better weapons or the mobilization of armies. But this doesn't reach the Russian people.

Today the most obvious fact staring the whole world in the face is that a dictatorship exists in the Soviet Union which lies to its own people by completely distorting and misrepresenting the viewpoint of the western countries. This is not an academic matter for the Russians either. For if war comes, millions of them will lose their lives.

Yet the United States government is falling down badly in communicating its views to the people behind the Iron Curtain. The excuse usually offered is that it is hard to penetrate Communist-controlled areas and that radio broadcasts can be "jammed." This is partly true, but there are ways of reaching into the Soviet Union if a massive effort were made by the United States.

It seems incomprehensible that in a country like America, where publicity and advertising have reached such a high degree of effectiveness, the government itself should be fumbling and bumbling in presenting its views to the world. President Kennedy has an alert mind, and he fully understands the art and value of publicity in domestic polities. It is a mystery why he has allowed the publicity of the United States government abroad to be neglected.

It is not a question of which individuals should manage the U. S. Information Agency or how much staff the "Voice of America" itself should have for its broadcasting operations. There is need for a vigorous and aggressive policy with a powerful directive from the President of the United States which would authorize direct appeals to the people of the Soviet Union. The bureaucrats may oppose it, but they are not realistic in view of the threat that faces the world.

The existing directives, for instance, are based on a pussyfoot policy of forbearance. They provide that care should be taken not to seem to be dealing with internal affairs in Russia. So broadcasts are made in vague and abstract jargon, designed mostly to reach so-called "intellectuals." Highbrow lectures are offered to such an audience, when simple truths need to be stressed to publicize the current behavior of Khruhchev.

Today, when the world faces the possibility of a nuclear war, is not the time to handle America's viewpoint with tenderness or politeness. It is a time for straightforward and plain speaking by the American people to the Russian people.

The United States, moreover, need not hesitate to tell the Russian people that Nikita Khrushchev is threatening world peace, that he is suppressing the truth about his own nuclear tests, and following a dangerous course which can lead to a war that neither side really wants.

Facts about the suppression of the truth and the enslavement of hundreds of millions of human beings behind the Iron Curtain—these are matters which need emphasis over the air waves everywhere. They must be repeated persistently, day in and day out, so that the whole world will have a basis for condemnation of real tyranny and real colonialism.

Nor is there any good reason to ignore the "non-aligned" or "neutral" nations either. Their peoples, too, should be told the truth. In many of these countries, which profess the virtues of their "neutralism," censorship of the press and radio is maintained, so that the American viewpoint doesn't become known or is deliberately misrepresented. Many Americans are beginning to ask why billions of dollars of their tax funds are being given away in "foreign aid" to such nations while virtually nothing is being spent by America in those countries to give directly to the people themselves the truth about American policies.

A gigantic job of publicity is imperative. It will require not just the $140 million which Congress has planned to appropriate for information services abroad, but at least $1 billion. Congress would provide the funds quickly if there were a constructive policy and a comprehensive plan. This could, moreover, save the world from a costly war and make unnecessary some of the huge expenses being incurred by this country with its military budget of more than $46 billion.

When will the administration stop overlooking the obvious? Time is running out. Officialdom has sidestepped the problem for the last fifteen years. It is not a political or partisan question. It is a simple matter of directly telling the peoples of the Soviet Union, and the Communist bloc, in their own languages, that the West is truly interested in peace and that the Soviet leaders are playing with fire and can bring on a nuclear war.

AS PEGLER SEES IT

By WESTBROOK PEGLER

ST. LOUIS, Sept. 7—There is a spiritual updraft in the sport industry, most exuberant in the prizefight racket where Jack Kearns has received emissaries of the Teamsters Union with a view to the revival of the nobility so well conveyed for the understanding of posterity by Jack Dempsey in his sombre message to mankind entitled, "Dempsey, the Man Himself." This great work, reduced to words by Bob Considine and Bill Slocum, contains, in a few lines, the real explanation of the almost total eclipse of the Irish, British, Germans, Italians, and miscellaneous Jews, and the rise of Negroes and Puerto Ricans, in the ring and organized baseball.

Kearns was Dempsey's manager in his most successful phase. Prosperity and matrimony on Dempsey's part set them asunder after success was won, but the man abundantly admits that Kearns' effrontery and unwhipped optimism were an engine that took them off the squalid ground where poverty had thrown them together. They rose together and fell separately. Together they might have gone ever higher and higher. No fastidious objections will be raised against Kearns's social standards, which are not rarefied. He has not been exactly snobbish up to this time in his exploratory trifling with Harold Gibbons and Ed Bennett Williams of Jimmy Hoffa's empire. He represents, low, rough primitives.

Mr. Gibbons is the grand satrap, though not unlike a spider in a dark corner in his St. Louis operations.

Mr. Williams is becoming unbelievable. There never was such a lawyer in any phase of our enslavement to courts, parliaments and administrative bureaus of government. He can seize upon an ordinance as simple as "keep off the grass" and either set it gloriously at naught as a wicked infringement of the whole Constitution or clamp it on the ankles and wrists of whosoever shall defy God's will as written in the Teamsters' constitution. He is to Hoffa as Kearns was to Dempsey so his provisional contemplation of a tentative empire of professional sport under a special national council of the Teamsters is horrendous and heavenly, both.

Mr. Kearns wriggled out of Michigan under the name of Leo Kiernan or McKiernan in time to tend bar in Alaska as a contemporary of Tex Rickard, Wilson Mizner and other indoor pioneers who hugged the red stoves and mined their gold from frosted miners who had mined it the hard way. Kearns and Mizner told droll chronicles of resort to blackstrap on their fingertips to retain precious flecks as they shook little powders of dust out of the barflies' pokes into the pans of the scale. Ladies were rife, too, in such late-late scenarios, and pugilism occurred for pass-the-hat money between random gladiators, blubbery or bony and gaunt as their hemoglobin willed things.

The Teamsters are impartial as between trades and the social stations of mankind and complexions, too. And Senator Kefauver of Tennessee, in his joyous pursuit of floating craps games, has led himself into obsessions about honor in pugilism and corporate greed in baseball. Thus he has prepared public consciousness, not to be confused with intelligence, that these things need "regulating." With this enhancement of national authority, thousands of commissioners, inspectors, deputies, shoo-flies and special attorneys would be necessary and the fighters and ball players, jockeys and a boundless aggregation of umpires, hustlers, managers and swipes may stand helpless but for the intercessions of James R. Hoffa's union.

Mr. Kearns has made inquiries in Boston where a son of a forgotten governor has twitched his scalp and flared his nostrils in eager desire for a chance to serve such waifs. Mr. Kearns's wage as chairman of the venerable province of sport has been discussed just as a try-on for size. Hoffa gets $75,000 plus the richest fringe of benefits this side of the robing room of Westminster Abbey. So, Mr. Kearns wold have to content himself with, say, $25,000 to $35,000 plus, let us hope, a suitable suite in the Waldorf and the freedom of the bars and room service.

Pugilism is a swirling confusion of rackets. It were ever thus, for that matter, except that nowadays there is a subtle temptation to stretch the puny big fights of television so that sponsors cannot be robbed of their investment by such untimely kills as Dempsey wrought in most of his brawls of the hungry days. Mr. Kearns could regulate that and stand for the dignity of labor under the banner of the Teamsters as against hateful designs of the Department of Justice, Hoffa slobbers at the luscious notion of a world series by his own benign condescension with union men for ushers and the Teamsters' design on the T-shirts of fight referees and seconds.

Dempsey always wanted a son, but later he reflected that rising ambition would have led his boy to college and away from his old man's calling.

"When the Irish were poor, fresh off the boat," Dempsey, the man, himself, wrote, "the ring was filled with Irish fighters. With the second and third generations and better schooling and living, they began to disappear. They were followed by Italians, then good Jewish fighters. The Jews were replaced by Negro fighters. Now Puerto Ricans are coming on, the underprivileged class. So maybe Jack Dempsey Jr., would have tried something else. Ty Cobb was the roughest, meanest ball player I ever saw but his son played tennis."

Branch Rickey broke the barrier for Negroes in baseball with Jackie Robinson of the Brooklyn Dodgers. Now hundreds of our continental Negroes and dark Caribbeans are playing pro ball down into the minors and, more significantly, in the deep, deep South. Fort Worth-Dallas has a great shortstop with a Spanish name and the tint and sheen of an undertaker's tile.

A strange opportunity beckons Jack Kearns to an emperor's throne in his seventies.

FLOWER IN THE NETTLE

Shakespeare, as was generally true, knew what he was talking about when he had one of his characters say, "Out of this nettle, danger, we pluck this flower, safety." Those words have been applied to many and various situations during the past four centuries. They are apt, once again, in connection, with the Soviet Union's announcement that it intends to resume tests of nuclear weapons.

It would be senseless to pretend that this is not a most serious, fateful action. It brings to an end the three-year moratorium that slowed down, if it did not entirely halt, development of the most fearful weapons ever devised. It brings to an end the period when men could hope that there would be no further poisoning of the world's atmosphere with radioactive fallout.

The Kremlin's blunt withdrawal from talks seeking agreement on a nuclear test ban also serves grim notice that the Soviet Union will attempt to terorize the world into submission. And this action will most certainly force the United States to resume nuclear tests in the interests of national security.

That is the nettle. And the flower to be plucked from this most deadly nettle? The flower is an unparalleled opportunity to brand the leaders of the Soviet Union as men zealous to serve their own thirst for power and domination no matter what the cost to civilization.

These men have now, more callously than ever in the past, shown their disregard — their contempt — for humanity's dream of a peaceful world. It is up to the United States and other nations of the West—led off, most fittingly, with an address by President Kennedy to the United Nations General Assembly—to sound the changes on this truth so that all men may hear and understand.

A COUPLE OF TABLETS

The other day a Minneapolis window washer's safety belt snapped and he dangled unconscious high above the street before rescuers got him down. Released from the hospital after treatment of a head cut, he discovered that the doctor had prescribed medication somewhat lacking in glamor—aspirin!

Which brings us, in roundabout fashion, to a few remarks about this common useful drug. The fact is that these very qualities raise a danger flag warning against abuse or ove-use of aspirin.

In many homes, when anyone develops a headache or some minor discomfort a couple of aspirin tablets are the standard treatment. Physicians generally find no fault with that. But they balk at the kind of self-diagnosis that calls for repeated aspirin dosage, perhaps over a period of several days. They warn that aspirin may hide symptoms of serious trouble, particularly where there is fever, and that too much of it may be harmful.

Too much of it, indeed, may cause death. That is why aspirin should be kept safe from childish hands. Aspirin is a remarkably beneficial drug—but only when properly used.

THE BITTER TASTE

There is little difference between disillusionment and the beginning of wisdom. Witness the boy who ventures his own money for the first time on one of the various "games of skill" at a carnival or fair. He tries repeatedly to win a stuffed animal, say, or a hunting knife. But somehow he never manages to pop enough balloons, or to get enough balls into the basket or rings on the peg. Finally he leaves, maybe with a consolation prize worth a few cents.

It is only later that disillusionment comes—realization that he has been had, and that hardly anyone wins. Wisdom comes later still. And when it does come the taste of it is like the bitter taste of disillusionment at first. But no one has ever figured out how to get the one without the other.

Life is what we make it. This is not to be confused with how much we make.

'These Days'

BRAZIL

It has become habitual to speak of two continents as though they contained only one country. Africa is an area of varied peoples; South America is even more complex. There was a time when the entire continent south of the United States was referred to as Spanish-America, which it was not. The largest state and in many respects the most important of South America is Brazil, principally Portuguese in language and atmosphere.

Brazil is 3,300,000 square miles in size, the fourth largest country in the world. The people are mixed aborigines (called Indians), Portuguese, Negroes, Italians, Germans. The Portuguese never practised racial discrimination and therefore since 1500, there has been constant assimilation. It was the sugar cane which first interested the Portuguese in Brazil. They brought the cane from their native land and found that the soil of Pernambuco was suitable for the crop. During the 16th and 17th centuries, Brazil was the world's chief supplier of sugar. It was this crop which gave the country its economic start, but as there was insufficient labor, Negroes were imported from Africa.

The land-owners were extraordinarily rich and this attracted the attention of Europe. The French and the Dutch tried to establish themselves in Brazil but they did not last long.

In due course, gold, silver and diamonds were found in Brazil. At one time more than 40 per cent of the gold of the Earth was found in Brazil.

Brazil became a republic in 1889 and has since suffered from considerable political disturbance. In 1930, Getulio Vargas, a strong man, became President and served until 1954 when, during a political crisis, he committed suicide. His place was taken by Juscelino Kubitschek in 1956. He was followed in 1961 by Janio Quadros who was elected by a popular vote, but who resigned a few weeks ago because he could not meet the pressures of inflation and popular dissatisfaction.

The future of Brazil depends upon the development of the interior, the vast Amazon basin, a region of great potential economic wealth. The principal crop of Brazil is presently coffee. President Kubitschek sought to vary the productivity of the country. One of his methods of opening the interior was the building of a new city, Brasilia, which serves as the capital of the country and from which modern roads run in all directions. In addition, air service has been developed beyond anything that could be expected in such a country.

To pay for all this, Brazil entered upon a program of wild inflation, the cruzeiro falling from 20 to the dollar to about between 220 to 240 to the dollar. It is the fall of the cruzeiro which is causing most of the trouble in Brazil at the present time and of which the Communists are taking full advantage.

The building of Brasilia is an excellent idea but the Brazilians have tried to fit a 50 year program into as many months. In fact, Brasilia, as is it laid out and as the buildings are going up, is the most modern, the most highly developed city in the world. The creation of Brasilia has in no manner interfered with the growth of Rio de Janeiro or Sao Paulo. In fact, all of Brazil is on a costly building spree. The potentialities of this country are beyond imagination. Brazil is rich in all minerals, in food products, in woodlands.

The present revolution could, of course, arrest Brazil's development. This struggle is between Left Wing groups associated with Cuba and Red China and the conservative military forces of the country. The Left Wing elements are associated with Castro and their victory would extend Castro's influence throughout South America. Should the military prevail, they will be forced to establish some type of dictatorship to hold the country together and to resist Communist influences.

To keep the Soviet world out of Brazil, it is essential for the United States to act swiftly. Brazil borders on Colombia, Peru, Bolivia, Paraguay, Uruguay, Argentina, Venezuela and the Guianas. A basic political and ideological change in Brazil cannot but affect all these countries.

Brazil, like all the countries of Latin America, is intensely Roman Catholic. This leads to the false conclusion that Left Wing efforts cannot prevail in such a country. The evidence is to the contrary, namely, Left Wing revolutions of varying intensity have developed in the countries where Roman Catholicism is most deeply entrenched.

From the Front Lines In Rheumatism Battle—

By HAROLD T. HYMAN, M.D.
Written for
Newspaper Enterprise Assn.

The recent meeting of th American Rheumatism Assn. yielded a number of interesting observations. Unfortunately none that offered more than symptomatic relief to those who are presently afflicted with joint disturbances.

Here are some of the highlights of the meeting:

Although many patients with arthritis feel increasing discomfort and pain in bad weather and note improvement when the air becomes hot and dry, efforts to confirm these observations in a scientifically controlled climate chamber proved unavailing.

Ten patients spent a total of 242 days in the chamber. The effects of varying temperatures and barometric conditions were studied. But no single climatic factor could be shown to produce any consistent change in the affected joints. Nevertheless, the experimenters still believe (as do most arthritics) that weather conditions influence both joint swelling and joint pain.

The child who does not develop a heart complication during the course of an acute attack of rheumatic fever will probably not develop this complication at a later time.

Therefore, the physicians of New York's Irvington House do not recommend a long period of bed rest for the youngster whose heart appears normal during and immediately after the acute attack. Thus both patient and parents are relieved of the drain of extended convalescence and of the fear of future difficulties.

A newly developed compound, epsilon amino caproic acid (EACA), may prove of great value in the prevention and treatment of the most crippling form of arthritis (rheumatoid) and related diseases.

Unfortunately, the manufacturer of EACA (Editors: FYI, it is Lederle Laborataries, a divisiori of the American Cyanamid Co.) warns that (1) the compound is not available for commercial distribution, so don't ask your doctor to prescribe or obtain it for you; (2) the reported results are based on too few experiences on which to base definite conclusions; and (3) reports issued by investigators, other than those who addressed the meeting, are less hopeful than those presented by the original group.

So, if you come across any breathless reports of a "miracle drug," better not let your expectations soar too high. Because the time has not yet come when you can throw away your bottle of aspirin tablets.

"Okay, Who's the Wise Guy?"

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON—(NEA) — President Kennedy's statement opposing a steel price increase is regarded as a hope and a prayer.

It is not an order. It is not binding on the steel industry because the President has no authority to enforce it.

Congress will probably be out of town Oct. 1 when the steel industry puts into effect the wage increase averaging 7.8 cents an hour, authorized by the January 1960 contract.

CALLING CONGRESS INTO SPECIAL SESSION to pass a price rollback law would not be popular and might not succeed. It would give the Republicans in Congress an opening to argue that the steel industry was being discriminated against.

This would be done in spite of the fact that a group of liberal senators under the leadership of Albert Gore, D-Tenn., is beating the drum to stop a steel price rise before it's announced.

The senators' main argument now is that a steel price boost now would be the start of another inflationary spiral causing all prices to rise, and wages with them. The only remedy Gore and his associates have suggested is moral suasion by the President, which he has now exercised.

All these techniques have been tried before and failed.

BEFORE WORLD WAR II, before there were price controls, President Roosevelt sent Leon Henderson to tell the steel masters that if prices were raised, Congress would be asked to roll them back. Prices went up. Congress was not asked to roll.

But after the war began. Congress did pass price control and wage stabilization laws. In spite of this wages went up under the "little steel formula." Prices went with them.

During the Korean War when another economic stabilization law was in effect, the government told industry it could not have price increases to cover wage increases. The steel companies fought it. They got their increase.

Ever since the end of World War II the steel industry has been under attack in Congress by both parties for alleged management of the price structure, controlling prices by market demands without relation to production costs.

The late Sen. Robert A. Taft began this as chairman of the Joint Economic Committee. Sen. Estes Kefauver continued it as chairman of a judiciary subcommittee on monopoly.

When the 1960 steel wage contract was signed the business recession of that year was not foreseen. The delayed wage increase authorized was considered in line with expected increases in industrial productivity. That would have tended to help industry absorb the wage increase cost without a price rise.

But productivity went down in the depression. Steel production dropped as low as 45 per cent of capacity and only recently has gone above 70 per cent.

IF THE CURRENT BUSINESS PICKUP continues, steel production and productivity will both go up further. Some government economists argue that under these conditions steel will be able to absorb the Oct. 1 wage rise without increasing prices.

Increased government spending is an important factor in keeping this boom going. The stepped-up defense program is not considered a big steel consumer. Most of the money is going for missiles and aircraft which call for light metals, alloys and specialty steels not produced in great volume.

The big bulk of the increased steel business coming from government money will be in public works, highways and housing programs. Full effect of this demand hasn't yet been felt.

There are other conditions within the industry, however, which have considerable bearing on steel price levels.

Tin plate is meeting more and more competition from aluminum and plastic containers, which keep plate prices down. On the other hand, steel has a near-monopoly on structural shapes, nails and wire. It would be easier to raise their prices.

But here again, U. S.-produced reinforcing bars are meeting increased competition from foreign production, particularly Japanese. That tends to hold down all steel prices.

A final important factor of government action is that the vigourous antitrust law enforcement policies of Department of Justice and Federal Trade Commission make any price increases vulnerable to investigation and bad publicity.

U. S. Is Urged to Get Truth Through to Russian People

By DAVID LAWRENCE

Every one in America would back up almost any effort President Kennedy might make to avert another world war and to bring about a reduction in the current cost of "peacetime" armaments.

But, as so often happens when governments get bogged down in the rituals of diplomacy, the obvious is overlooked. Reliance is too often placed on strong talk to the Kremlin about bigger and better weapons or the mobilization of armies. But this doesn't reach the Russian people.

Today the most obvious fact staring the whole world in the face is that a dictatorship exists in the Soviet Union which lies to its own people by completely distorting and misrepresenting the viewpoint of the western countries. This is not an academic matter for the Russians either. For if war comes, millions of them will lose their lives.

Yet the United States government is falling down badly in communicating its views to the people behind the Iron Curtain. The excuse usually offered is that it is hard to penetrate Communist-controlled areas and that radio broadcasts can be "jammed." This is partly true, but there are ways of reaching into the Soviet Union if a massive effort were made by the United States.

It seems incomprehensible that in a country like America, where publicity and advertising have reached such a high degree of effectiveness, the government itself should be fumbling and bumbling in presenting its views to the world. President Kennedy has an alert mind, and he fully understands the art and value of publicity in domestic polities. It is a mystery why he has allowed the publicity of the United States government abroad to be neglected.

It is not a question of which individuals should manage the U. S. Information Agency or how much staff the "Voice of America" itself should have for its broadcasting operations. There is need for a vigorous and aggressive policy with a powerful directive from the President of the United States which would authorize direct appeals to the people of the Soviet Union. The bureaucrats may oppose it, but they are not realistic in view of the threat that faces the world.

The existing directives, for instance, are based on a pussyfoot policy of forbearance. They provide that care should be taken not to seem to be dealing with internal affairs in Russia. So broadcasts are made in vague and abstract jargon, designed mostly to reach so-called "intellectuals." Highbrow lectures are offered to such an audience, when simple truths need to be stressed to publicize the current behavior of Khruhchev.

Today, when the world faces the possibility of a nuclear war, is not the time to handle America's viewpoint with tenderness or politeness. It is a time for straightforward and plain speaking by the American people to the Russian people.

The United States, moreover, need not hesitate to tell the Russian people that Nikita Khrushchev is threatening world peace, that he is suppressing the truth about his own nuclear tests, and following a dangerous course which can lead to a war that neither side really wants.

Facts about the suppression of the truth and the enslavement of hundreds of millions of human beings behind the Iron Curtain—these are matters which need emphasis over the air waves everywhere. They must be repeated persistently, day in and day out, so that the whole world will have a basis for condemnation of real tyranny and real colonialism.

Nor is there any good reason to ignore the "non-aligned" or "neutral" nations either. Their peoples, too, should be told the truth. In many of these countries, which profess the virtues of their "neutralism," censorship of the press and radio is maintained, so that the American viewpoint doesn't become known or is deliberately misrepresented. Many Americans are beginning to ask why billions of dollars of their tax funds are being given away in "foreign aid" to such nations while virtually nothing is being spent by America in those countries to give directly to the people themselves the truth about American policies.

A gigantic job of publicity is imperative. It will require not just the $140 million which Congress has planned to appropriate for information services abroad, but at least $1 billion. Congress would provide the funds quickly if there were a constructive policy and a comprehensive plan. This could, moreover, save the world from a costly war and make unnecessary some of the huge expenses being incurred by this country with its military budget of more than $46 billion.

When will the administration stop overlooking the obvious? Time is running out. Officialdom has sidestepped the problem for the last fifteen years. It is not a political or partisan question. It is a simple matter of directly telling the peoples of the Soviet Union, and the Communist bloc, in their own languages, that the West is truly interested in peace and that the Soviet leaders are playing with fire and can bring on a nuclear war.

AS PEGLER SEES IT

By WESTBROOK PEGLER

ST. LOUIS, Sept. 7—There is a spiritual updraft in the sport industry, most exuberant in the prizefight racket where Jack Kearns has received emissaries of the Teamsters Union with a view to the revival of the nobility so well conveyed for the understanding of posterity by Jack Dempsey in his sombre message to mankind entitled, "Dempsey, the Man Himself." This great work, reduced to words by Bob Considine and Bill Slocum, contains, in a few lines, the real explanation of the almost total eclipse of the Irish, British, Germans, Italians, and miscellaneous Jews, and the rise of Negroes and Puerto Ricans, in the ring and organized baseball.

Kearns was Dempsey's manager in his most successful phase. Prosperity and matrimony on Dempsey's part set them asunder after success was won, but the man abundantly admits that Kearns' effrontery and unwhipped optimism were an engine that took them off the squalid ground where poverty had thrown them together. They rose together and fell separately. Together they might have gone ever higher and higher. No fastidious objections will be raised against Kearns's social standards, which are not rarefied. He has not been exactly snobbish up to this time in his exploratory trifling with Harold Gibbons and Ed Bennett Williams of Jimmy Hoffa's empire. He represents, low, rough primitives.

Dempsey always wanted a son, but later he reflected that rising ambition would have led his boy to college and away from his old man's calling.

"When the Irish were poor, fresh off the boat," Dempsey, the man, himself, wrote, "the ring was filled with Irish fighters. Equalization Rates

Shokan, New York
September 6, 1961

Editor, The Freeman:

Please publish this letter. It may serve to clarify some phases of the equalization story and warn of the dangers inherent in continually prodding a hornet's nest.

Some of our neighbors, over the border, have a "lean and hungry look." Apparently, they are not satisfied wtih battening on the manna from Gotham but now yearn for the flesh pots of Olive.

Surely, their successful maneuvers to foist a lower equalization rate upon the Town of Olive should not go unnoted. As early as last Winter, rumors were rife that The Ukase had gone out from the shadows of Mt. Rome—"Raise Olive's taxes if the proposition for the Phoenicia School fails." In the opinion of many, this Phoenicia School is a lame duck with commercial overtones; unable to stand alone, but hoping to ride home on the back of a package deal.

Wet backs, feeding at the Free Lunch Counter in Olive's larder, should be cautioned against jostling and upsetting Pandora's Pepper Box. It holds not only the patience, but the ire of a great city. Another neighbor has had a small taste of the latter.

Should Gotham's manna fail, ONE OF THE WEALTHIEST SCHOOL DISTRICTS IN THE STATE, will be barking its knuckles on the alms house door.

The, TAX TINKERS, should not forget that a majority of one vote in the State Legislature or its approval of the revised New York City charter, as it may well be written, and it's the poor house for Onteora to the tune of double school taxes for every property owner in the district. In addition to the above, Father Knickerbocker has other aces up his sleeve. WHY KEEP POKING THE HORNET'S NEST?

Very truly yours,

Even if They're Bluffing

Threats by Reds and Fallout Forcing Action About Shelters

EDITORS NOTE—If the bombs start falling contrary to present hopes and expectations, what if anything can the ordinary citizen do about it? In this, second of two articles, Sam Dawson, AP business news analyst, poses the questions Americans are asking and the answers officials and businessmen are giving.

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Bluff or no, Soviet threats and the reappearance of nuclear fallout in American skies are forcing many reluctant citizens today to consider what to do.

They are asking: Are home shelters worthwhile? How can they be financed? How can we tell we aren't being fleeced? Should we have community shelters instead? What supplies should be stored? How will we learn in time if nuclear fallout is reaching the danger point?

The majority of Americans have turned a deaf ear to past Civil Defense pleas. There is still a massive block of public apathy, based on belief nuclear bombs spell certain death or just a prolonged and losing fight against radiation or starvation.

But Civil Defense officials report inquiries are now spurting in many parts of the country. Some come from home handymen. Others are from those puzzled about what kind of shelter to buy—protection against both blast and fallout or against fallout alone. Some are from communities thinking of public shelters.

Agencies Help Some

Government agencies offer some of the answers. But many critics hold the government must be more explicit and tighten its standards if the public is to be guarded from sharp operators attracted by the new interest.

A number of business firms are working on the practical problems of survival—construction, financing, stocking.

The Federal Housing Administration is reported to have approved 265 loans to individuals to construct shelters. Most are in the Midwest and have both atomic and tornado emergencies in mind.

Frank B. Ellis, director of the Office of Civil and Defense Mobilization, has told congressmen that federal tax incentives an other financial aid for shelters built by individuals and private groups are under consideration.

Corporations Act

Various corporations are moving into the field of providing special equipment. General Foods, General Mills and others are experimenting with dry packed foods, offering varied diets for shelter sojourns. Universal Container Corp. talks of a large steel drum that can handle both wet and dry food products.

A. C. Sparkplug division of General Motors has a National Emergency Alarm Repeater (NEAR), a small black box plugged into home or office electrical systems. It would sound an alarm when the local utility superimposes a special 240-cycle signal on the regular 60-cycle current.

Civil Defense officials are asking Congress to vote money for the special generator-transformers the utilities would need to operate the system.

CD offices also would offer fallout measurement instruments to the 800 members of the U.S. Independent Association of Telephone Companies. They would alert their customers if the need arises.

Ex-Gridder Is Victor

Buffalo Result May Eclipse Crotty As Influential Demo

BUFFALO, N.Y. (AP)—Fifteen years ago, Victor E. Manz was first-string quarterback on the University of Buffalo football team. Today he is the reform Democratic candidate for mayor.

In this predominently Democratic city, where the Republicans hold but two out of the 14 City Council seats, the 40-year-old Manz will be favored to defeat City Comptroller Chester Kowal, the Republican candidate, in November.

Manz' victory, barring a truce with the Erie County Democratic organization, could mean an eclipse for Peter J. Crotty, the county leader boomed only six months ago for state Democratic chairman.

Manz and Crotty parted political company 16 months ago in disputes stemming from Manz' disagreement with some of the policies of Mayor Frank A. Sedita, the man he defeated in Thursday's primary election. The organization's choice of another man to run for council president and, later, for county executive, did not help the situation.

Finally, Manz resigned as Democratic majority leader in the council in order, he said, to be free to criticize Sedita policies.

Charges of "bossism" and State Investigation Commission claims of police inefficiency and incompetence here played a major part in Manz' campaign.

But two other factors may have been decisive in Sedita's loss by an unofficial vote of 25,336 to 24,822. One was the recent break with Sedita and the organization by the politically powerful local leadership of the United Steelworkers Union. The other was Sedita's attempt to be the first Buffalo mayor to seek a second consecutive term in more than 30 years.

Two Cases Disposed Of in City Court Today

Richard Crum, 47, of Highland, booked on charges dealing with lack of insurance and registration, was given suspended sentences in city court today. The sentence was six months suspended on the insurance count and 30 days suspended on the other. Both suspensions, it was indicated, were due to extenuating circumstances. John H. Smoleff, 26, of 496 Marlborough Road, Brooklyn, charged with driving while his license was suspended, was given the choice Thursday of a $25 fine or 15 days in jail. The fine was paid.

Salary step raises for additional salary were approved as follows: Mrs. Mildred G. DeWitt $100; Mrs. Paula W. Gally $100; Mrs. Rose Hansen $200; Miss Mabelle C. Mix $100; Raymond Monfett $100; Donald M. Slater $200; Gordon VanDeBogart $200.

Maternity leave was granted to Mrs. Patricia Tienken.

A contract was awarded to Cyclone Fence Co. of Albany for a seven foot over-all fence at the Hurley School. The firm was the lone bidder at $3.06 per linear foot for the 1,100 foot fence, for a total of $3,427.20.

Mrs. Vincent G. Connelly, speaking in behalf of the board congratulated Mrs. Rosemary Jones, secretary of the board on the occasion of her 20th anniversary in that capacity. In addition to laudatory remarks, Mrs. Connelly presented Mrs. Jones with a corsage of yellow roses.

A letter from the Rotary Club of Kingston requesting permission to send questionnaires to students in the district regarding their preference for additional youth activities was referred to the administrative staff for consideration.

Sponsoring Four Institutes

Dr. Soper announced that the Mid-Hudson Council is sponsoring four School Board Institutes at New Paltz during the school year. They are scheduled for Wednesday, Sept. 27, Wednesday, Nov. 8; Wednesday, March 14, 1962 and Thursday, April 19, 1962. Mrs. Marie Kleine of Woodstock is the Ulster County representative to the council.

He also revealed that a workshop for school board members is scheduled at Teachers College, Columbia University, Oct. 6-8. And he announced that plans are being made to observe American Education Week Nov. 5 to 11.

Board members present included President George W. Schneider who presided for the first time; Howard L. Fox, Andrew T. Gilday, Benson A. Krom, Arthur H. Withall and new members, Edith Case Murphy and Bernard Singer.

Congratulates Freeman

The board expressed its thanks and extended its congratulations to The Freeman for it efforts in publishing "Scholars and Cents," the annual report to the public on the school district.

Dr. Earl F. Soper, superintendent of Schools, pointed to the unusually large circulation of the report and he singled out for especial praise Louis R. Netter, managing editor of The Freeman, for his offer to print the report and the excellent job he did, and he lauded Assistant Superintendent Franklin Hazard for his part in coordinating the project.

Hazard termed it "a most comprehesive and outstanding report." He also told the board that the only similar effort in the state, to his knowledge, had been made by the Buffalo Courier-Express, a much larger paper and that it could not compare in any way to the report published by The Freemn.

Financial and Commercial

NEW YORK (AP) — The stock market settled lower in moderate trading early this afternoon.

The Associated Press average of 60 stocks fell .90 to 255.50 with industrials down 1.40, rails down .20 and utilities down .50.

Pivotal issues fell from fractions to more than a point. A scattering of key stocks posted gains.

Steels, however, were weak on wider publication of the news that President Kennedy has requested steel producers to absorb a wage increase without raising prices.

Motors gave ground grudgingly, some trading unchanged. Sharp losses were taken by a few chemicals and aircraft-missile stocks. Drugs gained slightly.

Republic Steel and Jones & Laughlin fell about a point while U.S. Steel lost more than that. Bethlehem dropped a fraction.

General Motors was off a fraction while Ford extended a fractional gain to a full point. Chrysler and American Motors were about unchanged.

Reuther May Conclude GM Pact Today

DETROIT (AP) — Barring further wildcat strikes, General Motors Corp. and the United Auto Workers hope to wrap up over the weekend a labor contract the union estimates would give GM's 350,000 hourly employes an increase of more than 12 cents an hour each year in take-home pay. It will be a three-year contract.

Disclose Details

The company and the union late Thursday—in a move to calm restive workers—disclosed details of their national agreement. Unauthorized walkouts Thursday had idled 12,800 men at six plants.

UAW President Walter P. Reuther sent troubleshooters by chartered planes to Fisher body stamping plants in Mansfield, Ohio; Marion, Ind.; and Pittsburgh, Pa., to get workers back on the job. Reuther blamed the strikes on confusion and misunderstanding. He said workers at Mansfield and Marion had ended their strikes.

The walkouts followed the announcement Wednesday of agreement on a national economic package contingent on settlement of non-economic problems at both the corporation and plant level. Some of the strikers complained of a lack of progress in negotiations on local issues.

Reuther said GM hourly workers are giving up three cents hourly this year to help pay for expanded benefits but he called it "a very fine arrangement" because he said they will get a net pay increase of 12.04 cents an hour.

To Improve Pensions

General Motors will improve pensions from a maximum of $2.50 to $2.80 per month for each year of service and pay one-half the cost of hospital-medical benefits for pensioners and their wives. To help pay for this, the workers will give up a one-cent cost-of-living allowance due this month.

Workers also will give up for a year two cents of an annual improvement factor which raises wages an average of seven cents an hour. Reuther said the workers traded the two cents for 6.7 cents per hour to cover the full cost of improved hospital-medical coverage. The workers have been paying half the cost. Reuther said the workers also would gain on income tax adjustments with the company taking over the full cost of medical care premiums.

Upended Trailer On Rt. 209 Spills Milk; No One Hurt

A large milk tanker which overturned on Route 209 early this morning spilled more than 4,000 gallons of milk on the highway. However, the driver was reported uninjured, according to Kingston state police.

Nicholas John Parriski, 53, of Providence, R. I. was the operator of the milk tanker owned by Cumberland Dairy Farms Inc., Route 130, Cinnaminson, N. J.

Troopers William Brennan and Robert Mackey reported the mishap occurred at 5:10 near Hurley Reformed Church.

The trailer was proceeding north on Route 209 when the connecting plate between the trailer and the truck sheared off leaving the trailer free and out of control, troopers said. The trailer rolled over on its side coming to halt horizontally across the highway and blocking traffic for approximately an hour and a half, it was reported by state police.

Trooper Brennan said Hurley Fire Company was called to the scene to wash away the milk which made driving hazardous at this point.

Soviet Is . . .

by their subsequent discussions and agreements, and by open and established practice over a period of 15 years."

The form of the dispute as developed in a series of exchanges between Moscow and the Western capitals in recent weeks is legalistic. But U. S. officials fear that it foreshadows future Communist moves to try to impose limits on use of the Berlin air corridors.

Won't Allow Interference

Washington officials say the Western powers are fully determined not to permit any interference with the Berlin air traffic even if the Soviet Union makes a separate peace treaty with East Germany.

Basic U.S. policy was laid down in a White House statement Aug. 24 responding to an earlier Soviet attack on Western use of the flight lanes.

The White House declared that any interference with Allied access to West Berlin would be considered an aggressive act for which the Soviet government would be held responsible. It also rejected Moscow's charges that troublemakers were being flown into West Berlin.

The air corridors have been in operation since the end of World War II. Commercial flights now average about 36,000 a year in and out of West Berlin. The flights originate in West Germany or West Berlin beyond the control of East German officials.

OTC Investing Entails Risk

Q) "I have limited myself to over-the-counter stocks since I understand that the largest gains are made in unlisted issues. What do you think of this?" N.H.

A) If you will permit me to say so, I think you are making a big mistake to limit your activities to any one particular market.

It is perfectly true that exceptionally big gains have been made in unlisted stocks, but this is largely a matter of expert knowledge and good timing.

American Hospital Supply, for example, quadrupled in price in the five years before last year's Big Board listing and has a little more than doubled in value since that time. But the people who bought in 1956 assumed a great deal more risk since the company was relatively unknown then and just beginning its big growth curve.

Many investors become dazzled by the occasional pyrotechnics in the unlisted market. Stocks jump rapidly because there are no "specialists" in over-the-counter trading and no practical method of producing an orderly market. Unfortunately, unlisted shares sometimes decline in the same fashion.

Generally speaking, I believe it is good policy to pick your stock first and regard the market where it is traded as a strictly secondary consideration.

Q) "I am interested in the cigar industry and am watching the following stocks—Consolidated Cigar, DWG, General Cigar, and Bayuk. Which, in your opinion, would be the best for long-term growth? Which for current income?" R.D.

A) The cigar industry has been making a good comeback after a rather slow period during the 1940's. New merchandising ideas and an increasing popularity of cigars among younger men have had a lot to do with the progress. Of the four stocks, I believe that Consolidated Cigar would be the gest growth commitment and that Bayuk, currently yielding about 4.8 per cent, would be the best income holding.

Insurgents Fare

R. Norman, minority leader of the Onondaga County Board of Supervisors, won the Democratic nomination by a vote of 4,455 to 3,232 over Robert V. O'Hara.

A college professor backed by young Democrats ousted the old-line organization candidate in Cortland. Dr. Joseph C. Mack, who teachers history at the State College of Education there, defeated Alton Tyler, a farm corporation manager, 689 to 542. It was Cortland's first Democratic primary fight.

The insurgent victory in Beacon was a narrow one, 492 to 455. The winner was Stanley Odell, the loser John Roberts. The Democratic incumbent, Mayor Henry Kennelly, did not seek renomination.

Results in other mayor primary contests:

Utica—City Assessor Gerald F. Donovan easily won a three-way Democratic race in heavy voting. Incomplete returns gave Donovan 5,069 votes to 1,852 for Dr. Gerald Natiella and 1,781 for Alfred Mirante, a critic of the party's city leadership.

Binghamton — Walter T. Gorman, 35-year-old political newcomer, handily defeated former Knauf in a Republican race. Gorman was the organization candidate.

Plattsburgh — Robert P. Wylie, 31-year-old lawyer, defeated Elmore Brewster for the GOP nomination in light voting, 621-258. The party organization took no clear-cut stand.

Olean—City Councilman Harold E. Lundberg defeated John J. Morton, retired managing editor of The Olean Times-Herald, 1,124 to 883 in a Republican contest.

Woman Candidate Loses

Norwich—Republican Mayor J. Leo Weiler defeated Mrs. Dorothy B. Johnson, the city's first woman candidate, 1,455 to 719.

Johnson City—Mayor William F. Ott, Republican seeking his third term, trounced Edmund Farrell, 1,308 to 738.

Lackawanna—Incument John C. Ogarek, the Democratic organization favorite, narrowly won a three-way contest, defeating Walter J. Seres and former Mayor John J. Janiga.

North Tonawanda — Joseph Kukucka, city Democratic chairman, and organization candidate, ousted Mayor Myles W. Joyce by nearly 2-1.

Wagner Has . . .

Adlai E. Stevenson, ambassador to the United Nations and former Democratic presidential candidate, emerged as a new figure on the political horizon in defeating DeSapio.

He is expected to make a bid for the Manhattan leadership of the party.

DeSapio, a veteran political professional, appeared philosophical about his defeat.

He said the Democratic voters had made their decision "and, in the final analysis, they are the real bosses, and there is no alternative but to abide by their decision."

Guest of Honor

SENATOR JACOB J. JAVITS

United States Senator Jacob J. Javits will be the guest of honor at inaugural ceremonies at the Governor Clinton Hotel, September 27th, marking the commencement of broadcasting service from the WGHQ 5000 Watt transmitter at Port Ewen.

Senator Javits prior to coming to Kingston for the ceremonies will be in Europe with a special Congressional Committee on Economics.

Considered to be one of the foremost liberal leaders in government Senator Javits at the WGHQ ceremonies will address some 500 business, civic and governmental leaders at the Governor Clinton Hotel on the general theme of "the importance of responsible communications in the world of today."

Senator Javits was elected New York State Attorney General in 1954 and was the only Republican to win a New York State office. In 1956 in the race for United States Senator the popular liberal Republican carried 58 of the state's 62 counties to win by one of the greatest margins in the history of elections in New York State.

Mayor Edwin F. Radel of Kingston has also accepted an invitation from WGHQ to take part in the inaugural ceremonies as has Assemblyman Kenneth L. Wilson. Each is expected to make brief remarks during the ceremonies.

Acceptances have been received from John Hay Whitney, editor-in-chief and publisher of the New York Herald Tribune, Walter N. Thayer, president of the Herald Tribune and from Martin Stone, president of Herald Tribune Radio. The local radio station is owned by Whitney Communications which is also the parent company for the New York Herald Tribune.

WGHQ will move offices, studios and news facilities to 82 Crown Street in Kingston following the ceremonies which will also mark the change in the designation of the station from Saugerties to Kingston. Offices will, however, be maintained in Saugerties.—adv.

Pentagon Probes Army's Role in Jack Paar Show

WASHINGTON (AP)—The Pentagon, with the approval of the White House, has launched an investigation of the U.S. Army's part in the staging of the Jack Paar TV show Thursday at a crossing between West and East Berlin.

The step was reported by the Washington Evening Star.

"If the newspaper reports are accurate, it was a disgraceful episode," said Arthur Sylvester, assistant secretary of defense for public affairs.

"If Army officers were responsible, they showed very poor judgment."

The incident took place at the Friedrichstrasse crossing between West and East Berlin.

In recent days this crossing had been manned by about a squad of GIs. But Thursday the Jack Paar TV cameras moved up, and so did two colonels, one lieutenant colonel, a major, a captain, two lieutenants and about 50 enlisted men, some in bulletproof vests.

There were also seven jeeps, some with machine guns, and one with the new recoilless rifle mounted on it. Four TV cameras were trained on the scene as a jeep with a machine gun was run right up to the border line.

Across the line, East German Reds, who have pictured the Unit-trained their own TV cameras on all the American brass and weapons.

Sylvester, making known that an investigation has been ordered, said the incident as reported was potentially dangerous and reflected poorly on the American Army.

He said he knew of no authorization for any Army participation in the Paar show. He could not say at this time what disciplinary action might be taken.

Pierre Salinger, White House press secretary, agreed with Sylvester on the need for an investigation.

In West Berlin, Col. John L. Dean, commander of the 2nd Battle Group, 6th Infantry Division, explained that the troops patroling the border were being changed and that accounted for the large number present.

Fair Street Nursery Registration Monday

Fair Street Nursery School will open for its 12th year of community service on Monday. Mothers will attend Monday's one-hour orientation session with their children.

Mrs. Emerick's morning group will attend from 9 to 10 a. m. Mrs. Christensen's morning group will begin their hour-long session at 10:30 a. m. The afternoon group will meet from 1 to 2 p. m.

Fair Street Nursery is a non-profit, non-sectarian cooperative school, licensed by the New York State Board of Education. Registrations are still being acceptetd for the afternoon session from 1 to 3:30 p. m.

Khrush Flexes

these tests, they increase the danger of mankind."

Nehru spoke for only 16 minutes before vielding the platform to Khrushchev.

Reveals Soviet Tests

Khrushchev then made the first public reference in the Soviet Union to the four recent nuclear weapon tests which the Soviet Union has reported made in central Asia. The tests breached the East-West moratorium on such experiments.

"Military preparations in the West have been stepped up," he said. "Taking this into account we could not ignore the interests of the security of our country and the Socialist camp.

"The Soviet Union had to defer demobilization and to increase military expenditure. Because of direct threats we had to face the necessity to carry out nuclear tests."

Acted Without Reply

On resuming atom tests, Khrushchev said President Kennedy "acted without waiting for a reply from the Soviet Union"—presumably meaning a reply to the joint British-American appeal to the Soviet Union to stop nuclear tests in the atmosphere.

Khrushchev did not spell this out, however.

President Kennedy has announced that the United States is resuming tests in the laboratory and underground without the consequences of dangerous fallout that accompany tests in the atmosphere.

Plainly indicating that Moscow will say no to the proposal to stop atmospheric tests, Khrushchev said: "The Western proposal to stop tests in the atmosphere is merely a propaganda move designed to deceive public opinion."

He also said it was unrealistic to ask the Soviet Union to stop tests while France is free to do so.

Monroe Man Is Victim of Navy Crash in South

JACKSONVILLE, Fla. (AP)—A twin-engine Navy Neptune bomber, on its final night flight of a two weeks training mission, crashed in Lake George, 85 miles south of Jacksonville, Thursday night, killing 5 of the 11 crewmen aboard.

Two of the survivors — Dean Coffman of York, Pa., and William Estee of Silver Creek, N.Y., were in Putnam Memorial Hospital at Palatka. They were not believed seriously injured. The pilot, Lt. Cmdr. Thomas C. Thompson of Napoleon, Ohio, also was not badly hurt.

The other three survivors were transferred from a Deland hospital to Jacksonville where they were reported in "fair" condition.

The plane belonged to Patrol Squadron 931, reserve unit, from Willow Grove, Pa., and was on duty at the Jacksonville Naval Air Station.

"I don't know what happened," the pilot told a reporter before naval authorities hustled him away.

Bob Logan, an employe of the Florida Game and Fresh Water Fish Commission, was one of the first to reach the scene. He said he saw "a lot of flares" and found a life raft with four men aboard, including the pilot.

Residents of the area said they heard no unusual noises or explosion preceding the crash.

The Navy today identified the men aboard the bomber.

Survivors included:

Lt. (J.G.) Randolph Wells, navigator, (6330 Clinton Street), Elma, N.Y.

Radioman 1.C. Virgil T. Kranking, (Rt. 2), Sanborn, N.Y.

The misssing included:

Threats by Reds and Fallout Forcing Action About Shelters

EDITORS NOTE—If the bombs start falling contrary to present hopes and expectations, what if anything can the ordinary citizen do about it? In this, second of two articles, Sam Dawson, AP business news analyst, poses the questions Americans are asking and the answers officials and businessmen are giving.

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Bluff or no, Soviet threats and the reappearance of nuclear fallout in American skies are forcing many reluctant citizens today to consider what to do.

They are asking: Are home shelters worthwhile? How can they be financed? How can we tell we aren't being fleeced? Should we have community shelters instead? What supplies should be stored? How will we learn in time if nuclear fallout is reaching the danger point?

The majority of Americans have turned a deaf ear to past Civil Defense pleas. There is still a massive block of public apathy, based on belief nuclear bombs spell certain death or just a prolonged and losing fight against radiation or starvation.

But Civil Defense officials report inquiries are now spurting in many parts of the country. Some come from home handymen. Others are from those puzzled about what kind of shelter to buy—protection against both blast and fallout or against fallout alone. Some are from communities thinking of public shelters.

Agencies Help Some

Government agencies offer some of the answers. But many critics hold the government must be more explicit and tighten its standards if the public is to be guarded from sharp operators attracted by the new interest.

A number of business firms are working on the practical problems of survival—construction, financing, stocking.

The Federal Housing Administration is reported to have approved 265 loans to individuals to construct shelters. Most are in the Midwest and have both atomic and tornado emergencies in mind.

Frank B. Ellis, director of the Office of Civil and Defense Mobilization, has told congressmen that federal tax incentives an other financial aid for shelters built by individuals and private groups are under consideration.

Corporations Act

Various corporations are moving into the field of providing special equipment. General Foods, General Mills and others are experimenting with dry packed foods, offering varied diets for shelter sojourns. Universal Container Corp. talks of a large steel drum that can handle both wet and dry food products.

A. C. Sparkplug division of General Motors has a National Emergency Alarm Repeater (NEAR), a small black box plugged into home or office electrical systems. It would sound an alarm when the local utility superimposes a special 240-cycle signal on the regular 60-cycle current.

Civil Defense officials are asking Congress to vote money for the special generator-transformers the utilities would need to operate the system.

CD offices also would offer fallout measurement instruments to the 800 members of the U.S. Independent Association of Telephone Companies. They would alert their customers if the need arises.

Ex-Gridder Is Victor

Buffalo Result May Eclipse Crotty As Influential Demo

BUFFALO, N.Y. (AP)—Fifteen years ago, Victor E. Manz was first-string quarterback on the University of Buffalo football team. Today he is the reform Democratic candidate for mayor.

In this predominently Democratic city, where the Republicans hold but two out of the 14 City Council seats, the 40-year-old Manz will be favored to defeat City Comptroller Chester Kowal, the Republican candidate, in November.

Manz' victory, barring a truce with the Erie County Democratic organization, could mean an eclipse for Peter J. Crotty, the county leader boomed only six months ago for state Democratic chairman.

Manz and Crotty parted political company 16 months ago in disputes stemming from Manz' disagreement with some of the policies of Mayor Frank A. Sedita, the man he defeated in Thursday's primary election. The organization's choice of another man to run for council president and, later, for county executive, did not help the situation.

Finally, Manz resigned as Democratic majority leader in the council in order, he said, to be free to criticize Sedita policies.

Charges of "bossism" and State Investigation Commission claims of police inefficiency and incompetence here played a major part in Manz' campaign.

But two other factors may have been decisive in Sedita's loss by an unofficial vote of 25,336 to 24,822. One was the recent break with Sedita and the organization by the politically powerful local leadership of the United Steelworkers Union. The other was Sedita's attempt to be the first Buffalo mayor to seek a second consecutive term in more than 30 years.

Two Cases Disposed Of in City Court Today

Richard Crum, 47, of Highland, booked on charges dealing with lack of insurance and registration, was given suspended sentences in city court today. The sentence was six months suspended on the insurance count and 30 days suspended on the other. Both suspensions, it was indicated, were due to extenuating circumstances. John H. Smoleff, 26, of 496 Marlborough Road, Brooklyn, charged with driving while his license was suspended, was given the choice Thursday of a $25 fine or 15 days in jail. The fine was paid.

Other appointments approved included Zale Liese, transportation supervisor; Miss Tonya Cudney, Miss Mary Kolano, Mrs. Audrey Carpino, stenographers, and Miss Catherine Croswell, typist.

Salary Increases

Salary step raises for additional salary were approved as follows: Mrs. Mildred G. DeWitt $100; Mrs. Paula W. Gally $100; Mrs. Rose Hansen $200; Miss Mabelle C. Mix $100; Raymond Monfett $100; Donald M. Slater $200; Gordon VanDeBogart $200.

Maternity leave was granted to Mrs. Patricia Tienken.

A contract was awarded to Cyclone Fence Co. of Albany for a seven foot over-all fence at the Hurley School. The firm was the lone bidder at $3.06 per linear foot for the 1,100 foot fence, for a total of $3,427.20.

Mrs. Vincent G. Connelly, speaking in behalf of the board congratulated Mrs. Rosemary Jones, secretary of the board on the occasion of her 20th anniversary in that capacity. In addition to laudatory remarks, Mrs. Connelly presented Mrs. Jones with a corsage of yellow roses.

A letter from the Rotary Club of Kingston requesting permission to send questionnaires to students in the district regarding their preference for additional youth activities was referred to the administrative staff for consideration.

Sponsoring Four Institutes

Dr. Soper announced that the Mid-Hudson Council is sponsoring four School Board Institutes at New Paltz during the school year. They are scheduled for Wednesday, Sept. 27, Wednesday, Nov. 8; Wednesday, March 14, 1962 and Thursday, April 19, 1962. Mrs. Marie Kleine of Woodstock is the Ulster County representative to the council.

He also revealed that a workshop for school board members is scheduled at Teachers College, Columbia University, Oct. 6-8. And he announced that plans are being made to observe American Education Week Nov. 5 to 11.

Board members present included President George W. Schneider who presided for the first time; Howard L. Fox, Andrew T. Gilday, Benson A. Krom, Arthur H. Withall and new members, Edith Case Murphy and Bernard Singer.

Congratulates Freeman

The board expressed its thanks and extended its congratulations to The Freeman for it efforts in publishing "Scholars and Cents," the annual report to the public on the school district.

Dr. Earl F. Soper, superintendent of Schools, pointed to the unusually large circulation of the report and he singled out for especial praise Louis R. Netter, managing editor of The Freeman, for his offer to print the report and the excellent job he did, and he lauded Assistant Superintendent Franklin Hazard for his part in coordinating the project.

Hazard termed it "a most comprehesive and outstanding report." He also told the board that the only similar effort in the state, to his knowledge, had been made by the Buffalo Courier-Express, a much larger paper and that it could not compare in any way to the report published by The Freemn.

Financial and Commercial

NEW YORK (AP) — The stock market settled lower in moderate trading early this afternoon.

The Associated Press average of 60 stocks fell .90 to 255.50 with industrials down 1.40, rails down .20 and utilities down .50.

Pivotal issues fell from fractions to more than a point. A scattering of key stocks posted gains.

Steels, however, were weak on wider publication of the news that President Kennedy has requested steel producers to absorb a wage increase without raising prices.

Motors gave ground grudgingly, some trading unchanged. Sharp losses were taken by a few chemicals and aircraft-missile stocks. Drugs gained slightly.

Republic Steel and Jones & Laughlin fell about a point while U.S. Steel lost more than that. Bethlehem dropped a fraction.

General Motors was off a fraction while Ford extended a fractional gain to a full point. Chrysler and American Motors were about unchanged.

Reuther May Conclude GM Pact Today

DETROIT (AP) — Barring further wildcat strikes, General Motors Corp. and the United Auto Workers hope to wrap up over the weekend a labor contract the union estimates would give GM's 350,000 hourly employes an increase of more than 12 cents an hour each year in take-home pay. It will be a three-year contract.

Disclose Details

The company and the union late Thursday—in a move to calm restive workers—disclosed details of their national agreement. Unauthorized walkouts Thursday had idled 12,800 men at six plants.

UAW President Walter P. Reuther sent troubleshooters by chartered planes to Fisher body stamping plants in Mansfield, Ohio; Marion, Ind.; and Pittsburgh, Pa., to get workers back on the job. Reuther blamed the strikes on confusion and misunderstanding. He said workers at Mansfield and Marion had ended their strikes.

The walkouts followed the announcement Wednesday of agreement on a national economic package contingent on settlement of non-economic problems at both the corporation and plant level. Some of the strikers complained of a lack of progress in negotiations on local issues.

Reuther said GM hourly workers are giving up three cents hourly this year to help pay for expanded benefits but he called it "a very fine arrangement" because he said they will get a net pay increase of 12.04 cents an hour.

To Improve Pensions

General Motors will improve pensions from a maximum of $2.50 to $2.80 per month for each year of service and pay one-half the cost of hospital-medical benefits for pensioners and their wives. To help pay for this, the workers will give up a one-cent cost-of-living allowance due this month.

Workers also will give up for a year two cents of an annual improvement factor which raises wages an average of seven cents an hour. Reuther said the workers traded the two cents for 6.7 cents per hour to cover the full cost of improved hospital-medical coverage. The workers have been paying half the cost. Reuther said the workers also would gain on income tax adjustments with the company taking over the full cost of medical care premiums.

OTC Investing Entails Risk

Q) "I have limited myself to over-the-counter stocks since I understand that the largest gains are made in unlisted issues. What do you think of this?" N.H.

A) If you will permit me to say so, I think you are making a big mistake to limit your activities to any one particular market.

It is perfectly true that exceptionally big gains have been made in unlisted stocks, but this is largely a matter of expert knowledge and good timing.

American Hospital Supply, for example, quadrupled in price in the five years before last year's Big Board listing and has a little more than doubled in value since that time. But the people who bought in 1956 assumed a great deal more risk since the company was relatively unknown then and just beginning its big growth curve.

Many investors become dazzled by the occasional pyrotechnics in the unlisted market. Stocks jump rapidly because there are no "specialists" in over-the-counter trading and no practical method of producing an orderly market. Unfortunately, unlisted shares sometimes decline in the same fashion.

Generally speaking, I believe it is good policy to pick your stock first and regard the market where it is traded as a strictly secondary consideration.

Q) "I am interested in the cigar industry and am watching the following stocks—Consolidated Cigar, DWG, General Cigar, and Bayuk. Which, in your opinion, would be the best for long-term growth? Which for current income?" R.D.

A) The cigar industry has been making a good comeback after a rather slow period during the 1940's. New merchandising ideas and an increasing popularity of cigars among younger men have had a lot to do with the progress. Of the four stocks, I believe that Consolidated Cigar would be the gest growth commitment and that Bayuk, currently yielding about 4.8 per cent, would be the best income holding.

Insurgents Fare

R. Norman, minority leader of the Onondaga County Board of Supervisors, won the Democratic nomination by a vote of 4,455 to 3,232 over Robert V. O'Hara.

A college professor backed by young Democrats ousted the old-line organization candidate in Cortland. Dr. Joseph C. Mack, who teachers history at the State College of Education there, defeated Alton Tyler, a farm corporation manager, 689 to 542. It was Cortland's first Democratic primary fight.

The insurgent victory in Beacon was a narrow one, 492 to 455. The winner was Stanley Odell, the loser John Roberts. The Democratic incumbent, Mayor Henry Kennelly, did not seek renomination.

Results in other mayor primary contests:

Utica—City Assessor Gerald F. Donovan easily won a three-way Democratic race in heavy voting. Incomplete returns gave Donovan 5,069 votes to 1,852 for Dr. Gerald Natiella and 1,781 for Alfred Mirante, a critic of the party's city leadership.

Binghamton — Walter T. Gorman, 35-year-old political newcomer, handily defeated former Knauf in a Republican race. Gorman was the organization candidate.

Plattsburgh — Robert P. Wylie, 31-year-old lawyer, defeated Elmore Brewster for the GOP nomination in light voting, 621-258. The party organization took no clear-cut stand.

Olean—City Councilman Harold E. Lundberg defeated John J. Morton, retired managing editor of The Olean Times-Herald, 1,124 to 883 in a Republican contest.

Woman Candidate Loses

Norwich—Republican Mayor J. Leo Weiler defeated Mrs. Dorothy B. Johnson, the city's first woman candidate, 1,455 to 719.

Johnson City—Mayor William F. Ott, Republican seeking his third term, trounced Edmund Farrell, 1,308 to 738.

Lackawanna—Incument John C. Ogarek, the Democratic organization favorite, narrowly won a three-way contest, defeating Walter J. Seres and former Mayor John J. Janiga.

North Tonawanda — Joseph Kukucka, city Democratic chairman, and organization candidate, ousted Mayor Myles W. Joyce by nearly 2-1.

Wagner Has . . .

Adlai E. Stevenson, ambassador to the United Nations and former Democratic presidential candidate, emerged as a new figure on the political horizon in defeating DeSapio.

He is expected to make a bid for the Manhattan leadership of the party.

DeSapio, a veteran political professional, appeared philosophical about his defeat.

He said the Democratic voters had made their decision "and, in the final analysis, they are the real bosses, and there is no alternative but to abide by their decision."

Upended Trailer On Rt. 209 Spills Milk; No One Hurt

A large milk tanker which overturned on Route 209 early this morning spilled more than 4,000 gallons of milk on the highway. However, the driver was reported uninjured, according to Kingston state police.

Nicholas John Parriski, 53, of Providence, R. I. was the operator of the milk tanker owned by Cumberland Dairy Farms Inc., Route 130, Cinnaminson, N. J.

Troopers William Brennan and Robert Mackey reported the mishap occurred at 5:10 near Hurley Reformed Church.

The trailer was proceeding north on Route 209 when the connecting plate between the trailer and the truck sheared off leaving the trailer free and out of control, troopers said. The trailer rolled over on its side coming to halt horizontally across the highway and blocking traffic for approximately an hour and a half, it was reported by state police.

Trooper Brennan said Hurley Fire Company was called to the scene to wash away the milk which made driving hazardous at this point.

by their subsequent discussions and agreements, and by open and established practice over a period of 15 years."

The form of the dispute as developed in a series of exchanges between Moscow and the Western capitals in recent weeks is legalistic. But U. S. officials fear that it foreshadows future Communist moves to try to impose limits on use of the Berlin air corridors.

Won't Allow Interference

Washington officials say the Western powers are fully determined not to permit any interference with the Berlin air traffic even if the Soviet Union makes a separate peace treaty with East Germany.

Basic U.S. policy was laid down in a White House statement Aug. 24 responding to an earlier Soviet attack on Western use of the flight lanes.

The White House declared that any interference with Allied access to West Berlin would be considered an aggressive act for which the Soviet government would be held responsible. It also rejected Moscow's charges that troublemakers were being flown into West Berlin.

The air corridors have been in operation since the end of World War II. Commercial flights now average about 36,000 a year in and out of West Berlin. The flights originate in West Germany or West Berlin beyond the control of East German officials.

Guest of Honor

SENATOR JACOB J. JAVITS

United States Senator Jacob J. Javits will be the guest of honor at inaugural ceremonies at the Governor Clinton Hotel, September 27th, marking the commencement of broadcasting service from the WGHQ 5000 Watt transmitter at Port Ewen.

Senator Javits prior to coming to Kingston for the ceremonies will be in Europe with a special Congressional Committee on Economics.

Considered to be one of the foremost liberal leaders in government Senator Javits at the WGHQ ceremonies will address some 500 business, civic and governmental leaders at the Governor Clinton Hotel on the general theme of "the importance of responsible communications in the world of today."

Senator Javits was elected New York State Attorney General in 1954 and was the only Republican to win a New York State office. In 1956 in the race for United States Senator the popular liberal Republican carried 58 of the state's 62 counties to win by one of the greatest margins in the history of elections in New York State.

Mayor Edwin F. Radel of Kingston has also accepted an invitation from WGHQ to take part in the inaugural ceremonies as has Assemblyman Kenneth L. Wilson. Each is expected to make brief remarks during the ceremonies.

Acceptances have been received from John Hay Whitney, editor-in-chief and publisher of the New York Herald Tribune, Walter N. Thayer, president of the Herald Tribune, and from Martin Stone, president of Herald Tribune Radio. The local radio station is owned by Whitney Communications which is also the parent company for the New York Herald Tribune.

WGHQ will move offices, studios and news facilities to 82 Crown Street in Kingston following the ceremonies which will also mark the change in the designation of the station from Saugerties to Kingston. Offices will, however, be maintained in Saugerties.—adv.

Pentagon Probes Army's Role in Jack Paar Show

WASHINGTON (AP)—The Pentagon, with the approval of the White House, has launched an investigation of the U.S. Army's part in the staging of the Jack Paar TV show Thursday at a crossing between West and East Berlin.

The step was reported by the Washington Evening Star.

"If the newspaper reports are accurate, it was a disgraceful episode," said Arthur Sylvester, assistant secretary of defense for public affairs.

"If Army officers were responsible, they showed very poor judgment."

The incident took place at the Friedrichstrasse crossing between West and East Berlin.

In recent days this crossing had been manned by about a squad of GIs. But Thursday the Jack Paar TV cameras moved up, and so did two colonels, one lieutenant colonel, a major, a captain, two lieutenants and about 50 enlisted men, some in bulletproof vests.

There were also seven jeeps, some with machine guns, and one with the new recoilless rifle mounted on it. Four TV cameras were trained on the scene as a jeep with a machine gun was run right up to the border line.

Across the line, East German Reds, who have pictured the Unit-trained their own TV cameras on all the American brass and weapons.

Sylvester, making known that an investigation has been ordered, said the incident as reported was potentially dangerous and reflected poorly on the American Army.

He said he knew of no authorization for any Army participation in the Paar show. He could not say at this time what disciplinary action might be taken.

Pierre Salinger, White House press secretary, agreed with Sylvester on the need for an investigation.

In West Berlin, Col. John L. Dean, commander of the 2nd Battle Group, 6th Infantry Division, explained that the troops patroling the border were being changed and that accounted for the large number present.

Fair Street Nursery Registration Monday

Khrush Flexes

these tests, they increase the danger of mankind."

Nehru spoke for only 16 minutes before vielding the platform to Khrushchev.

Reveals Soviet Tests

Khrushchev then made the first public reference in the Soviet Union to the four recent nuclear weapon tests which the Soviet Union has reported made in central Asia. The tests breached the East-West moratorium on such experiments.

"Military preparations in the West have been stepped up," he said. "Taking this into account we could not ignore the interests of the security of our country and the Socialist camp.

"The Soviet Union had to defer demobilization and to increase military expenditure. Because of direct threats we had to face the necessity to carry out nuclear tests."

Acted Without Reply

On resuming atom tests, Khrushchev said President Kennedy "acted without waiting for a reply from the Soviet Union"—presumably meaning a reply to the joint British-American appeal to the Soviet Union to stop nuclear tests in the atmosphere.

Khrushchev did not spell this out, however.

President Kennedy has announced that the United States is resuming tests in the laboratory and underground without the consequences of dangerous fallout that accompany tests in the atmosphere.

Plainly indicating that Moscow will say no to the proposal to stop atmospheric tests, Khrushchev said: "The Western proposal to stop tests in the atmosphere is merely a propaganda move designed to deceive public opinion."

He also said it was unrealistic to ask the Soviet Union to stop tests while France is free to do so.

Monroe Man Is Victim of Navy Crash in South

JACKSONVILLE, Fla. (AP)—A twin-engine Navy Neptune bomber, on its final night flight of a two weeks training mission, crashed in Lake George, 85 miles south of Jacksonville, Thursday night, killing 5 of the 11 crewmen aboard.

Two of the survivors — Dean Coffman of York, Pa., and William Estee of Silver Creek, N.Y., were in Putnam Memorial Hospital at Palatka. They were not believed seriously injured. The pilot, Lt. Cmdr. Thomas C. Thompson of Napoleon, Ohio, also was not badly hurt.

The other three survivors were transferred from a Deland hospital to Jacksonville where they were reported in "fair" condition.

The plane belonged to Patrol Squadron 931, reserve unit, from Willow Grove, Pa., and was on duty at the Jacksonville Naval Air Station.

"I don't know what happened," the pilot told a reporter before naval authorities hustled him away.

Bob Logan, an employe of the Florida Game and Fresh Water Fish Commission, was one of the first to reach the scene. He said he saw "a lot of flares" and found a life raft with four men aboard, including the pilot.

Residents of the area said they heard no unusual noises or explosion preceding the crash.

The Navy today identified the men aboard the bomber.

Survivors included:

Lt. (J.G.) Randolph Wells, navigator, (6330 Clinton Street), Elma, N.Y.

Radioman 1.C. Virgil T. Kranking, (Rt. 2), Sanborn, N.Y.

The misssing included:

Do You Remember by Sophie Miller

Summertime brings many city, town, village and county fairs around here. My father used to tell me about bazaar day in the old country, where he was educated and became a registered pharmacist. I urged him to write down about it and pharmacy in the old country. They were also government controlled stores and there, only one pharmacy was given a license to 10,000 population. In other words, Kingston would have only three, but they were open night and day. The male customers took off their hats in respect when they came in the store.

One of these city pharmacies my father described in his manuscript had market day on Tuesdays. All the peasants from nearby villages brought their produce to market, from fresh vegetables, fruit, chickens, pigs, cows, horses, eggs, butter, cheese, little cakes filled with cheese, meat or cabbage or sweet cakes, and of course their handmade linen cloth. These markets took place summer and winter every Tuesday. They started to arrive at daybreak and left by sunset. It was fun to watch them come and sad to see them go.

In winter they wore sheepskin fur coats and heavy boots both men and women. The men usually wore fur hats, and the women were wrapped up in many shawls and scarfs so that the proprietor of the pharmacy, a short tempered man used to have to yell his questions to them so it would reach their ears through all the scarfs and shawls. Then when it came to paying for the medicine the women wore so many skirts and were wrapped so well that it took time to get to their money which also irritated the owner and the clerk. The store was busy and noisy on bazaar day.

The people of those days were very religious and in every drug store was a religious image on the wall with a light in front of it, where the customers could stop and cross themselves and perhaps say a short prayer. My father wrote down some of the items they asked for some 60 years ago. They often lived far from medical care and were well versed in home medicines and used to help each other. They called for quinine powder, spirit of peppermint, drops of Dr. Inosenizeff, Epsom salts, castor oil, turpentine, ammonia water, nipples, bandages, cotton, chloride of lime, and aniline dyes of all colors.

The peasant women were known for their beautiful homespun linen which no doubt still exists today, with its colorful embroidery. It was of good quality and had strength. They used lime to bleach it and then dyed it. As a rule it was strong and coarse yet they could make it fine enough for handkerchief linen.

They often came in for advice on market day and had great faith in the employer. Often they were so grateful for his sound advice, that the next market day they would bring gifts of apples, cherries or other things. When the head pharmacist felt that the illness was serious and had to refer them to a physician or give them directions to the hospital, it was sad, as these people were so used to taking care of themselves.

They often brought their delicacies to sell to the employer and to the clerks, some foods wrapped in wet leaves. The owner of the store and the clerks like my father would gladly buy from them, then rush to put them in their rooms, as the clerks boarded with the employer and then rush back to take care of the many market day customers.

A.I.B. to Start Classes Sept. 13

American Institute of Banking classes will begin on Sept. 13 at 7 p. m. at the Kingston High School, it was announced today by Fred P. Carpenter, educational chairman of the Ulster County Chapter.

Courses offered this year are: principles of bank operation, commercial law, economics, business administration and bank management.

Carpenter emphasized that A.I.B. stands for better banking and that the Institute is recognized as the most effective source of banking knowledge in the country. He urges local bank employes not yet enrolled in a class to do so by communicating with him at the Kingston Trust Company.

Do You Remember by Sophie Miller

Summertime brings many city, town, village and county fairs around here. My father used to tell me about bazaar day in the old country, where he was educated and became a registered pharmacist. I urged him to write down about it and pharmacy in the old country. They were also government controlled stores and there, only one pharmacy was given a license to 10,000 population. In other words, Kingston would have only three, but they were open night and day. The male customers took off their hats in respect when they came in the store.

One of these city pharmacies my father described in his manuscript had market day on Tuesdays. All the peasants from nearby villages brought their produce to market, from fresh vegetables, fruit, chickens, pigs, cows, horses, eggs, butter, cheese, little cakes filled with cheese, meat or cabbage or sweet cakes, and of course their handmade linen cloth. These markets took place summer and winter every Tuesday. They started to arrive at daybreak and left by sunset. It was fun to watch them come and sad to see them go.

In winter they wore sheepskin fur coats and heavy boots both men and women. The men usually wore fur hats, and the women were wrapped up in many shawls and scarfs so that the proprietor of the pharmacy, a short tempered man used to have to yell his questions to them so it would reach their ears through all the scarfs and shawls. Then when it came to paying for the medicine the women wore so many skirts and were wrapped so well that it took time to get to their money which also irritated the owner and the clerk. The store was busy and noisy on bazaar day.

The people of those days were very religious and in every drug store was a religious image on the wall with a light in front of it, where the customers could stop and cross themselves and perhaps say a short prayer. My father wrote down some of the items they asked for some 60 years ago. They often lived far from medical care and were well versed in home medicines and used to help each other. They called for quinine powder, spirit of peppermint, drops of Dr. Inosenizeff, Epsom salts, castor oil, turpentine, ammonia water, nipples, bandages, cotton, chloride of lime, and aniline dyes of all colors.

The peasant women were known for their beautiful homespun linen which no doubt still exists today, with its colorful embroidery. It was of good quality and had strength. They used lime to bleach it and then dyed it. As a rule it was strong and coarse yet they could make it fine enough for handkerchief linen.

They often came in for advice on market day and had great faith in the employer. Often they were so grateful for his sound advice, that the next market day they would bring gifts of apples, cherries or other things. When the head pharmacist felt that the illness was serious and had to refer them to a physician or give them directions to the hospital, it was sad, as these people were so used to taking care of themselves.

They often brought their delicacies to sell to the employer and to the clerks, some foods wrapped in wet leaves. The owner of the store and the clerks like my father would gladly buy from them, then rush to put them in their rooms, as the clerks boarded with the employer and then rush back to take care of the many market day customers.

A.I.B. to Start Classes Sept. 13

American Institute of Banking classes will begin on Sept. 13 at 7 p. m. at the Kingston High School, it was announced today by Fred P. Carpenter, educational chairman of the Ulster County Chapter.

Courses offered this year are: principles of bank operation, commercial law, economics, business administration and bank management.

Carpenter emphasized that A.I.B. stands for better banking and that the Institute is recognized as the most effective source of banking knowledge in the country. He urges local bank employes not yet enrolled in a class to do so by communicating with him at the Kingston Trust Company.

WHEN ONE GUEST BRINGS A PRESENT

Q—The other evening we entertained for the first time in our new house. It was not a housewarming, but one of the guests brought us a present. I thanked her and put the gift aside After they left I unwrapped the present and called the giver and thanked her again. My husband thinks I was wrong not to have opened the gift in her presence and showed it around. I thought this might embarrass the others. I would like your opinion on this.

A—I agree with your husband that it was very unkind not to seem to care enough about the present to look at it. There was no reason why anybody else should have been distressed because they brought nothing.

Sending Flowers to Employer

Q—My employer mentioned that he and his wife are soon to celebrate their twenty-fifth wedding anniversary and the three girls in the office would like very much to send his wife a few flowers, but we're not sure whether we would be overstepping the bounds of propriety. We know his wife only slightly, but she has always been very friendly to us when she came into the office.

A—I am sure both of them will appreciate your thought and not consider that you have acted improperly if you send flowers to both Mr. and Mrs. Employer with the congratulations and good wishes of his office staff.

Providing for the Orchestra

Q—I have hired a four piece orchetra to play from one o'clock to four o'clock at my daughter's wedding reception at which a dinner will be served. I would like to know if it is neccessary to provide a dinner for the members of the orchestra?

A—The members of the orchestra are usually given something to eat. This need not necessarily be a dinner, but refreshments of some sort should be provided for them.

We The Women

Women Just Weren't Made For Built-in Furniture

RUTH MILLETT
Newspaper Enterprise Assn.

A furniture designer predicts that in the future, instead of taking your furniture with you when you move, you will leave a house where most of the furniture is built-in and move into another house with its own built-in furniture.

Kitchens in the newer homes are like that now—with built-in ovens, built-in table top burners, built-in refrigerators, built-in cupboards and built-in breakfast nooks.

Just because women like built-in kitchens doesn't mean they are going to willingly settle for "built-ins" all over the house.

One of the few ways a homemaker has of expressing her individuality and of finding some outlet for her need of change is accumulating her own furniture, and switching it around whenever she feels the urge.

That is why, instead of going down to a furniture store and buying a "set" of furniture for each room in the house, a housewife chooses each piece of furniture with loving care. She gets a real sense of accomplishment out of combining odd pieces of furniture harmoniously, mixing in a few antiques for beauty, dreaming up furniture arrangements that make her home quite different from the houses of her friends.

In this job of furnishing a home, a woman is never finished. There is always some piece of furniture she is dying to get rid of in order to get something else.

As the family needs a change, there is always the challenge of shifting furniture, rearranging and re-doing to keep a woman happily engrossed.

That's why women probably won't fall for built-in furniture that you buy when you buy a house and leave behind you when you move.

It may be practical, timesaving and even economical. But, it doesn't offer any challenge to a homemaker or any chance for change.

WHEN ONE GUEST BRINGS A PRESENT

Q—The other evening we entertained for the first time in our new house. It was not a housewarming, but one of the guests brought us a present. I thanked her and put the gift aside After they left I unwrapped the present and called the giver and thanked her again. My husband thinks I was wrong not to have opened the gift in her presence and showed it around. I thought this might embarrass the others. I would like your opinion on this.

A—I agree with your husband that it was very unkind not to seem to care enough about the present to look at it. There was no reason why anybody else should have been distressed because they brought nothing.

Sending Flowers to Employer

Q—My employer mentioned that he and his wife are soon to celebrate their twenty-fifth wedding anniversary and the three girls in the office would like very much to send his wife a few flowers, but we're not sure whether we would be overstepping the bounds of propriety. We know his wife only slightly, but she has always been very friendly to us when she came into the office.

A—I am sure both of them will appreciate your thought and not consider that you have acted improperly if you send flowers to both Mr. and Mrs. Employer with the congratulations and good wishes of his office staff.

Providing for the Orchestra

Q—I have hired a four piece orchetra to play from one o'clock to four o'clock at my daughter's wedding reception at which a dinner will be served. I would like to know if it is necessary to provide a dinner for the members of the orchestra?

A—The members of the orchestra are usually given something to eat. This need not necessarily be a dinner, but refreshments of some sort should be provided for them.

The Mature Parent

BY MRS. MURIEL LAWRENCE

Are You a Free Person Or Slave to Children?

Newspaper Enterprise Assn.

Dears Mrs. Lawrence:

I have come home heartsick after visiting my son and his family. While I was there he had to take out a bank loan to pay for some dental care he needs. But his boy is getting riding lessons at an expensive summer camp and his 13-year-old girl has her own portable TV. The way she speaks to him is a disgrace—no respect, no gratitude...."

ANSWER: I don't wonder. Your son seems to have confused himself with the Genie of the Magic Lamp.

Do you remember the story of Aladdin? If that child wanted anything, he rubbed the lamp, and its huge Genie promptly appeared to produce glittering castles, fine clothes, trains of servants bearing bowls of jewels on their heads.

Did Aladdin feel gratitude to the Genie? Not a smidgeon. Never once did this ungrateful boy speculate on what it cost the Genie to produce the treasures he demanded, where the poor thing got the marble for the glittering castles, how long it took him to mine the jewels or how he paid the retinue of servants.

No, what impressed Aladdin about the Slave of the Lamp was his own power to make him produce.

If parents don't want to be treated like slaves to children's wishes, they have to start behaving like free people.

They have to learn to say "No" instead of saying "As you wish, Master."

Asked for horseback lessons, they have to say, "No, I want a fishing trip or my teeth fixed." They have to present themselves as humans with pressing needs and vivid reasonable wants. Then the idea that they are the children of flesh-and-blood people, not of Genies and fairy godmothers, can begin to dawn on children. They can begin to comprehend the fact that what we give them is produced, not by magic or machinery but by the work of human brains and hands.

They can begin to value the meaning of the TV portable, the horseback lessons, to question their right to demand them, to feel gratitude and respect.

Unfortunately parents are always confusing themselves with Genies and slot machines. So anxious are they to be regarded as generous that they cannot oppose children's wishes with their own. Then they begin to complain of "ingratitude."

But we can't have it both ways. We can't present ourselves as inhuman purveyors of gifts and then suddenly face children with the human wish for gratitude.

LABOR MAN ACCEPTS PLAQUE—Stephen Ripley, second from right, American Newspaper Guild official, accepts the Kingston Newspaper Guild's Page One Award for labor achievements from the local Guild president, Mrs. Dorothy A. Narel. The presentation was made Wednesday, Sept. 6, at a dinner-meeting held at the Kingston-Stuyvesant Hotel. Looking on are (l-r) Henry Eighmey, first vice president of the local unit and past president of the Empire State District Council of Newspaper Guilds; and Charles J. Tiano, past president of the Kingston unit and current ESDC president. Also honored at the dinner was local attorney Francis Martocci who had provided invaluable assistance during the organizational period of the Kingston Guild. (Freeman photo)

Labor Leader Honored by Local Newspaper Guild; Speaker Urges More Vigilant Action

An official member of the American Newspaper Guild family urged the Labor Movement to stop apologizing for its few errant members and concentrate its efforts on the battle for a better life.

The statement was part of a speech made by Stephen Ripley, secretary of the Guild's International Executive Board Contracts Committee, at the annual dinner-meeting of the Kingston Newspaper Guild on Wednesday, Sept. 6, at the Kingston-Stuyvesant Hotel.

Mr. Ripley, who actually organized the Kingston unit and initiated steps for its first contract, was guest of honor. He was presented with the Kingston Newspaper Guild's Page One Award for outstanding achievements in the field of labor. The presentation was made by Mrs. Dorothy A. Narel, president of the local unit. Mr. Ripley was to have received the award at the sixth annual Page One Ball held May 13. That morning the Ripley home in Falls Church, Va., was destroyed by fire. Ripley and his family fortunately escaped unharmed.

Also attending as an honored guest was Attorney Francis Martocci, who figured prominently in the organizational plans of the local Guild although his identity could not be revealed at the time.

Raise Standards

Mr. Ripley began his newspaper career in 1929. He was instrumental in organizing the Gary Post-Tribune of Gary, Ind., in 1941 and later was secretary of the Midwest District Council.

He also served as the American Newspaper Guild's Canadian representative in Toronto, a local which has now grown to become the second largest in the Guild. He returned to the United States late in 1952 and served as ANG wire service administrator and assumed his present post in Washington, D. C. on April 1, 1956.

Speaking about the labor picture in the country today, Mr. Ripley said ". . . we have been on the defensive too long. We (Labor) spend too much time apologizing and explaining the actions of a few who have fallen by the wayside.

"Labor should remember that we have less to apologize for than any other group in this country. And we should follow the example of other large organizations in America. I haven't seen the National Association of Manufacturers explaining away the countless questionable people operating in business today. Witness the electrical company scandal which cost this country more money than all the so-called labor corruption. The American Medical Association doesn't apologize for its erring members nor does the Bar Association—why should Labor."

Better Education

In his address, Mr. Ripley further urged Labor to continue its battle for a better life. To organize the unorganized and raise the standard of living. To give people a chance to get what they want out of life primarily a good education.

"An examination of records will bear out the fact that Labor has always been in the forefront favoring better education. Labor was also responsible for instituting free schools in this country," he said.

Political Action

In his closing remarks, Mr. Ripley urged that members of labor unions keep a close watch on legislation passed for the prime purpose of destroying the rights and privileges of the working man.

"I would urge you do all you can as private citizens on the political action front. Remember that the contract under which you work is an extremely valuable document. But there is no sense of going to the bargaining table if you are going to permit your gains to be lost through improper legislation."

Martocci Speaks

In a brief address made by Attorney Martocci, the story of the local unit's organization was reviewed. Mr. Martocci also said "the Labor Movement has passed through the infancy and teenage stages and is now enjoying adulthood. And today it is realized that neither the Taft-Hartley Act, Landrum-Griffith Act, Congress or the President can destroy labor completely.

But it's survival will depend on the united efforts of all its members—a spirit of greater cooperation for now labor has a responsibility not only to its members but to the public at large."

Boy, 15, Is Glad Of Rescue From Mountain Ledge

NORTH CREEK, N.Y. (AP)—"I'm sure glad to get down to earth," said a 15-year-old boy after four fearful hours on a 300-foot Adirondack Mountain ledge.

State Police and forest rangers rescued Craig Mitchell yesterday by dropping a rope to him with which he lowered himself to safe ground.

Mitchell, of this Warren County community, ventured out on the six-foot-wide ledge while climbing Moxharne Mountain with a friend and was unable to come back.

The friend, John Palmer, 15, also of North Creek, went for help.

The rescuers found Mitchell lying on the ledge, apparently suffering from fear-induced shock.

The rescuers dropped a line to the boy from a point 200 feet above him.

40 Villages Flooded

RANGOON, Burma (AP)—Forty villages and more than 10,000 acres of rice paddies were flooded in central Burma when the Sittang River burst its embankments Thursday.

Rain has continued to break all previous records and authorities fear thousands more acres will be lost.

FOR SUNNY DAYS—Umbrella-shaped reflector concentrates enough heat at focal point of "handle" to broil steaks for Therese Rawe. It was on display at U.N. Food and Agricultural Organization's conference on "exploitation of unconventional energies" in Rome, Italy.

The Mature Parent

BY MRS. MURIEL LAWRENCE

Are You a Free Person Or Slave to Children?

Newspaper Enterprise Assn.

Dears Mrs. Lawrence:

I have come home heartsick after visiting my son and his family. While I was there he had to take out a bank loan to pay for some dental care he needs. But his boy is getting riding lessons at an expensive summer camp and his 13-year-old girl has her own portable TV. The way she speaks to him is a disgrace—no respect, no gratitude...."

ANSWER: I don't wonder. Your son seems to have confused himself with the Genie of the Magic Lamp.

Do you remember the story of Aladdin? If that child wanted anything, he rubbed the lamp, and its huge Genie promptly appeared to produce glittering castles, fine clothes, trains of servants bearing bowls of jewels on their heads.

Did Aladdin feel gratitude to the Genie? Not a smidgeon. Never once did this ungrateful boy speculate on what it cost the Genie to produce the treasures he demanded, where the poor thing got the marble for the glittering castles, how long it took him to mine the jewels or how he paid the retinue of servants.

No, what impressed Aladdin about the Slave of the Lamp was his own power to make him produce.

If parents don't want to be treated like slaves to children's wishes, they have to start behaving like free people.

They have to learn to say "No" instead of saying "As you wish, Master."

Asked for horseback lessons, they have to say, "No, I want a fishing trip or my teeth fixed." They have to present themselves as humans with pressing needs and vivid reasonable wants. Then the idea that they are the children of flesh-and-blood people, not of Genies and fairy godmothers, can begin to dawn on children. They can begin to comprehend the fact that what we give them is produced, not by magic or machinery but by the work of human brains and hands.

They can begin to value the meaning of the TV portable, the horseback lessons, to question their right to demand them, to feel gratitude and respect.

Unfortunately parents are always confusing themselves with Genies and slot machines. So anxious are they to be regarded as generous that they cannot oppose children's wishes with their own. Then they begin to complain of "ingratitude."

But we can't have it both ways. We can't present ourselves as inhuman purveyors of gifts and then suddenly face children with the human wish for gratitude.

LABOR MAN ACCEPTS PLAQUE—Stephen Ripley, second from right, American Newspaper Guild official, accepts the Kingston Newspaper Guild's Page One Award for labor achievements from the local Guild president, Mrs. Dorothy A. Narel. The presentation was made Wednesday, Sept. 6, at a dinner-meeting held at the Kingston-Stuyvesant Hotel. Looking on are (l-r) Henry Eighmey, first vice president of the local unit and past president of the Empire State District Council of Newspaper Guilds; and Charles J. Tiano, past president of the Kingston unit and current ESDC president. Also honored at the dinner was local attorney Francis Martocci who had provided invaluable assistance during the organizational period of the Kingston Guild. (Freeman photo)

Labor Leader Honored by Local Newspaper Guild; Speaker Urges More Vigilant Action

An official member of the American Newspaper Guild family urged the Labor Movement to stop apologizing for its few errant members and concentrate its efforts on the battle for a better life.

The statement was part of a speech made by Stephen Ripley, secretary of the Guild's International Executive Board Contracts Committee, at the annual dinner-meeting of the Kingston Newspaper Guild on Wednesday, Sept. 6, at the Kingston-Stuyvesant Hotel.

Mr. Ripley, who actually organized the Kingston unit and initiated steps for its first contract, was guest of honor. He was presented with the Kingston Newspaper Guild's Page One Award for outstanding achievements in the field of labor. The presentation was made by Mrs. Dorothy A. Narel, president of the local unit. Mr. Ripley was to have received the award at the sixth annual Page One Ball held May 13. That morning the Ripley home in Falls Church, Va., was destroyed by fire. Ripley and his family fortunately escaped unharmed.

Also attending as an honored guest was Attorney Francis Martocci, who figured prominently in the organizational plans of the local Guild although his identity could not be revealed at the time.

Raise Standards

Mr. Ripley began his newspaper career in 1929. He was instrumental in organizing the Gary Post-Tribune of Gary, Ind., in 194[illegible] and later was secretary of the Midwest District Council.

He also served as the American Newspaper Guild's Canadian representative in Toronto, a local which has now grown to become the second largest in the Guild. He returned to the United States late in 1952 and served as ANG wire service administrator and assumed his present post in Washington, D. C. on April 1, 1956.

Speaking about the labor picture in the country today, Mr. Ripley said ". . . we have been on the defensive too long. We (Labor) spend too much time apologizing and explaining the actions of a few who have fallen by the wayside.

"Labor should remember that we have less to apologize for than any other group in this country. And we should follow the example of other large organizations in America. I haven't seen the National Association of Manufacturers explaining away the countless questionable people operating in business today. Witness the electrical company scandal which cost this country more money than all the so-called labor corruption. The American Medical Association doesn't apologize for its erring members nor does the Bar Association—why should Labor."

Better Education

In his address, Mr. Ripley further urged Labor to continue its battle for a better life. To organize the unorganized and raise the standard of living. To give people a chance to get what they want out of life primarily a good education.

"An examination of records will bear out the fact that Labor has always been in the forefront favoring better education. Labor was also responsible for instituting free schools in this country," he said.

Political Action

In his closing remarks, Mr. Ripley urged that members of labor unions keep a close watch on legislation passed for the prime purpose of destroying the rights and privileges of the working man.

"I would urge you do all you can as private citizens on the political action front. Remember that the contract under which you work is an extremely valuable document. But there is no sense of going to the bargaining table if you are going to permit your gains to be lost through improper legislation."

Martocci Speaks

In a brief address made by Attorney Martocci, the story of the local unit's organization was reviewed. Mr. Martocci also said "the Labor Movement has passed through the infancy and teenage stages and is now enjoying adulthood. And today it is realized that neither the Taft-Hartley Act, Landrum-Griffith Act, Congress or the President can destroy labor completely.

But it's survival will depend on the united efforts of all its members—a spirit of greater cooperation for now labor has a responsibility not only to its members but to the public at large."

Boy, 15, Is Glad Of Rescue From Mountain Ledge

NORTH CREEK, N.Y. (AP)—"I'm sure glad to get down to earth," said a 15-year-old boy after four fearful hours on a 300-foot Adirondack Mountain ledge.

State Police and forest rangers rescued Craig Mitchell yesterday by dropping a rope to him with which he lowered himself to safe ground.

Mitchell, of this Warren County community, ventured out on the six-foot-wide ledge while climbing Moxharne Mountain with a friend and was unable to come back.

The friend, John Palmer, 15, also of North Creek, went for help.

The rescuers found Mitchell lying on the ledge, apparently suffering from fear-induced shock.

The rescuers dropped a line to the boy from a point 200 feet above him.

Buffalo Man, Two Others on Seaway Board

WASHINGTON (AP) — Three men, including a New Yorker, have been sworn in as members of the advisory board of the St. Lawrence Seaway Development Corp.

The oaths were administered Thursday by Secretary of Commerce Luther H. Hodges to Paul M. Butler of South Bend, Ind., former chairman of the Democratic National Committee, Dr. N. R. Danielian of Washington, president of the Great Lakes-St. Lawrence Association, and Thomas P. McMahon, a Buffalo, N.Y., lawyer.

The other two board members are Harry C. Brockel of Milwaukee and Kenneth M. Lloyd of Youngstown, Ohio.

Tax Collection Starts in OCS

Onteora Central Schools District tax payments are now being received by Francis Hanigan, collector, in the main building at Boiceville.

Regular collection period is from Sept. 1 to Sept. 30. After Oct. 1 and through Oct. 31 there will be an additional assessment of two percent. The last day of collection.

Hanigan announced that payments will be accepted in his office either in person or by mail, Monday through Fridays, from 10 a. m. to 12 noon and from 1 p. m. to 4 p. m.

The equalized tax rate for 1961-62 based on $1,000 assessed valuation are as follows: town of Woodstock, $87.803; Lexington, $20.625; Shandaken, $39.352; Olive, $87.802; Hurley, $45.671; Marbletown, $41.965.

The tax rate on true valuation is 11.41 per $1,000.

Two surtaxes have been levied —one in former Common School District No. 2 in Woodstock, $7.424; and the other, former No. 5 in Hurley, $8.236.

Di Benedetto Youth to Study For Priesthood

Joseph Di Benedetto, 14-year-old son of Mr. and Mrs. Vito Di Benedetto of 47 Overlook Drive, Woodstock, has entered St. Charles College at Catonsville, Maryland for preparatory studies for the priesthood.

The youth is attending the college on a scholarship awarded by the Rev. Richard Stewart, pastor of St. John's Parish of West Hurley and Woodstock. He will remain at St. Charles for six years before moving on to advanced studies.

A former student at Onteora Central School, Di Benedetto has been head altar boy at St. Joan of Arc's Church in Woodstock for several years, under Rev. Jeremiah Nemecek and Rev. Stewart. Prior to that he was altar boy at St. Peter's in Rosendale under Monsignor Mulry at attended St. Peter's school. His father, Vito Di Benedetto, is a widely known Catholic layman and is active in Boy Scout and American Legion activities.

OCS Enrollment Is Record 2144

Onteora Central Schools District reported a record breaking first-day enrollment of 2144 on Thursday. The figure is 102 higher than the previous high of 2042 for the 1960-61 school term.

Watson I. Goodrich, administrative assistant at OCS, said pupils were still registering today and the final enrollment figures would run ever higher.

The breakdown in enrollment by schools:

Elementary — Bennett school and four kindergarten annexes, 534; West Hurley, 231; Woodstock, 252; central elementary at Boiceville, 330; elementary total, 1347.

Secondary — grades 7 through 12, district wide, 797, for grand total of 2144.

Landis Resigns As JFK Aide, Named in Suit

WASHINGTON (AP) — The White House has announced the resignation of James M. Landis, a presidential aide who was named as a co-respondent in a divorce suit.

The suit was filed Thursday, a few hours before Landis' resignation was announced. He had been a special assistant to President Kennedy on federal regulatory agencies.

The White House presss secretary, Pierre Salinger, told newsmen it was purely coincidental the resignation announcement and divorce action came on the same day.

Landis, 61, former dean of the Harvard Law School, submitted his resignation Aug. 1. The White House noted that when he took the agencies assignment he said he wanted to serve only until June.

Kennedy accepted Landis' resignation Sept. 1 and praised his work. Salinger said the exchange of letters between Landis and the President had not reached him until Thursday.

The suit was filed by Joseph A. Todd, husband of Landis' secretary. Todd, 45, claimed that his wife, Pauline, 41, had been intimate with Landis and with other men.

Mrs. Todd denied the accusation through her attorney. Landis was not available for comment.

Mrs. Todd brought action against her husband Aug. 4, seeking maintenance support and custody of their four children. A hearing on this suit was held Thursday and Mrs. Todd was granted temporary custody of the children. The Todds are separated.

Mrs. Todd was employed as Landis's secretary while Landis served in the White House executive offices as a special adviser. She had been his secretary in the past.

Landis was divorced from his first wife in 1947. The next year he married Dorothy Brown, a divorcee who had been his assistant while he served on the Civil Aeronautics Board.

Vicar Assails Sinful Drivers

LONDON (AP)—The Rev. Eric James says sinful driving is a major cause of auto crashes in Britain.

The vicar of St. George's Anglican Church in Camberwell wrote in his parish magazine that what drivers need is more humility.

He described as sinful drivers "turning to curse anyone who gets in their way, feeling that pedestrians are provocative menaces, finding it degrading to be overtaken and talking with a loud mouth upon the inferiority of women drivers."

Balloons Bring Help

TAIPEI, Formosa (AP) — The Chinese Nationalists announced today balloons floated from Formosa are being used to deliver relief supplies to the Communist-held China mainland.

The Free China Relief Association, which is in charge of the project, said the balloons carry up to 10 pounds of goods and travel well into the interior of Central and South China.

Mrs. FDR Satisfactory

NEW YORK (AP)—Mrs. Franklin D. Roosevelt, described as in "very satisfactory condition," leaves Columbia Presbyterian Medical Center today after a routine three-day checkup. Dr. A. David Gurewitsch, personal physician to the former First Lady, said Thursday Mrs. Roosevelt, 76, would go from the hospital to her home in Hyde Park, N. Y.

Bank Official Is Vice Chairman of Chest Fund Drive

CLIFFORD A. HENZE

Richard E. McNaughton, 1961 drive chairman for the Ulster County Community Chest, today announced the appointment of Clifford A. Henze as vice chairman of the 1961 Fund drive. Henze, who is executive vice president and treasurer of the Kingston Savings Bank, served as chairman for the Business and Industrial Division in the 1960 Chest drive.

Henze is a graduate of New York University's School of Commerce in 1938 and the Rutgers Graduate School of Banking. He was formerly associated with the Bronx County Trust, Bronx, New York, now part of the Chase Manhattan Bank, and the Bank of Passaic and Clifton in Passaic, N. J.

The Chest vice chairman is president of Rip Van Winkle Council, Boy Scouts of America; a member of the board of directors of the YMCA and a member of the Kingston Kiwanis Club. He and his wife Isabelle and their two sons, Russell 22 and John 15, reside in Hurley.

Upon being appointed to his position of vice chairman he commented: "With the addition of two new agencies for this year's Chest drive and the constant need for more facilities and services for the present agencies, it is imperative that all of us meet our responsibilities in sustaining these vital community activities. What we do or don't do in our annual drives determine the type of community we will have."

The song "Dixie" was composed by Dan Emmett in 1859 for a minstrel show.

Swallowing Coins Is Fatal to Seal

SEATTLE, Wash. (AP)—Frank Vincenzi, Woodland Park Zoo director, told the Seattle Park Board Thursday a postmortem showed a seal died of a sinking feeling in the stomach.

The feeling was caused by 321 pennies, 12 nickels, 8 dimes and 1 West German pfennig. For desert the seal also had swallowed a button, metal washer and 16 pebbles. It all came to 2 pounds 9½ ounces.

The official cause of death was listed as copper poisoning.

Verwoerd 60 Today

PRETORIA, South Africa (AP) —Prime Minister Hendrik F. Verwoerd today celebrated his 60th birthday working in his office here "because I have so much to do."

Verwoerd, who has been prime minister since 1958, is now busy directing the campaign of his National party for new elections to be held Oct. 18. The nationalists are favored to win another five years in power.

Old Cave

American archaeologists have found a cave in Iraq's Zagros Mountains which has been almost continuously inhabited for 100,000 years. They found a skeleton of a Neanderthal Man, who lived 45,000 years ago, in the cave.

Air Force Misses Summer Target On Titan Missile

WASHINGTON (AP) — The Air Force has missed its summer target for getting the first potent Titan intercontinental missiles in place.

But it expects to have the first nine Titans in firing position at Lowry Air Force Base in Colorado within the next few months.

In a test of the missile's inertial guidance system for a future more powerful model, the Air Force Thursday night successfully launched its second Titan in two nights from Cape Canaveral, Fla.

Officials said the bullet-shaped projectile performed as planned, sending its nose cone racing at more than 15,000 miles an hour into a target area 5,000 miles down the Atlantic Tracking Range.

The launching followed Wednesday night's successful Titan flight over a 6,100-mile course.

Pays $5 Fine

Charles W. Bowra of Elsmere, who was issued a summons for crossing a double white line in the Village of Saugerties on Sept. 1, paid a $5 fine Thursday when he appeared before Village Police Justice G. Thomas Rea Jr. Sgt. Harold Mills was the arresting officer.

Runner Job Is Over at Prison

CHESTER, Ill. (AP)— One job specialty at Menard Prison was eliminated Thursday — that of runner.

"The trustees have gotten the idea, somehow, that the term means 'distance runner,'" said Warden Ross Randolph.

Runners on the prison's 2,400-acre farm used to do errands, carry messages, and bring water for farm work crews. It was a highly-prized job.

The runner job was scratched after James F. Webb, 21, of Arthur, Ill., a runner about to be released from a one-to-five year larceny term, quit the institution without notice Tuesday.

The same thing happened Aug. 18 when the fleeing runner was Lawrence McKnight, 29, of Decatur, Ill. Both men are sought.

Boy Kicked by Horse Released from Hospital

Thomas Silva, six-year-old son of Mr. and Mrs. Gregory Silva of Stone Ridge, who was kicked in the face by a horse on a farm near his home Aug. 30, was discharged from Kingston Hospital Thursday.

Kingston troopers said the boy was kicked in the face by a horse on the Otto Wallevik farm at Stone Ridge.

Tax Collection Starts in OCS

Onteora Central Schools District tax payments are now being received by Francis Hanigan, collector, in the main building at Boiceville.

Regular collection period is from Sept. 1 to Sept. 30. After Oct. 1 and through Oct. 31 there will be an additional assessment of two percent. The last day of collection.

Hanigan announced that payments will be accepted in his office either in person or by mail, Monday through Fridays, from 10 a. m. to 12 noon and from 1 p. m. to 4 p. m.

The equalized tax rate for 1961-62 based on $1,000 assessed valuation are as follows: town of Woodstock, $87.803; Lexington, $20.625; Shandaken, $39.352; Olive, $87.802; Hurley, $45.671; Marbletown, $41.965.

The tax rate on true valuation is 11.41 per $1,000.

Two surtaxes have been levied —one in former Common School District No. 2 in Woodstock, $7.424; and the other, former No. 5 in Hurley, $8.236.

Di Benedetto Youth to Study For Priesthood

Joseph Di Benedetto, 14-year-old son of Mr. and Mrs. Vito Di Benedetto of 47 Overlook Drive, Woodstock, has entered St. Charles College at Catonsville, Maryland for preparatory studies for the priesthood.

The youth is attending the college on a scholarship awarded by the Rev. Richard Stewart, pastor of St. John's Parish of West Hurley and Woodstock. He will remain at St. Charles for six years before moving on to advanced studies.

A former student at Onteora Central School, Di Benedetto has been head altar boy at St. Joan of Arc's Church in Woodstock for several years, under Rev. Jeremiah Nemecek and Rev. Stewart. Prior to that he was altar boy at St. Peter's in Rosendale under Monsignor Mulry at attended St. Peter's school. His father, Vito Di Benedetto, is a widely known Catholic layman and is active in Boy Scout and American Legion activities.

OCS Enrollment Is Record 2144

Onteora Central Schools District reported a record breaking first-day enrollment of 2144 on Thursday. The figure is 102 higher than the previous high of 2042 for the 1960-61 school term.

Watson I. Goodrich, administrative assistant at OCS, said pupils were still registering today and the final enrollment figures would run ever higher.

The breakdown in enrollment by schools:

Elementary — Bennett school and four kindergarten annexes, 534; West Hurley, 231; Woodstock, 252; central elementary at Boiceville, 330; elementary total, 1347.

Secondary — grades 7 through 12, district wide, 797, for grand total of 2144.

Landis Resigns As JFK Aide, Named in Suit

WASHINGTON (AP) — The White House has announced the resignation of James M. Landis, a presidential aide who was named as a co-respondent in a divorce suit.

The suit was filed Thursday, a few hours before Landis' resignation was announced. He had been a special assistant to President Kennedy on federal regulatory agencies.

The White House presss secretary, Pierre Salinger, told newsmen it was purely coincidental the resignation announcement and divorce action came on the same day.

Landis, 61, former dean of the Harvard Law School, submitted his resignation Aug. 1. The White House noted that when he took the agencies assignment he said he wanted to serve only until June.

Kennedy accepted Landis' resignation Sept. 1 and praised his work. Salinger said the exchange of letters between Landis and the President had not reached him until Thursday.

The suit was filed by Joseph A. Todd, husband of Landis' secretary. Todd, 45, claimed that his wife, Pauline, 41, had been intimate with Landis and with other men.

Mrs. Todd denied the accusation through her attorney. Landis was not available for comment.

Mrs. Todd brought action against her husband Aug. 4, seeking maintenance support and custody of their four children. A hearing on this suit was held Thursday and Mrs. Todd was granted temporary custody of the children. The Todds are separated.

Mrs. Todd was employed as Landis's secretary while Landis served in the White House executive offices as a special adviser. She had been his secretary in the past.

Landis was divorced from his first wife in 1947. The next year he married Dorothy Brown, a divorcee who had been his assistant while he served on the Civil Aeronautics Board.

Vicar Assails Sinful Drivers

LONDON (AP)—The Rev. Eric James says sinful driving is a major cause of auto crashes in Britain.

The vicar of St. George's Anglican Church in Camberwell wrote in his parish magazine that what drivers need is more humility.

He described as sinful drivers "turning to curse anyone who gets in their way, feeling that pedestrians are provocative menaces, finding it degrading to be overtaken and talking with a loud mouth upon the inferiority of women drivers."

Balloons Bring Help

TAIPEI, Formosa (AP) — The Chinese Nationalists announced today balloons floated from Formosa are being used to deliver relief supplies to the Communist-held China mainland.

The Free China Relief Association, which is in charge of the project, said the balloons carry up to 10 pounds of goods and travel well into the interior of Central and South China.

Mrs. FDR Satisfactory

NEW YORK (AP)—Mrs. Franklin D. Roosevelt, described as in "very satisfactory condition," leaves Columbia Presbyterian Medical Center today after a routine three-day checkup. Dr. A. Bank Official Is Vice Chairman of Chest Fund Drive

CLIFFORD A. HENZE

Richard E. McNaughton, 1961 drive chairman for the Ulster County Community Chest, today announced the appointment of Clifford A. Henze as vice chairman of the 1961 Fund drive. Henze, who is executive vice president and treasurer of the Kingston Savings Bank, served as chairman for the Business and Industrial Division in the 1960 Chest drive.

Henze is a graduate of New York University's School of Commerce in 1938 and the Rutgers Graduate School of Banking. He was formerly associated with the Bronx County Trust, Bronx, New York, now part of the Chase Manhattan Bank, and the Bank of Passaic and Clifton in Passaic, N. J.

The Chest vice chairman is president of Rip Van Winkle Council, Boy Scouts of America; a member of the board of directors of the YMCA and a member of the Kingston Kiwanis Club. He and his wife Isabelle and their two sons, Russell 22 and John 15, reside in Hurley.

Upon being appointed to his position of vice chairman he commented: "With the addition of two new agencies for this year's Chest drive and the constant need for more facilities and services for the present agencies, it is imperative that all of us meet our responsibilities in sustaining these vital community activities. What we do or don't do in our annual drives determine the type of community we will have."

The song "Dixie" was composed by Dan Emmett in 1859 for a minstrel show.

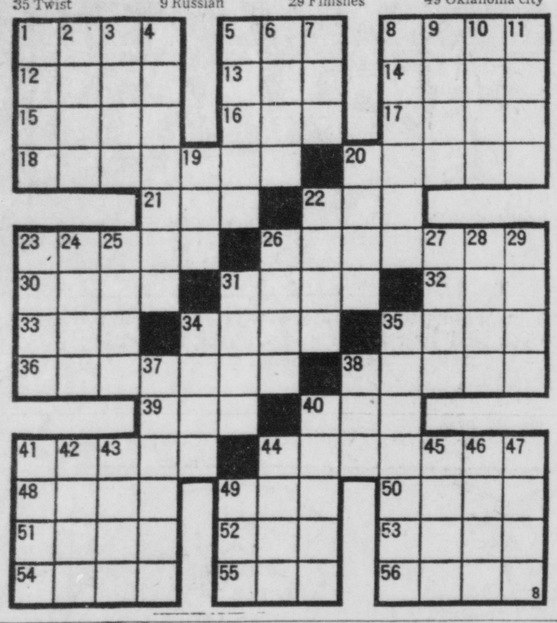
Answer to Previous Puzzle



Criterions Will Compete Sept. 17 At Rockland Meet

The Criterions, senior drum and bugle corps of Port Ewen will be among the nine crack eastern corps competing in the Interstate Circuit Championship parade of champions Sunday, Sept. 17 at 2 p. m. on Nyack High School Field.

Rain date for the second annual event sponsored by The Chessmen will be Sept. 24.

Other corps competing in addition to The Chessmen of Rockland County will be Amboy Dukes, Perth Amboy, N. J.; Chocolateers of Hershey, Pa.; Connecticut Yankees, Stratford, Conn.; Jersey Devils, Bordentown, N. J.; The Troopers, Bridgeport, Conn.; The Volunteers, Lambertville, N. J., and Yellow Jackets, Bangor, Pa.

The Criterions are America's newest marching and maneuvering drum and bugle corps. This new corps became a reality when two great corps, the Port Ewen Colonial Cavaliers and the Newburgh Ambassadors, joined with a mutual desire to produce a championship corps and set a standard of high performance both on and off the contest field.

In past years, both the Colonial Cavaliers and the Ambassadors were well known through the northeast, traveling extensively throughout the New England and Mid-Atlantic States. From 1955-58 and again in 1960, the Ambassadors were the New York State VFW Champions.

The roster of the Criterions is made up of over 75 active playing members, out of which a 62 man competing corps is formed. The competing corps consists of a 39-man bugle section, a nine-man drum section, a 12-man color guard and two drum majors.

This year the Criterions present a very picturesque show in portraying there theme, A Night On The Town. A few of the songs they will play are, I'm Gonna Live Till I Die, Hey There, You Came To Me From Out of Nowhere, Sophisticated Lady, Stairway To the Stars, and from the Broadway Show Music Man, Till There Was You.

The Criterions represent the Town of Esopus Post 1298 American Legion, Port Ewen, and the John T. Kelly Post No. 937 Veterans of Foreign Wars, Newburgh.

The corps officers and instructors are Spencer "Whitey" Meyers, corps director; Al Machholdt, advisor; Don Newcomb, Walt Broughton and George Garrison; John Ammerello, drum major; Joe Gennero, bugle instructor; Don Friesing, drum instructor; Vinny Ratford, drill instructor.

State Is Taking Orders for Trees In Reforestation

New York's District Foresters are now taking orders for 35 million seedling trees that will be available to the public for reforestation of private land during the coming year.

According to Charles Baar, chief of the Bureau of Forest Management and Nurseries in the State Conservation Department, the seedlings will be sold at a figure well below the cost of production at the department's three nurseries.

Order blanks and additional details can be obtained from District Foresters C. P. Fatzinger, Box 430, National Bank Building, Catskill, S. G. Bascom, 2 South Street, Middletown, and E. D. Brockway, 105 Dutchess Turnpike, Poughkeepsie.

Baar emphasized that under State Law, the trees must be used for reforestation, not for landscaping.

Species available are white, Scotch and red pine; Norway and white spruce; Japanese larch, Austrian pine, balsam and Douglas fir, black locust and—for planting on Long Island only — Japanese black pine, which is resistant to salt water spray.

BABSON on BUSINESS

By Roger W. Babson

BABSON DISCUSSES SUPERMARKETS

BABSON PARK, Mass., Sept. 8 — The New York Stock Exchange roughly divides into 50 groups the approximately 1,500 stocks which are listed thereon. The electronics and the oils are the most active, but the retail stores have shown the most steady progress. This group includes the supermarkets, of which there are about 25 large chains.

Supermarkets Are a Monopoly

A successful supermarket must have three requirements: (1) It must be located in the center of a growing population, (2) it must have a very large parking space, (3) it must be financed slowly out of its own growth. This means that a successful supermarket is more or less of a monopoly after a sufficient number of successful years.

As our population increases it becomes constantly more difficult to secure a sufficiently large and central location. Furthermore, these locations are constantly becoming scarcer and much harder to find near the residential sections. At one time we thought that "off street" parking lots would satisfy city shoppers. Unfortunately, however, women with children do not want to travel from an "off street" parking lot to the supermarket. They insist on parking directly on the land of the supermarket where a boy can wheel the purchases to the woman's car and where there is no time limit or parking fee.

Importance of Food

Food is the most important of all commodities. The farmer should receive more than he does, but his price is not for him to determine. The party who makes money on food is the middleman, who buys when and where food is cheapest.

Another commodity that has had a steady increase in demand is electricity. Hence I like supermarkets as a speculation and the cumulative preferred stocks of public utlities for steady income. To keep track of your investment, buy the common stock of the supermarket with which you trade and the preferred stock of the company which supplies your electricity and bills each month.

What About Shopping Centers?

Shopping centers are popular at the present time. But only the ones properly located have been successful. Merchants located in these shopping centers are doing much better than the downtown stores. Many of the old-fashioned city stores which have no parking facilities are making most of their money today from their suburban branches that have limited parking facilities. Therefore, the shopping center has its limitations.

If a shopping center is too large, it becomes less desirable to many women shoppers. Many shopping centers today are doing ¾ of their business on Friday and Saturday. Then the father, mother, and children all go together and make a day of it. All of this brings us back to the value and convenience of the supermarket which is properly located in a residential district and which has already purchased a large amount of land that will permit free parking for many years to come.

An Investment for Young People

Young married couples are learning that by living close to a modern supermarket (like the new Stop and Shop Markets) they can get along without cooking. The father can get his own breakfast; lunch is a simple meal; and a freshly baked already-cooked complete dinner may be secured from the supermarket. As a result, the small houses surrounding the supermarket have almost doubled in price. This increase in demand comes primarily from living so near a supermarket. But, of course, the supermarket is gradually buying houses adjoining its land.

A young married couple should first put their money into simple life insurance, which can now be bought very cheaply. Next, always have a reasonable deposit in a local bank for emergencies. The best plan of all, however—both for the convenience and as a good investment for appreciation—is to own a small house next to the land for a supermarket. Furthermore, if a family decides to move to another city for business reasons, there is always a good demand for such property. In short, I am bullish on good supermarkets and the neighborhoods in which they are located. But one should avoid newly organized supermarkets.

Was Diamond Bid Accidential?

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

I don't know exactly what South had in mind when he rebid two diamonds, but the final contract of four spades was reasonable.

When it came to the actual play, the diamond bid really proved effective. To start with, it kept West from opening it, South would almost surely have gone down two tricks.

Instead, West opened a trump. East's jack forced South's ace and South promptly led a second trump.

West won with the king and now made a losing play. He led a third trump. When both sides play the same suit, one must be wrong. South was playing trumps. It was up to West to lead something else.

Once this third trump was led South had smooth sailing. He led a club toward his queen. West won with the king and led a diamond, but by this time the boat had sailed. South went up with dummy's ace, played ace and another club and eventually discarded his jack of hearts and third diamond on the long clubs.

West should have led a diamond when he got in with the king of spades. South had bid diamonds, but West had nothing to lose by playing the suit since if South had a real diamond suit it would all be good anyway.

With the diamond shift at that point South would have had no way to make the hand. He could go after the clubs but he would not get the suit set up in time for the diamond discard.

Basic Firearms Training Class Set at Peekskill

H. C. Foster, special agent in charge of the FBI office in New York City announced today that a Basic Firearms Training School for police will be conducted by FBI instructors during the week of September 11-15, 1961 at the National Guard Ranges, Camp Smith, Peekskill.

Sponsors for this school are Sheriff John E. Hoy, Westchester County, representing the New York State Sheriff's Association and Chief Peter King, Peekskill, representing the New York State Association of Chiefs of Police.

Training will be given daily from 9 a. m. through 4 p m. and invitations have been extended to sheriff's offices and chiefs of police throughout New York State to send representatives to this school.

Sheriff Hoy and Chief King advised that the school will cover all phases of firearms training including the safe and effective use of basic police weapons. This school is a part of the New York State long range police training program sponsored by the New York State Sheriff's Association and the New York State Association of Chiefs of Police in cooperation with the FBI.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

HOLLYWOOD (AP) — This week's "Mystery Theatre," the series of English-made suspense movies which is keeping the NBC store for vacationing Perry Como, had, as a principal character, an actor who spoke all his lines through a cigarette dangling from his lips.

He also spoke fast, and the cigarette caused him to mumble. He frequently had such lines as "Do any old lags work in this plant?" and "A child of three could open this safe with a blunt tin-opener."

This was all very fine for a British audience, whose ear is attuned to its own brand of language and who understands local slang, but sometimes the American audience is left completely in the dark for long stretches of plot.

This difference between English English and American English sometimes presents a real problem in the foreign production of TV shows for United States consumption. In fact, when the NBC "Hitchcock Presents" series decided to experiment this summer by making one program in England, director Norman Lloyd, an American, and several assistants flew from Hollywood to Britain to supervise the show.

The single program, "I Spy," uses British actors and technical crews. The company went to the resort town of Brighton for outdoor location scenes and made interior scenes in real London locations.

"But we didn't feel we could use a British director for the show," explained British-born, English-accented Joan Harrison, producer of the long-playing series. "No Briton can possibly gauge how British you can get in a show and still keep an American audience with you."

This may be the last year of the half-hour "Hitchcock Presents" show, incidentally, because both Alfred Hitchcock, the star, and Miss Harrison are thinking of extending it to an hour's length for the 1962-63 season.

Criterions Will Compete Sept. 17 At Rockland Meet

The Criterions, senior drum and bugle corps of Port Ewen will be among the nine crack eastern corps competing in the Interstate Circuit Championship parade of champions Sunday, Sept. 17 at 2 p. m. on Nyack High School Field.

Rain date for the second annual event sponsored by The Chessmen will be Sept. 24.

Other corps competing in addition to The Chessmen of Rockland County will be Amboy Dukes, Perth Amboy, N. J.; Chocolateers of Hershey, Pa.; Connecticut Yankees, Stratford, Conn.; Jersey Devils, Bordentown, N. J.; The Troopers, Bridgeport, Conn.; The Volunteers, Lambertville, N. J., and Yellow Jackets, Bangor, Pa.

The Criterions are America's newest marching and maneuvering drum and bugle corps. This new corps became a reality when two great corps, the Port Ewen Colonial Cavaliers and the Newburgh Ambassadors, joined with a mutual desire to produce a championship corps and set a standard of high performance both on and off the contest field.

In past years, both the Colonial Cavaliers and the Ambassadors were well known through the northeast, traveling extensively throughout the New England and Mid-Atlantic States. From 1955-58 and again in 1960, the Ambassadors were the New York State VFW Champions.

The roster of the Criterions is made up of over 75 active playing members, out of which a 62 man competing corps is formed. The competing corps consists of a 39-man bugle section, a nine-man drum section, a 12-man color guard and two drum majors.

This year the Criterions present a very picturesque show in portraying there theme, A Night On The Town. A few of the songs they will play are, I'm Gonna Live Till I Die, Hey There, You Came To Me From Out of Nowhere, Sophisticated Lady, Stairway To the Stars, and from the Broadway Show Music Man, Till There Was You.

The Criterions represent the Town of Esopus Post 1298 American Legion, Port Ewen, and the John T. Kelly Post No. 937 Veterans of Foreign Wars, Newburgh.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP TV-Radio Writer

HOLLYWOOD (AP) — This week's "Mystery Theatre," the series of English-made suspense movies which is keeping the NBC store for vacationing Perry Como, had, as a principal character, an actor who spoke all his lines through a cigarette dangling from his lips.

He also spoke fast, and the cigarette caused him to mumble. He frequently had such lines as "Do any old lags work in this plant?" and "A child of three could open this safe with a blunt tin-opener."

This was all very fine for a British audience, whose ear is attuned to its own brand of language and who understands local slang, but sometimes the American audience is left completely in the dark for long stretches of plot.

This difference between English English and American English sometimes presents a real problem in the foreign production of TV shows for United States consumption. In fact, when the NBC "Hitchcock Presents" series decided to experiment this summer by making one program in England, director Norman Lloyd, an American, and several assistants flew from Hollywood to Britain to supervise the show.

The single program, "I Spy," uses British actors and technical crews. The company went to the resort town of Brighton for outdoor location scenes and made interior scenes in real London locations.

"But we didn't feel we could use a British director for the show," explained British-born, English-accented Joan Harrison, producer of the long-playing series. "No Briton can possibly gauge how British you can get in a show and still keep an American audience with you."

This may be the last year of the half-hour "Hitchcock Presents" show, incidentally, because both Alfred Hitchcock, the star, and Miss Harrison are thinking of extending it to an hour's length for the 1962-63 season.

Report Non-farm Employment Drop In 3-State Area

Non-farm employment in the Middle Atlantic region of New York, Pennsylvania and New Jersey declined to 11,847,500 in July as a result of seasonal factors, Louis F. Buckley, regional director of the U. S. Department of Labor's Bureau of Labor Statistics stated today.

Wage and salary worker employment was down 43,900 over the month, and 70,000 below the year-ago level. This .3 per cent drop was in line with a national decline of .4 per cent. Over 80 per cent of the regional loss occurred in nonmanufacturing industries where seasonal declines in trade and government of 20,700 and 35,600 were only partially offset by gains in other divisions.

Manufacturing employment was down less than seasonally expected, only .2 per cent compared with a 1.7 per cent decline averaged during the post war years 1947-60. The level was, however, some 143,000 or 3.5 per cent under the year ago figure. Most of the net 7,800 over-the-month decline occurred in fabricated metals, electrical machinery and textile industries. These declined 2,500, 2,000 and 2,400, respectively, while small gains were shown by primary metals, apparel and instrument manufacturers.

Weekly earnings of factory production workers rose during the month to new highs of $92.95 in New York and $93.37 in New Jersey, reflecting an improvement in average hourly earnings. Hourly earnings in New York set a new high of $2.39. Weekly earnings in Pennsylvania also rose $.24 to $92.20 as a result of a slightly longer workweek.

Maris Hits No. 55 as Yanks Win

By ED WILKS
Associated Press Sports Writer

Roger Maris, an old hand at busting down barriers (he once crashed through a wooden fence chasing a fly ball), now is within five home runs of powering through to tie Babe Ruth's 34-year-old record of 60.

Maris hit No. 55, his second in two games, as the New York Yankees cracked the Cleveland Indians 7-3 Thursday night. Only three other challengers to Ruth's supreme 60 in 1927 ever have been this close—Jimmy Foxx, Hank Greenberg and Hack Wilson.

Foxx got to 58 with the old Philadelphia A's in 1932. Greenberg also finished with 58, for Detroit in 1938. Wilson stopped at 56 with the Chicago Cubs when he set the National League record in 1930.

Maris, who startled Cleveland defenses with a drag bunt that brought in a run his first at-bat Thursday night, still is seven games ahead of the Babe's record pace. He has 14 games in which to break Ruth's mark within the limit of 154 team decisions set by Commissioner Ford Frick.

Two Games Behind

Teammate Mickey Mantle, his total still at 51, fell two games behind Ruth's pace when he failed to connect for the second straight game. But the Mick doubled home the tie-breaking run that gave the Yanks their eighth straight victory and a run-away, nine-game lead over Detroit.

The second place Tigers lost their seventh in a row, 8-4 at Boston, in an afternoon game. Third place Baltimore edged within 3½ games of Detroit by whipping Washington 6-3 in the only other AL game scheduled.

Pittsburgh defeated the Chicago Cubs 7-5 in the lone NL game.

Maris, whose solo homer came in the third inning on a 1-0 pitch by losing left-hander Dick Stigman, shrugged off his earlier sacrifice of a swing for the bunt. "I was up there to get the run in," he said. "That was my job."

Mantle's double put the Yanks back in the lead in a two-run sixth after the Indians had tied it in their sixth on Tito Francona's three-run homer off Ralph Terry. The Yankee right-hander, now 13-2, retired the first 13 men he faced and finished with a five-hitter.

Magic Number is 14

The win reduced the Yanks' magic number to 14. Any combination of New York victories and Detroit losses totaling 14 gives the Yankees another pennant.

The Tigers, a week ago just 1½ games behind New York, blew a 3-1 lead at Boston as their ace, Frank Lary (19-9) lost on his third try for victory No. 20. An error by Norm Cash and Frank Malzone's three-run homer put the Red Sox even in the third, and Chuck Schilling's single put it away in the sixth for Bill Monbouquette (12-12).

Steelers, Bears To Play Tonight

A crowd of 40,000 will watch Coaches Bubddy Parker of the Pittsburgh Steelers and George Halas of the Chicago Bears match wits tonight in Chicago's Soldier Field in an effort to give their respective teams a winning National Football League exhibition season.

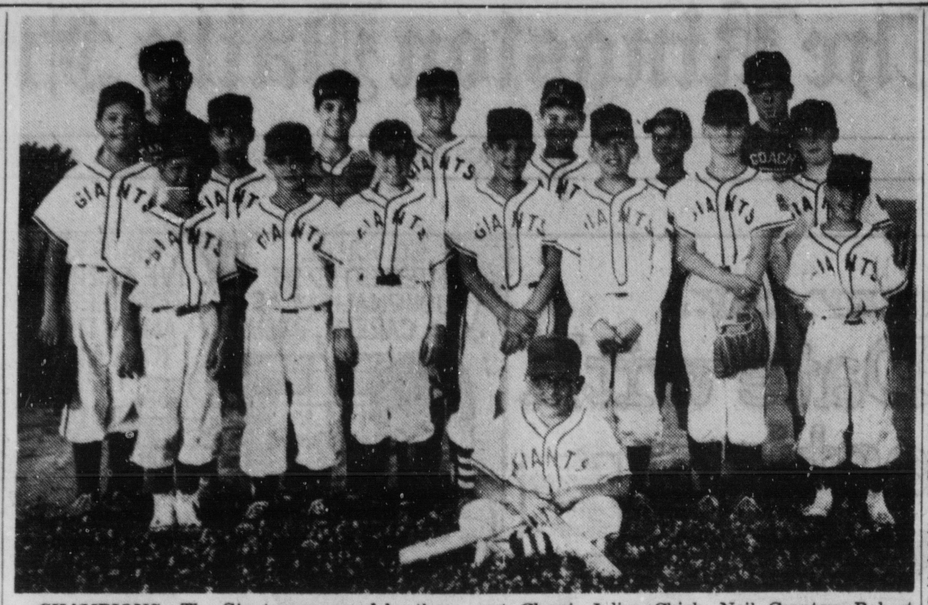
The Steelers-Bears clash is the 16th annual Armed Forces Benefit game and will be the closing exhibition contest for both clubs.

Pittsburgh and Chicago enter tonight's tilt with 2-2 NFL records and the memory of a 21-21 deadlock in the same Armed Forces scrap last year.

No other games are on the schedule tonight, but all the remaining 14 clubs wind up their exhibition campaigns either Saturday night or Sunday. The regular season begins Sept. 17.

In Saturday games, Washington plays Green Bay at Columbus, Ga.; Philadelphia meets St. Louis at Hershey, Pa.; San Francisco plays Dallas at Sacramento, Calif.; and Detroit is at Cleveland.

Sunday, Los Angeles plays the Minnesota Vikings at St. Paul-Minneapolis; and New York meets Baltimore at the Yale Bowl in New Haven.



CHAMPIONS—The Giants, sponsored by the Hudson Cement Corp. of East Kingston, won the Glasco-East Kingston Little League title with an 18-0 record. Sitting in the front row is batboy Santo Perry. In the second row, left to right, Paul Watzka, Tommy Riozzi, David Rider, Robert Clausi, Julius Chick, Neil Crantex, Robert Carr. Third row, same order, Peter Watzka, Henry Rua, John Nagy, Ward Borchardt, Richard Clausi, John Bonelli, Stephen Rider. Fourth row, Manager Joe Watzka and Coach John Chick Jr.

Seniors Golf Pairings

A record breaking total of 79 players will tee off in the 9th annual Ulster County Seniors Golf Association championships Sunday at Woodstock Country Club.

Laver Talks With Kramer

FOREST HILLS, N.Y. (AP) — Rod Laver, the overwhelming choice to win the National Tennis championship, admitted today he had talked greenbacks with professional czar Jack Kramer.

"But," said the Australian lefthander, "my plans are indefinite after the Davis Cup challenge round. I'll definitely remain an amateur until then.

"After that, I don't know. I wouldn't want to say one thing and mean another."

This, indeed, has been Laver's year. He has only one black mark against him. That is a loss to cup mate Roy Emerson in the final of the Australian championships. But he partially atoned for that by winning Wimbledon.

Laver blasted his way into the quarter-final round Thursday with a 6-3, 6-4, 6-3 decision over Chris Crawford of Piedmont, Calif. His opponent today is Don Dell of Bethesda, Md., who downed John Sharpe of Edinburg, Tex., 7-9, 6-3, 6-2, 8-6.

Rafael Osuna, 22, Mexican Davis cupper, also pulled into the quarters by upsetting Bob Mark of Australia, 6-3, 6-4, 8-6.

Britain's Mike Sangster was leading Mexican champion Antonio Palafox, 21-19, 8-7 when darkness fell over the West Side Tennis Club.

In the women's division, defending champion Darlene Hard, seeded No. 1, gained the semifinal with a 6-3, 6-1 triumph over Yola Ramirez of Mexico. Margaret Smith of Australia, seeded No. 5, eliminated Christine Truman of Britain, 8-10, 6-4, 6-3 in another match that advanced the winner to the semifinals.

Giants Wallop Braves, 9-2, in Glasco-EK Loop

Completing their sweep of league honors, the powerful Giants walloped the Braves, 9-2, for their 18th straight win in the Glasco-East Kingston League. The other three clubs in the circuit had 6-12 marks, 12 games behind the winners.

Peter Watzka hurled the win. It tied him with Julius Chick both closing the campaign with nine victories each. Watzka also slugged nine home runs and had a batting average of .702.

Richard Clausi and John Bonelli swatted homers to lead the Giants to the decision. Watzka walked four and struck out 12 in beating starter John Berardi and relief hurler Charles Misasi.

The winners had only five safeties, all by different players. Bill Mahoney had two singles for the Braves, who had three hits off the slants of Watzka. Chick doubled for the winners.

Rog 7 Games Ahead of Ruth AsHeNears60HomeRunMark

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—Never were Roger Maris' chances of breaking Babe Ruth's home run record brighter than today.

The Yankee slugger smashed another four - bagger Thursday night in New York's 7-3 triumph over Cleveland to increase his season output to 55, only five shy of the mark Ruth set with the Yankees of 1927. He is seven games ahead of the Babe's record pace.

It seems no longer a question as to whether the left-handed half of the Mantle-Maris socking duo will break the homer record, but how soon?

Maris remains firm in his refusal to discuss the possibilities, but even Mantle and manager Ralph Houk acknowledged Rog's chances were "excellent."

Houk, in fact, hinted broadly that Maris might even do it before the Indians leave town Sunday night. Before the game, that became the Yankees' eighth triumph in a row, Houk said: "I would have to say Rog's chances are excellent. He may not hit any homers tonight because they're using a left-hander (Dick Stigman), but he should be able to hit a few off the right-handers Dykes (Cleveland Manager Jimmy Dykes) will throw at us in the remaining four games.

"Undoubtedly, we'll see Bell, Perry, Grant and Latman. Maris and Mantle, too, hit the stuffings out of those guys."

Houk was wrong about Stigman (Maris socked him for a home run and two singles in three times at bat) but the records bear the manager out regarding the others. Maris has slugged Perry for three home runs and Bell for two. He's faced Grant twice and Latman only once this year, not hitting any off either.

Mantle's best Thursday was a two-bagger in four times at bat but in the first inning Willie Kirkland caught his drive with his back against the right-field barrier. He has 51 homers.

Maris got his homer in the third inning. He hit Stigman's second pitch, a curve ball after the southpaw had brushed him back with a high inside fast ball. In the first inning, after Tony Kubek tripled, Maris surprised every one in the park by bunting. The Indians were so astonished that Rog was able to beat it out, Kubek scoring easily.

"I guess this ought to prove to everyone that Maris, as well as Mantle, are out there primarily to win ball games, not to break home run records," said Houk.

F. Ferraro Rolls 270

Larry Petersen's 658 Leads Invitational

Fred Ferraro and Larry Petersen shared scoring honors as the newly-organized Invitational Classic launched its first season last night at the Bowlerama.

Ferraro rolled a 270 solo as part of 630 series in which the other games were 147 and 213. He spared in the first frame, struck in the second, spared in the third, then threw nine strikes in a row.

Petersen had a 658 slam on games of 226, 205, 227. In all there were ten "600" triples in the new league which is restricted to bowlers with averages of 180 or better.

John Schatzel was runnerup with 211-208-236 for 655 and Bruce Hinkley downed 177-253-219-649.

Maris Hits No. 55 as Yanks Win

By ED WILKS
Associated Press Sports Writer

Roger Maris, an old hand at busting down barriers (he once crashed through a wooden fence chasing a fly ball), now is within five home runs of powering through to tie Babe Ruth's 34-year-old record of 60.

Maris hit No. 55, his second in two games, as the New York Yankees cracked the Cleveland Indians 7-3 Thursday night. Only three other challengers to Ruth's supreme 60 in 1927 ever have been this close—Jimmy Foxx, Hank Greenberg and Hack Wilson.

Foxx got to 58 with the old Philadelphia A's in 1932. Greenberg also finished with 58, for Detroit in 1938. Wilson stopped at 56 with the Chicago Cubs when he set the National League record in 1930.

Maris, who startled Cleveland defenses with a drag bunt that brought in a run his first at-bat Thursday night, still is seven games ahead of the Babe's record pace. He has 14 games in which to break Ruth's mark within the limit of 154 team decisions set by Commissioner Ford Frick.

Two Games Behind

Teammate Mickey Mantle, his total still at 51, fell two games behind Ruth's pace when he failed to connect for the second straight game. But the Mick doubled home the tie-breaking run that gave the Yanks their eighth straight victory and a run-away, nine-game lead over Detroit.

The second place Tigers lost their seventh in a row, 8-4 at Boston, in an afternoon game. Third place Baltimore edged within 3½ games of Detroit by whipping Washington 6-3 in the only other AL game scheduled.

Pittsburgh defeated the Chicago Cubs 7-5 in the lone NL game.

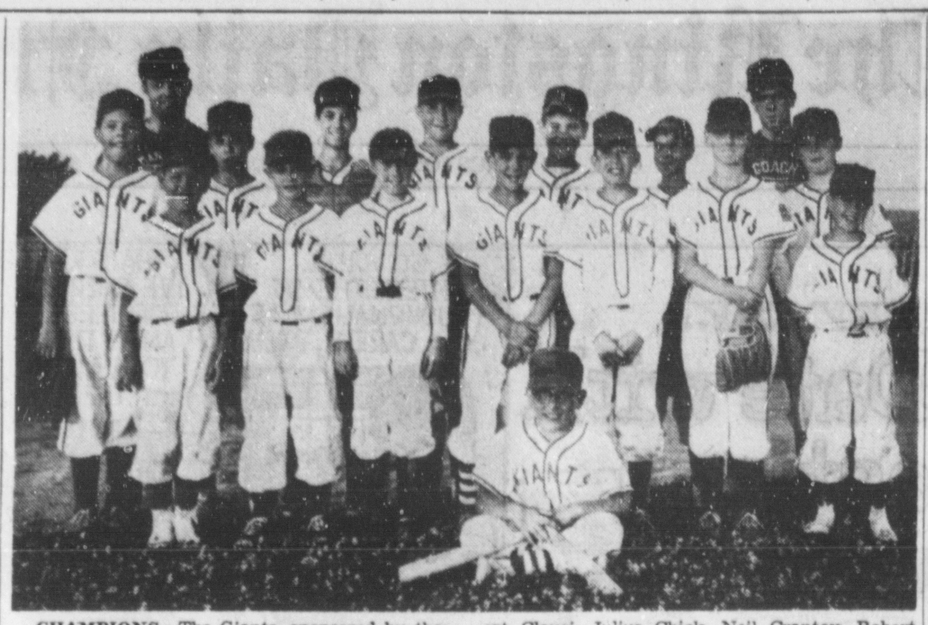
Maris, whose solo homer came in the third inning on a 1-0 pitch by losing left-hander Dick Stigman, shrugged off his earlier sacrifice of a swing for the bunt. "I was up there to get the run in," he said. "That was my job."

Mantle's double put the Yanks back in the lead in a two-run sixth after the Indians had tied it in their sixth on Tito Francona's three-run homer off Ralph Terry. The Yankee right-hander, now 13-2, retired the first 13 men he faced and finished with a five-hitter.

Magic Number is 14

The win reduced the Yanks' magic number to 14. Any combination of New York victories and Detroit losses totaling 14 gives the Yankees another pennant.

The Tigers, a week ago just 1½ games behind New York, blew a 3-1 lead at Boston as their ace, Frank Lary (19-9) lost on his third try for victory No. 20. An error by Norm Cash and Frank Malzone's three-run homer put the Red Sox even in the third, and Chuck Schilling's single put it away in the sixth for Bill Monbouquette (12-12).



CHAMPIONS—The Giants, sponsored by the Hudson Cement Corp. of East Kingston, won the Glasco-East Kingston Little League title with an 18-0 record. Sitting in the front row is batboy Santo Perry. In the second row, left to right, Paul Watzka, Tommy Riozzi, David Rider, Robert Clausi, Julius Chick, Neil Crantex, Robert Carr. Third row, same order, Peter Watzka, Henry Rua, John Nagy, Ward Borchardt, Richard Clausi, John Bonelli, Stephen Rider, Fourth row, Manager Joe Watzka and Coach John Chick Jr.

Giants Wallop Braves, 9-2, in Glasco-EK Loop

Completing their sweep of league honors, the powerful Giants walloped the Braves, 9-2, for their 18th straight win in the Glasco-East Kingston League. The other three clubs in the circuit had 6-12 marks, 12 games behind the winners.

Peter Watzka hurled the win. It tied him with Julius Chick both closing the campaign with nine victories each. Watzka also slugged nine home runs and had a batting average of .702.

Richard Clausi and John Bonelli swatted homers to lead the Giants to the decision. Watzka walked four and struck out 12 in beating starter John Berardi and relief hurler Charles Misasi.

The winners had only five safeties, all by different players. Bill Mahoney had two singles for the Braves, who had three hits off the slants of Watzka. Chick doubled for the winners.

Rog 7 Games Ahead of Ruth As He Nears 60 Home Run Mark

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP)—Never were Roger Maris' chances of breaking Babe Ruth's home run record brighter than today.

The Yankee slugger smashed another four - bagger Thursday night in New York's 7-3 triumph over Cleveland to increase his season output to 55, only five shy of the mark Ruth set with the Yankees of 1927. He is seven games ahead of the Babe's record pace.

It seems no longer a question as to whether the left-handed half of the Mantle-Maris socking duo will break the homer record, but how soon?

Maris remains firm in his refusal to discuss the possibilities, but even Mantle and manager Ralph Houk acknowledged Rog's chances were "excellent."

Houk, in fact, hinted broadly that Maris might even do it before the Indians leave town Sunday night. Before the game, that became the Yankees' eighth triumph in a row, Houk said: "I would have to say Rog's chances are excellent. He may not hit any homers tonight because they're using a left-hander (Dick Stigman), but he should be able to hit a few off the right-handers Dykes (Cleveland Manager Jimmy Dykes) will throw at us in the remaining four games.

"Undoubtedly, we'll see Bell, Perry, Grant and Latman. Maris and Mantle, too, hit the stuffings out of those guys."

Houk was wrong about Stigman (Maris socked him for a home run and two singles in three times at bat) but the records bear the manager out regarding the others. Maris has slugged Perry for three home runs and Bell for two. He's faced Grant twice and Latman only once this year, not hitting any off either.

Mantle's best Thursday was a two-bagger in four times at bat but in the first inning Willie Kirkland caught his drive with his back against the right-field barrier. He has 51 homers.

Maris got his homer in the third inning. He hit Stigman's second pitch, a curve ball after the southpaw had brushed him back with a high inside fast ball. In the first inning, after Tony Kubek tripled, Maris surprised every one in the park by bunting. The Indians were so astonished that Rog was able to beat it out, Kubek scoring easily.

"I guess this ought to prove to everyone that Maris, as well as Mantle, are out there primarily to win ball games, not to break home run records," said Houk.

Steelers, Bears To Play Tonight

A crowd of 40,000 will watch Coaches Budddy Parker of the Pittsburgh Steelers and George Halas of the Chicago Bears match wits tonight in Chicago's Soldier Field in an effort to give their respective teams a winning National Football League exhibition season.

The Steelers-Bears clash is the 16th annual Armed Forces Benefit game and will be the closing exhibition contest for both clubs.

Pittsburgh and Chicago enter tonight's tilt with 2-2 NFL records and the memory of a 21-21 deadlock in the same Armed Forces scrap last year.

No other games are on the schedule tonight, but all the remaining 14 clubs wind up their exhibition campaigns either Saturday night or Sunday. The regular season begins Sept. 17.

In Saturday games, Washington plays Green Bay at Columbus, Ga.; Philadelphia meets St. Louis at Hershey, Pa.; San Francisco plays Dallas at Sacramento, Calif.; and Detroit is at Cleveland.

Sunday, Los Angeles plays the Minnesota Vikings at St. Paul-Minneapolis; and New York meets Baltimore at the Yale Bowl in New Haven.

Laver Talks With Kramer

FOREST HILLS, N.Y. (AP) — Rod Laver, the overwhelming choice to win the National Tennis championship, admitted today he had talked greenbacks with professional czar Jack Kramer.

"But," said the Australian lefthander, "my plans are indefinite after the Davis Cup challenge round. I'll definitely remain an amateur until then.

"After that, I don't know. I wouldn't want to say one thing and mean another."

This, indeed, has been Laver's year. He has only one black mark against him. That is a loss to cup mate Roy Emerson in the final of the Australian championships. But he partially atoned for that by winning Wimbledon.

Laver blasted his way into the quarter-final round Thursday with a 6-3, 6-4, 6-3 decision over Chris Crawford of Piedmont, Calif. His opponent today is Don Dell of Bethesda, Md., who downed John Sharpe of Edinburg, Tex., 7-9, 6-3, 6-2, 8-6.

Rafael Osuna, 22, Mexican Davis cupper, also pulled into the quarters by upsetting Bob Mark of Australia, 6-3, 6-4, 8-6.

Britain's Mike Sangster was leading Mexican champion Antonio Palafox, 21-19, 8-7 when darkness fell over the West Side Tennis Club.

In the women's division, defending champion Darlene Hard, seeded No. 1, gained the semifinal with a 6-3, 6-1 triumph over Yola Ramirez of Mexico. Margaret Smith of Australia, seeded No. 5, eliminated Christine Truman of Britain, 8-10, 6-4, 6-3 in another match that advanced the winner to the semifinals.

Smith Tops Pete Zeeh In Tennis

Dick Smith was forced into a third set before beating Pete Zeeh, 6-2, 5-7, 6-4, in the semi-finals of the men's division of the Kingston Tennis tournament recently at the Forsyth Park courts. Smith will face Dick Little for the singles crown on Sunday at 1 p. m.

Smith won the first set from his youthful opponent without much trouble and he had a 5-3 lead in the second set. However, Zeeh rallied to take four games in a row. Smith went ahead, 4-1, in the third set but Zeeh hung in there before finally bowing when the favorite took two straight games.

The husband and wife team of Ernest and Clem Shute advanced in the mixed doubles with 6-1, 6-1 wins over Mary Short and Pete Roberts. In another mixed doubles match, a mild upset took place when Dr. and Mrs. Grover defeated Eva Clemens and Joe Hevesi, 6-2, 1-6, 6-2.

Poor Hurling Hurts Richmond in League

By THE ASSOCIATED PRESS

A post-mortem to Richmond's plummet from second place in last year's International League finish to a second division spot this year would have to include the ineffectiveness of the pitching staff.

The 1961 champions from Columbus will happily attest to his, after their 9-5 drubbing of Richmond Thursday night. In the only scheduled IL contest, four Richmond pitchers, none of them with a winning record, were battered for 12 hits.

Richards Looks To Young Players

HOUSTON, Tex. (AP) — Paul Richards believes the job of developing new teams in an expanded National League will be tougher than in the American League.

The new general manager of the National League Houston Colts said today the 1961 expansion by the American gave new clubs in Washington and Los Angeles a head start on acquiring young players.

"That means we plan to force-feed our young players," he said. "The minute they show signs of making the major leagues they will be given a chance. The answer to Houston's problems is in young players."

Houston and the New York Mets move into the National League next year.

Richards Thursday signed a three-year Colt contract at a reported $60,000 a year. He had resigned last Friday as field manager of the American League Baltimore Orioles.

matter of Fact

In baseball's early days, eager teams resorted to some interesting though unfair devices. A favorite trick was storing a ball or two in the refrigerator for a few hours before the game. If a home team pitcher, ahead in late innings, wanted to insure victory, he sent to the refrigerator for balls. When opposing batters hit them, they acted like cotton wads.

Engle Not Worried About Penn State

UNIVERSITY PARK, Pa. (AP) — Pre-season predictions tabbing Penn State as the top football power in the east aren't bothering head coach Rip Engle in the least.

Fact is, Engle figures the high rating will give his boys something to live up to.

The battle for Eastern football supremacy probably will be between the Lions and Syracuse with Army and Pitt strong contenders, Engle said.

Engle looks on his own squad as "one of the best groups of kids I've ever worked with."

"Syracuse no doubt will be our toughest opponent," Engle added, "with Army and Pitt coming next." Other opponents include California, Holy Cross, Miami, Fla., Boston U., Maryland and West Virginia.

Poor Hurling Hurts Richmond in League

By THE ASSOCIATED PRESS

A post-mortem to Richmond's plummet from second place in last year's International League finish to a second division spot this year would have to include the ineffectiveness of the pitching staff.

The 1961 champions from Columbus will happily attest to his, after their 9-5 drubbing of Richmond Thursday night. In the only scheduled IL contest, four Richmond pitchers, none of them with a winning record, were battered for 12 hits.

AFL Set to Open Season Tonight

By THE ASSOCIATED PRESS

The American Foootball League shoves off on its second season Saturday and Sunday with the repeat of an exhibition game headlining the opening schedule.

Dallas will be out for quick revenge because the Texans clash with San Diego in a televised game in the Dallas Cotton Bowl Sunday afternoon. San Diego beat the Texans in last Sunday's exhibition 31-10.

Houston, the defending champion, gets the league race started Friday night in a clash with Oakland. New York and Boston tangle at Boston.

Denver plays Bufffalo at Bufffalo Sunday afternoon in the other league opener.

Gerry Thomas Chosen Player of the Month

WILLIAMSPORT, Pa. (AP) — Right - handed pitcher Gerry Thomas of the champion Springfield Giants today was chosen as the Eastern League's "player of the month" for August.

Thomas was the league's only 20-game winner, finishing with a 20-7 record.

Other monthly awards this season went to Charley Keller, Binghamton first baseman; Danny Cater, Williamsport third baseman, and Tony Martinez, Reading shortsop.

Fishing Is Slow

ALBANY, N.Y. (AP) — Fishing in New York State this week is slow, the State Conservation Department reports.

The prolonged spell of unseasonably hot weather has delayed the expected fishing revival that normally occurs in September, the department said Thursday in its weekly fishing report.

Schatzel Rolls 624

Richards Looks To Young Players

HOUSTON, Tex. (AP) — Paul Richards believes the job of developing new teams in an expanded National League will be tougher than in the American League.

The new general manager of the National League Houston Colts said today the 1961 expansion by the American gave new clubs in Washington and Los Angeles a head start on acquiring young players.

"That means we plan to force-feed our young players," he said. "The minute they show signs of making the major leagues they will be given a chance. The answer to Houston's problems is in young players."

Houston and the New York Mets move into the National League next year.

Richards Thursday signed a three-year Colt contract at a reported $60,000 a year. He had resigned last Friday as field manager of the American League Baltimore Orioles.

matter of fact

In baseball's early days, eager teams resorted to some interesting though unfair devices. A favorite trick was storing a ball or two in the refrigerator for a few hours before the game. If a home team pitcher, ahead in late innings, wanted to insure victory, he sent to the refrigerator for balls. When opposing batters hit them, they acted like cotton wads.

Engle Not Worried About Penn State

UNIVERSITY PARK, Pa. (AP) — Pre-season predictions tabbing Penn State as the top football power in the east aren't bothering head coach Rip Engle in the least.

Fact is, Engle figures the high rating will give his boys something to live up to.

The battle for Eastern football supremacy probably will be between the Lions and Syracuse with Army and Pitt strong contenders, Engle said.

Engle looks on his own squad as "one of the best groups of kids I've ever worked with."

"Syracuse no doubt will be our toughest opponent," Engle added, "with Army and Pitt coming next." Other opponents include California, Holy Cross, Miami, Fla., Boston U., Maryland and West Virginia.

West Camp Girl Vies for Title In Local Pageant

MISS VIRGINIA ROESER, daughter of Mr. and Mrs. Frank Roeser of West Camp, has accepted a nomination as an entry in the Miss Saugerties pageant to be held at the Saugerties High School on Sept. 15 and 16.

Miss Roeser, a senior in the Saugerties High School, has brown hair and brown eyes. She is secretary of the Debate Club, and a member of the Leaders Club and French Club, and organist at St. Mary's Church in Cementon. Her goal is to become a physical education teacher or a physical therapist.

Sewing Contest Judges Selected

Judges have been chosen for the Jayncee sewing contest which is now in progress. The contest will culminate Saturday, Sept. 23, when the entries will be displayed at the Reformed Church basement beginning at 1 p. m.

Mrs. Adele Cook, Mrs. Patricia Weiss and Mrs. Doreen Scott will be on hand to do the final judging of the home fashioned styles which will include children's wear, beginners and advanced, and adult styles, beginners, intermediate and advanced categories. Announcements of the winners will be made at the annual fashion show Oct. 3. 8 p. m. at the Saugerties High School cafeteria. Mrs. Mary Messina will be the commentator of the final showing.

Information concerning the sewing contest may be obtained by calling Mrs. Gerald Kurtz, Simmons Park. Tickets are available from any member of the Jayncees.

26 Scouts Attend Recent Camporee

A weekend camporee of Boy Scout Troop 32 of the Atonement Lutheran Church was held at Aqua Hill in West Saugerties over Labor Day. A total of 26 boys participated in the events which included waterfront and patrol skills.

The group, with their leaders, Eugene Davis, scoutmaster, George Warringer and Burton Hess, assistant scoutmasters, left the church Friday afternoon.

Saturday the boys participated in competition in patrol skills in the following courses with leaders in charge: compass, George Warringer; rope work, junior assistant Scoutmaster John Mullaney; fire building, senior patrol leader Glenn Davis; first aid, junior assistant Scoutmaster Alan Wolven; signaling, Burt Hess.

The Eagle Patrol with Martin Launer, junior assistant Scoutmaster and Charles Hudson Jr., patrol leader in charge won the skill and inspection events.

At the waterfront, the games were under the leadership of John Mullaney and Glenn Davis, troop quartermaster. The Eagle Patrol again won after competing in the demolition hunt, rowing skills, egg and spoon race and swim for form. The Paul Bunyan Patrol with John Mullaney and patrol leader Daniel Stevens in charge won second place honors.

Saturday evening the council fire was held with Glenn Davis in charge and acting as master of ceremonies. Alan Wolven conducted the opening ceremony. Among the guests was Paul Revier, a meteorologist, who is stationed at Lakehurst with the U. S. Navy, and a brother-in-law of Scoutmaster Davis.

All boys attended church services on Sunday being transported to the Lutheran Church, Grace Community and St. Mary's in Saugerties.

Area DAR Begins Fall Activities

Saugerties Chapter DAR meeting was held Wednesday at the old stone home of Mrs. Emerson Hull, Saxton. This historic house built prior to the Revolution, by the Wyncoop family, still maintains its original charm in furnishings and setting.

Mrs. Carroll Neiffer, Regent, presided at the business meeting and plans were made for the work of the year. Committees reported and letters were read including two invitations to affairs which members plan to attend.

Tuesday, Sept. 19, at 2:30 p. m. the Hudson Valley Council of DAR has announced a Constitution Week pilgrimage to Boscobel, Cold Spring. The restored estate has been featured in magazines and New York City papers and is not yet officially opened to the public. Mrs. Neiffer or Mrs. Glunt may be contacted for transportation. Also the Saugerties Chapter is invited to the annual luncheon of the Chancellor Livingston Chapter of Rhinebeck at the Beekman Arms Friday, Oct. 13. Reservations must be made by Oct. 10. J. Ernest Wharton, Congressman of this district, will be guest speaker.

After business adjourned, a supper was served by Mrs. Hull and her assistant Mrs. William Colton and Mrs. Ross Snyder. Mr. and Mrs. Harry Rigby of Kingston, Mrs. Ronsom of Malden, Mrs. Donald Fellows and Mrs. Pearl Rowell of Saugerties were supper guests. Mr. Rigby talked on New York States Part in the Civil War.

The next meeting will be Oct. 11 at the home of Mrs. C. B. Glunt. Mrs. Nieffer will talk on the New York State conference, which she and Mrs. Thelma Young will attend in Rochester Oct. 3-6.

Atonement Lutheran Announces Schedule

The Rev. Walter Cowen of the Atonement Lutheran Church has announced the following schedule of events for the coming weeks:

Back to Sunday School Sunday will be observed this week at 9:30 a. m.

A special fall project, Kiddies Kits, is planned for the pupils. Beginning Sunday, Oct. 1, and continuing for eight weeks thereafter the Sunday school pupils will be asked to bring an article each Sunday. These will be assembled into kits and sent through Lutheran World Relief to needy children overseas. The kits consist of a large writing pad, five pencils, ruler, toothbrush, turkish hand towel, wash cloth, small cake soap, pocket comb, handkerchief.

Tuesday, 8 p. m. the church council will meet. Vincent Lewis, Teetsel Street, Saugerties president, will preside. The stewardship committe, headed by church councilman Roy Weber of Mt. Marion Park, will report. Stress will be placed this year on visits to the indifferent members who are not regularly attending or supporting the church. Christian Responsibility will be the general theme with the major stress on stewardship.

Members of the council will be asked during September to call upon two or more unchurhced and new people in the area to acquaint them with the program of the curch. Invitation will be given to attend the pastor's membership class beginning Oct. 1, at 9:30 a. m. or to secure transfers from their former church.

John Bub, Centerville, chairman of the property committee will report on the progress of the work on the exteriors of the church and parish house and present objectives for 1961.

Jayncees Story Hour To Resume at Library

Miss Pauline Hommell, local author and Saugerties historian, will be the first guest on the Jayncee sponsored story hour at the library Oct. 7, 10:30-11:30 a. m. All children between the ages of 5 and 7 may attend.

Mrs. Warren Knaust of the Kingston Junior League will continue to plan the program for the last Saturday of each month during the coming year as she did during the past year.

Mrs. Gail Abbott of Spaulding Court invites anyone who would like to participate as a guest storyteller to contact her. She is program chairman for the year.

Dance Set Saturday By Centerville Vols

A round and square dance will be held Saturday 9 p. m. at Centerville Firehouse, Route 212, between Saugerties and Woodstock.

Fred Shader and his band will provide music for dancing. The event will be one in a series of benefits for Centerville Fire Company which serves Centerville, Veteran, Quarryville, Blue Mountain, West Saugerties, Pine Grove, Shultis Corners, Fish Creek and High Woods. The public is invited.

Events Scheduled

The first fall meeting of the Society of Little Gardens will be held on Wednesday at the home of Mrs. Warren Knaust, Stroomzeit. The program will be on the theme, Flowers in Music. Roll call will be called by each member bringing a fall flower to the meeting.

Girl Scout Troop 104 will start its fall schedule Monday 7 p. m. at the Methodist Parish House, Post Street. Mrs. Kathryn Garrison and Mrs. Helen Hardick are co-leaders of the troop.

Centerville Fire Company meets Tuesday, 8 p. m. in Centerville Firehall.

Malden-West Camp Fire Company meets Tuesday 8 p. m. in West Camp fire station.

Expects Approval

WASHINGTON (AP) — Chairman Chet Holifield of the Joint Committee on Atomic Energy said today he could see "no difficulty at all" in getting prompt congressional approval of an agreement to train French troops in the use of nuclear weapons.

President Kennedy announced the agreement Thursday and he asked for the necessary congressional approval as quickly as possible.

The President said in his message: "The gravity of the international situation, and in particular the Soviet threat to the freedom of West Berlin, have made it a matter of first importance that the unity of the North Atlantic nations should be maintained."

Fake 'Real' Look

The precious or real look in costume jewelry is the one getting a big play for fall. It's done with gilt metal, fake pearls and colored stones.

Challenges Right Of Appeals Board In Go-Kart Rift

A Highland resident questions the jurisdiction of the Town of Lloyd Zoning Board of Appeals which will hear arguments on a go-kart track operation in an area zoned agricultural at 8 o'clock tonight in the Town Hall.

J. Paul Frampton, professional engineer, in a statement this week, claims Lloyd Town Board and the zoning inspector should first rule on the question of zoning regarding the go-kart track.

Makes Prior Claim

Jack Herron, owner of property on which a small go-kart strip operates on Chodikee Lake Road claims a valid non-conforming commercial use in an agricultural zone. He contends that prior to the enactment of the Zoning Ordinance early in 1961, he sold, exhibited for sale and demonstrated mechanical go-karts.

Operations at the track have been temporarily halted by a court order issued by Justice of the Peace Louis Canino to desist until the hearing. The legal action was instituted by Frampton, whose property adjoins the track site. Frampton contends the track has been operating in violation of the zoning ordinance and anti-noise ordinance.

In his statement, Frampton said the Zoning Board of Appeals, as is indicated by the name, is a board empowered to entertain any appeal from the action of any enforcing officer or officers as to all matters which relate to the interpretation of the ordinance and as to the location of zone and lot and highway boundaries."

The passage as quoted is actually Section 44 of the Town of Lloyd Zoning Ordinance, he said. The board as a public spirited non-salaried group should not be subjected to performing the duties of the Town Board and the zoning inspector, Frampton continued.

Frampton said a person can, in accordance with the ordinance, only appeal to the Zoning Board of Appeals to obtain relief from either the action of the Town Board or the zoning inspector. If such a procedure is followed the bulk of the work would be performed by the salaried personnel and the time and energy of the Zoning Board of Appeals would not be unreasonably called upon for the performance of duties rightfully belonging to other personnel, he said.

In another go-kart track controversy at Clintondale, the track operators suspended last Sunday's races due to rain. However Lloyd Town Constable Fred Bragg, on authorization of the Town Board, was in attendance to determine if the track was operating in violation of the anti-noise ordinance.

Clintondale track operators told Constable Bragg that they intended putting mufflers on the go-karts to cut down the alleged noise, he said.

A delegation of Clintondale taxpayers, headed by Mrs. Margaret Lyons attended a recent meeting of the Town Board and presented a petition with 30 signatures protesting the operation of a racing strip in that community.

The petitioners contend that the track is operating illegally and in direct violation of the existing zoning and anti-noise ordinances.

Hollywood News, Views

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP)—No satire on Hollywood ever hit so many comic touches as did producer-director George Stevens' recent brush with the Wall Street bankers who apparently are running 20th Century-Fox.

If George will direct and Cary Grant will play the hero (Stevens), there's a sure hit comedy.

Two-Year Planning

Stevens has been at Fox for two years preparing "The Greatest Story Ever Told," a Carl Sandburg scripted movie about the life of Christ. Some $2,300,000—including $1,000,000 salary to Stevens—has been expended so far on the film.

Fox lost $25,000,000 in production last year which explains Wall Street's part in the script.

"For sometime we have been playing the game, 'Who is Fox?'" says Stevens. He assumed it was Spyros Skouras, still president of the company who weathered a recent, rough stockholders' meeting.

"George Jr. and I were lunching last week with Skouras in Hollywood while the committee of Wall Street bankers were meeting in New York. Skouras expressed great confidence in our picture."

George Jr. interrupted: "In fact we thought we had the amber light to go ahead."

But the Wall Streeters, unbeknownst to Skouras, shelved the picture. They decided, in effect, that the life of Christ is not as commercial as "Cleopatra" with Liz Taylor.

With this move, Stevens said he knew the answer to, "Who is Fox?" So he packed off to New York—taking along a legal brief he had prepared.

George Sr. said the bankers wanted to "postpone indefinitely" the picture.

"I knew this meant forever, so I brought out my legal brief. My contract was an unique one. Fox may not have known where they were going the last two years but we knew where we were going at all times."

New Banker Emerges

Result of the meeting is that Stevens now owns the movie lock, stock and barrel. Fox will get back the $2,300,000 it expended only after the picture makes a $5,000,000 profit.

Stevens will make the movie at another studio—six are bidding for it.

To anyone who knows Stevens intimately, he is the perfect type casting for a methodical Wall Street banker. Now Wall Street knows it too.

Ave Going to Laos

VIENTIANE, Laos (AP) — U.S. Ambassador W. Averell Harriman will fly to Southeast Asia to meet neutralist Prince Souvanna Phouma and the prime minister of the Vientiane government, Prince Boun Oum, in the near future, Gen. Phoumi Nosavan said today.

A U.S. Embassy spokesman later said a meeting is under consideration, but no definite arrangements have yet been made.

The group, with their leaders, Eugene Davis, scoutmaster, George Warringer and Burton Hess, assistant scoutmasters, left the church Friday afternoon.

Saturday the boys participated in competition in patrol skills in the following courses with leaders in charge: compass, George Warringer; rope work, junior assistant Scoutmaster John Mullaney; fire building, senior patrol leader Glenn Davis; first aid, junior assistant Scoutmaster Alan Wolven; signaling, Burt Hess.

The Eagle Patrol with Martin Launer, junior assistant Scoutmaster and Charles Hudson Jr., patrol leader in charge won the skill and inspection events.

At the waterfront, the games were under the leadership of John Mullaney and Glenn Davis, troop quartermaster. The Eagle Patrol again won after competing in the demolition hunt, rowing skills, egg and spoon race and swim for form. The Paul Bunyan Patrol with John Mullaney and patrol leader Daniel Stevens in charge won second place honors.

Saturday evening the council fire was held with Glenn Davis in charge and acting as master of ceremonies. Alan Wolven conducted the opening ceremony. Among the guests was Paul Revier, a meteorologist, who is stationed at Lakehurst with the U. S. Navy, and a brother-in-law of Scoutmaster Davis.

All boys attended church services on Sunday being transported to the Lutheran Church, Grace Community and St. Mary's in Saugerties.

Area DAR Begins Fall Activities

Saugerties Chapter DAR meeting was held Wednesday at the old stone home of Mrs. Emerson Hull, Saxton. This historic house built prior to the Revolution, by the Wyncoop family, still maintains its original charm in furnishings and setting.

Mrs. Carroll Neiffer, Regent, presided at the business meeting and plans were made for the work of the year. Committees reported and letters were read including two invitations to affairs which members plan to attend.

Tuesday, Sept. 19, at 2:30 p. m. the Hudson Valley Council of DAR has announced a Constitution Week pilgrimage to Boscobel, Cold Spring. The restored estate has been featured in magazines and New York City papers and is not yet officially opened to the public. Mrs. Neiffer or Mrs. Glunt may be contacted for transportation. Also the Saugerties Chapter is invited to the annual luncheon of the Chancellor Livingston Chapter of Rhinebeck at the Beekman Arms Friday, Oct. 13. Reservations must be made by Oct. 10. J. Ernest Wharton, Congressman of this district, will be guest speaker.

After business adjourned, a supper was served by Mrs. Hull and her assistant Mrs. William Colton and Mrs. Ross Snyder. Mr. and Mrs. Harry Rigby of Kingston, Mrs. Ronsom of Malden, Mrs. Donald Fellows and Mrs. Pearl Rowell of Saugerties were supper guests. Mr. Rigby talked on New York States Part in the Civil War.

The next meeting will be Oct. 11 at the home of Mrs. C. B. Glunt. Mrs. Nieffer will talk on the New York State conference, which she and Mrs. Thelma Young will attend in Rochester Oct. 3-6.

Atonement Lutheran Announces Schedule

The Rev. Walter Cowen of the Atonement Lutheran Church has announced the following schedule of events for the coming weeks:

Back to Sunday School Sunday will be observed this week at 9:30 a. m.

A special fall project, Kiddies Kits, is planned for the pupils. Beginning Sunday, Oct. 1, and continuing for eight weeks thereafter the Sunday school pupils will be asked to bring an article each Sunday. These will be assembled into kits and sent through Lutheran World Relief to needy children overseas. The kits consist of a large writing pad, five pencils, ruler, toothbrush, turkish hand towel, wash cloth, small cake soap, pocket comb, handkerchief.

Tuesday, 8 p. m. the church council will meet. Vincent Lewis, Teetsel Street, Saugerties president, will preside. The stewardship committe, headed by church councilman Roy Weber of Mt. Marion Park, will report. Stress will be placed this year on visits to the indifferent members who are not regularly attending or supporting the church. Christian Responsibility will be the general theme with the major stress on stewardship.

Members of the council will be asked during September to call upon two or more unchurhced and new people in the area to acquaint them with the program of the curch. Invitation will be given to attend the pastor's membership class beginning Oct. 1, at 9:30 a. m. or to secure transfers from their former church.

John Bub, Centerville, chairman of the property committee will report on the progress of the work on the exteriors of the church and parish house and present objectives for 1961.

Jayncees Story Hour To Resume at Library

Miss Pauline Hommell, local author and Saugerties historian, will be the first guest on the Jayncee sponsored story hour at the library Oct. 7, 10:30-11:30 a. m. All children between the ages of 5 and 7 may attend.

Mrs. Warren Knaust of the Kingston Junior League will continue to plan the program for the last Saturday of each month during the coming year as she did during the past year.

Mrs. Gail Abbott of Spaulding Court invites anyone who would like to participate as a guest storyteller to contact her. She is program chairman for the year.

Dance Set Saturday By Centerville Vols

A round and square dance will be held Saturday 9 p. m. at Centerville Firehouse, Route 212, between Saugerties and Woodstock.

Fred Shader and his band will provide music for dancing. The event will be one in a series of benefits for Centerville Fire Company which serves Centerville, Veteran, Quarryville, Blue Mountain, West Saugerties, Pine Grove, Shultis Corners, Fish Creek and High Woods. The public is invited.

Events Scheduled

The first fall meeting of the Society of Little Gardens will be held on Wednesday at the home of Mrs. Warren Knaust, Stroomzeit. The program will be on the theme, Flowers in Music. Roll call will be called by each member bringing a fall flower to the meeting.

Girl Scout Troop 104 will start its fall schedule Monday 7 p. m. at the Methodist Parish House, Post Street. Mrs. Kathryn Garrison and Mrs. Helen Hardick are co-leaders of the troop.

Centerville Fire Company meets Tuesday, 8 p. m. in Centerville Firehall.

Malden-West Camp Fire Company meets Tuesday 8 p. m. in West Camp fire station.

Expects Approval

WASHINGTON (AP) — Chairman Chet Holifield of the Joint Committee on Atomic Energy said today he could see "no difficulty at all" in getting prompt congressional approval of an agreement to train French troops in the use of nuclear weapons.

President Kennedy announced the agreement Thursday and he asked for the necessary congressional approval as quickly as possible.

The President said in his message: "The gravity of the international situation, and in particular the Soviet threat to the freedom of West Berlin, have made it a matter of first importance that the unity of the North Atlantic nations should be maintained."

Fake 'Real' Look

The precious or real look in costume jewelry is the one getting a big play for fall. It's done with gilt metal, fake pearls and colored stones.

Challenges Right Of Appeals Board In Go-Kart Rift

A Highland resident questions the jurisdiction of the Town of Lloyd Zoning Board of Appeals which will hear arguments on a go-kart track operation in an area zoned agricultural at 8 o'clock tonight in the Town Hall.

J. Paul Frampton, professional engineer, in a statement this week, claims Lloyd Town Board and the zoning inspector should first rule on the question of zoning regarding the go-kart track.

Makes Prior Claim

Jack Herron, owner of property on which a small go-kart strip operates on Chodikee Lake Road claims a valid non-conforming commercial use in an agricultural zone. He contends that prior to the enactment of the Zoning Ordinance early in 1961, he sold, exhibited for sale and demonstrated mechanical go-karts.

Operations at the track have been temporarily halted by a court order issued by Justice of the Peace Louis Canino to desist until the hearing. The legal action was instituted by Frampton, whose property adjoins the track site. Frampton contends the track has been operating in violation of the zoning ordinance and anti-noise ordinance.

In his statement, Frampton said the Zoning Board of Appeals, as is indicated by the name, is a board empowered to entertain any appeal from the action of any enforcing officer or officers as to all matters which relate to the interpretation of the ordinance and as to the location of zone and lot and highway boundaries."

The passage as quoted is actually Section 44 of the Town of Lloyd Zoning Ordinance, he said. The board as a public spirited non-salaried group should not be subjected to performing the duties of the Town Board and the zoning inspector, Frampton continued.

Frampton said a person can, in accordance with the ordinance, only appeal to the Zoning Board of Appeals to obtain relief from either the action of the Town Board or the zoning inspector. If such a procedure is followed the bulk of the work would be performed by the salaried personnel and the time and energy of the Zoning Board of Appeals would not be unreasonably called upon for the performance of duties rightfully belonging to other personnel, he said.

In another go-kart track controversy at Clintondale, the track operators suspended last Sunday's races due to rain. However Lloyd Town Constable Fred Bragg, on authorization of the Town Board, was in attendance to determine if the track was operating in violation of the anti-noise ordinance.

Clintondale track operators told Constable Bragg that they intended putting mufflers on the go-karts to cut down the alleged noise, he said.

A delegation of Clintondale taxpayers, headed by Mrs. Margaret Lyons attended a recent meeting of the Town Board and presented a petition with 30 signatures protesting the operation of a racing strip in that community.

The petitioners contend that the track is operating illegally and in direct violation of the existing zoning and anti-noise ordinances.

Hollywood News, Views

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP)—No satire on Hollywood ever hit so many comic touches as did producer-director George Stevens' recent brush with the Wall Street bankers who apparently are running 20th Century-Fox.

If George will direct and Cary Grant will play the hero (Stevens), there's a sure hit comedy.

Two-Year Planning

Stevens has been at Fox for two years preparing "The Greatest Story Ever Told," a Carl Sandburg scripted movie about the life of Christ. Some $2,300,000—including $1,000,000 salary to Stevens—has been expended so far on the film.

Fox lost $25,000,000 in production last year which explains Wall Street's part in the script.

"For sometime we have been playing the game, 'Who is Fox?' " says Stevens. He assumed it was Spyros Skouras, still president of the company who weathered a recent, rough stockholders' meeting.

"George Jr. and I were lunching last week with Skouras in Hollywood while the committee of Wall Street bankers were meeting in New York. Skouras expressed great confidence in our picture."

George Jr. interrupted: "In fact we thought we had the amber light to go ahead."

But the Wall Streeters, unbeknownst to Skouras, shelved the picture. They decided, in effect, that the life of Christ is not as commercial as "Cleopatra" with Liz Taylor.

With this move, Stevens said he knew the answer to, "Who is Fox?" So he packed off to New York—taking along a legal brief he had prepared.

George Sr. said the bankers wanted to "postpone indefinitely" the picture.

"I knew this meant forever, so I brought out my legal brief. My contract was an unique one. Fox may not have known where they were going the last two years but we knew where we were going at all times."

New Banker Emerges

Result of the meeting is that Stevens now owns the movie lock, stock and barrel. Fox will get back the $2,300,000 it expended only after the picture makes a $5,000,000 profit.

Stevens will make the movie at another studio—six are bidding for it.

To anyone who knows Stevens intimately, he is the perfect type casting for a methodical Wall Street banker. Now Wall Street knows it too.

Ave Going to Laos

VIENTIANE, Laos (AP) — U.S. Ambassador W. Averell Harriman will fly to Southeast Asia to meet neutralist Prince Souvanna Phouma and the prime minister of the Vientiane government, Prince Boun Oum, in the near future, Gen. Phoumi Nosavan said today.

A U.S. Embassy spokesman later said a meeting is under consideration, but no definite arrangements have yet been made.

Big Share of Market

WASHINGTON (AP) — Schools and child care institutions will provide a market for more than 5 per cent of the nation's annual fluid milk consumption.

In doing this, these institutions will receive more than $105 million in subsidies from the Agriculture Department. This federal assistance is designed to help provide larger markets for dairymen to improve diets of school children.

Ulster Town Democrats Reset Caucus Saturday

Town of Ulster Democrats have rescheduled its caucus for Saturday 8 p. m. at Democratic town headquarters, Route 9W at Esopus Avenue.

Candidates will be nominated for the posts of supervisor, town clerk, highway superintendent, councilman, collector, justice of the peace and two assessors.

Prospective candidates requiring further information may contact James Lanagan at Van Keuren Highway.

Carey Claims GE Vetoed 24-Hour Pact Extension

NEW YORK (AP) — The General Electric Co. has been accused of turning down even a 24-hour union contract extension in an effort to prevent last fall's three-weeek strike.

The accusation was made Thursday by James B. Carey, president of the International Union of Electrical Workers (IUE) at a National Labor Relations Board hearing on charges of unfair labor practices against the company.

The hearing resumes today.

Carey said a representative of a Schenectady, N.Y., citizens group had asked him in September if the union would postpone a walkout until after the November elections.

Carey said he was willing, and that he asked Philip D. Moore, the firm's manager of employe relations, if he would agree to extend the contract 10 days.

Carey quoted Moore as replying: "No. There will be no one-month, 10 days or one week. There will not be an extension of the contract for even one day."

The union leader said Jack S. Parker, GE vice president in charge of relation services, told him: "Mr. Carey, you're only interested in striking General Electric."

Carey said that, in another meeting with Parker, the latter told him: "You know you're not going to get what you want. You want a continuation of the escalator clause."

Barbecue Also Set

Local Legion Will Host 3rd District Meeting Sept. 24

Kingston Post, 150, American Legion, will play host Sunday, Sept. 24, to the Third District American Legion conference and during the same day will sponsor a chicken barbecue for members and friends.

The Third District conference is composed of Legionnaires representing the seven counties of the Third Judicial District. Meetings are held several times a year at different locations to discuss Legion business.

Post 150 has scheduled the barbecue to raise funds for continuing its activities, many of which are charitable and directed at child and veteran welfare.

Servings on Sept. 24 will begin at 2 p. m. at the West O'Reilly Street property and will continue throughout the afternoon, rain or shine. The public is invited and may obtain tickets from either James Costello or Ben Marcus.

Anticipating a large turnout, Commander George C. Heppner urges all who desire to attend the barbecue to make reservations early. Reservations will close Sept. 16 to allow the committee ample time to properly plan the event.

Head of Highway Work Around Buffalo Dies

BUFFALO, N. Y. (AP)—Elmer G. H. Youngmann, who was in large part responsible for the network of state highways serving the Niagara Frontier, died Thursday in a hospital here after a long illness. He was 65.

Youngmann headed the Buffalo district of the State Department of Public Works since 1955. In that period, the western end of the New York State Thruway, the Buffalo Skyway and several other area expressways were designed and constructed.

Capacity Crowd Due for Ulster GOP Fete Sunday

KENNETH L. WILSON

A capacity attendance is forecast by Lester C. Elmendorf, chairman of arrangements for the first annual Town of Ulster Republican Club picnic, scheduled for Sunday at Spring Lake.

Elmendorf reported a brisk sale of tickets for Sunday's event which will be held rain or shine. The program will start at 1 p. m.

"We have a well-rounded program which should prove interesting for all in attendance," Elmendorf said this morning. He went on to explain that games for children with awards and pony rides will help feature the program.

Corwin to Speak

Heading the list of dignataries expected to be on hand for the event will be Assemblyman Kenneth L. Wilson of Woodstock, Ulster County Republican leader.

District Attorney David W. Corwin of New Paltz will be the main speaker. All county candidates also plan to be on hand.

Attorney Sherwood E. Davis, newly-elected president of the Ulster GOP club, will welcome members, their friends and guests at Sunday's picnic.

Committee workers, assisting Chairman Elmendorf with plans, include:

Grounds — Abel Ellsworth, Joseph Lamphere and Austin Brown.

Refreshments — Harold Macholdt and Ted Musialkiewicz.

Tickets Still Available

Entertainment — August Cohen, Ted Olsen and Jack Smith.

Tickets may still be obtained from either Mrs. James M. Krom of Albany Avenue Extension or Mrs. Harold Dobnken, Golf Terrace.

Tickets also may be obtained at the gate.

New Orleans Has Peace, Quiet as School Ban Lifted

NEW ORLEANS, La. (AP)—The second year of court-ordered token public school desegregation came quietly and peacefully to this Southern city of 627,000 Thursday.

School officials forecast an increase in white attendance at the six desegregated elementary schools today despite continued pleas from segregationists for a boycott of the classrooms.

Police Supt. Joseph I. Giarrusso planned to keep some 60 uniformed officers at each school—sealed off from the general public for one block in all directions.

Eight Negro children started classes with white pupils bringing to 12 the number of Negroes in desegregated school. Four Negro first graders last Nov. 14 became the first members of their race to attend all-white schools in New Orleans. They were back at two schools this year as second grade students.

The white boycott of McDonogh No. 19—which lasted throughout last year—was cracked as four white children joined five Negroes. White attendance at the other schools ranged from more than two-thirds of normal to 17 out of 571 at Frantz—one of the schools desegregated last year.

Test for Troopers Slated Sept. 30 At Poughkeepsie

An open competitive examination of candidates for appointment to the position of state trooper will be held Saturday, Sept. 30 at various locations in the state including Poughkeepsie, Middletown, Albany and New York City.

Salary range for the post is $5,200 to $7,000 per year. In addition all service clothing and equipment is furnished, and other benefits. All appointments are probationary for a period of one year.

Applications must be submitted on blanks provided by the superintendent, Arthur Cornelius Jr., and may be obtained in person or by mail from New York State Police, 162 Washington Avenue, Albany, or at any state police station.

Applications must be postmarked no later than midnight, Sept. 25.

The eligible list established by the examination shall remain in force and effect for a minimum period of one year.

Thomas Jefferson took the presidential oath in 1801 in the old Senate chamber in Washington, because it was the only part of the Capitol that had been completed.

Ulster Town Democrats Reset Caucus Saturday

Town of Ulster Democrats have rescheduled its caucus for Saturday 8 p. m. at Democratic town headquarters, Route 9W at Esopus Avenue.

Candidates will be nominated for the posts of supervisor, town clerk, highway superintendent, councilman, collector, justice of the peace and two assessors.

Prospective candidates requiring further information may contact James Lanagan at Van Keuren Highway.

Carey Claims GE Vetoed 24-Hour Pact Extension

NEW YORK (AP) — The General Electric Co. has been accused of turning down even a 24-hour union contract extension in an effort to prevent last fall's three-weeek strike.

The accusation was made Thursday by James B. Carey, president of the International Union of Electrical Workers (IUE) at a National Labor Relations Board hearing on charges of unfair labor practices against the company.

The hearing resumes today.

Carey said a representative of a Schenectady, N.Y., citizens group had asked him in September if the union would postpone a walkout until after the November elections.

Carey said he was willing, and that he asked Philip D. Moore, the firm's manager of employe relations, if he would agree to extend the contract 10 days.

Carey quoted Moore as replying: "No. There will be no one-month, 10 days or one week. There will not be an extension of the contract for even one day."

The union leader said Jack S. Parker, GE vice president in charge of relation services, told him: "Mr. Carey, you're only interested in striking General Electric."

Carey said that, in another meeting with Parker, the latter told him: "You know you're not going to get what you want. You want a continuation of the escalator clause."

Barbecue Also Set

Local Legion Will Host 3rd District Meeting Sept. 24

Kingston Post, 150, American Legion, will play host Sunday, Sept. 24, to the Third District American Legion conference and during the same day will sponsor a chicken barbecue for members and friends.

The Third District conference is composed of Legionnaires representing the seven counties of the Third Judicial District. Meetings are held several times a year at different locations to discuss Legion business.

Post 150 has scheduled the barbecue to raise funds for continuing its activities, many of which are charitable and directed at child and veteran welfare.

Servings on Sept. 24 will begin at 2 p. m. at the West O'Reilly Street property and will continue throughout the afternoon, rain or shine. The public is invited and may obtain tickets from either James Costello or Ben Marcus.

Anticipating a large turnout, Commander George C. Heppner urges all who desire to attend the barbecue to make reservations early. Reservations will close Sept. 16 to allow the committee ample time to properly plan the event.

Head of Highway Work Around Buffalo Dies

BUFFALO, N. Y. (AP)—Elmer G. H. Youngmann, who was in large part responsible for the network of state highways serving the Niagara Frontier, died Thursday in a hospital here after a long illness. He was 65.

Youngmann headed the Buffalo district of the State Department of Public Works since 1955. In that period, the western end of the New York State Thruway, the Buffalo Skyway and several other area expressways were designed and constructed.

Capacity Crowd Due for Ulster GOP Fete Sunday

KENNETH L. WILSON

A capacity attendance is forecast by Lester C. Elmendorf, chairman of arrangements for the first annual Town of Ulster Republican Club picnic, scheduled for Sunday at Spring Lake.

Elmendorf reported a brisk sale of tickets for Sunday's event which will be held rain or shine. The program will start at 1 p. m.

"We have a well-rounded program which should prove interesting for all in attendance," Elmendorf said this morning. He went on to explain that games for children with awards and pony rides will help feature the program.

Corwin to Speak

Heading the list of dignataries expected to be on hand for the event will be Assemblyman Kenneth L. Wilson of Woodstock, Ulster County Republican leader.

District Attorney David W. Corwin of New Paltz will be the main speaker. All county candidates also plan to be on hand.

Attorney Sherwood E. Davis, newly-elected president of the Ulster GOP club, will welcome members, their friends and guests at Sunday's picnic.

Committee workers, assisting Chairman Elmendorf with plans, include:

Grounds — Abel Ellsworth, Joseph Lamphere and Austin Brown.

Refreshments — Harold Macholdt and Ted Musialkiewicz.

Tickets Still Available

Entertainment — August Cohen, Ted Olsen and Jack Smith.

Tickets may still be obtained from either Mrs. James M. Krom of Albany Avenue Extension or Mrs. Harold Dobnken, Golf Terrace.

Tickets also may be obtained at the gate.

New Orleans Has Peace, Quiet as School Ban Lifted

NEW ORLEANS, La. (AP)—The second year of court-ordered token public school desegregation came quietly and peacefully to this Southern city of 627,000 Thursday.

School officials forecast an increase in white attendance at the six desegregated elementary schools today despite continued pleas from segregationists for a boycott of the classrooms.

Police Supt. Joseph I. Giarrusso planned to keep some 60 uniformed officers at each school—sealed off from the general public for one block in all directions.

Eight Negro children started classes with white pupils bringing to 12 the number of Negroes in desegregated school. Four Negro first graders last Nov. 14 became the first members of their race to attend all-white schools in New Orleans. They were back at two schools this year as second grade students.

The white boycott of McDonogh No. 19—which lasted throughout last year—was cracked as four white children joined five Negroes. White attendance at the other schools ranged from more than two-thirds of normal to 17 out of 571 at Frantz—one of the schools desegregated last year.

Test for Troopers Slated Sept. 30 At Poughkeepsie

An open competitive examination of candidates for appointment to the position of state trooper will be held Saturday, Sept. 30 at various locations in the state including Poughkeepsie, Middletown, Albany and New York City.

Salary range for the post is $5,200 to $7,000 per year. In addition all service clothing and equipment is furnished, and other benefits. All appointments are probationary for a period of one year.

Applications must be submitted on blanks provided by the superintendent, Arthur Cornelius Jr., and may be obtained in person or by mail from New York State Police, 162 Washington Avenue, Albany, or at any state police station.

Applications must be postmarked no later than midnight, Sept. 25.

The eligible list established by the examination shall remain in force and effect for a minimum period of one year.

Thomas Jefferson took the presidential oath in 1801 in the old Senate chamber in Washington, because it was the only part of the Capitol that had been completed.

French May Remain in Bizerte During War Danger: Bourguiba

RESIGN FROM COMMISSION—Vice Adm. Stuart H. Ingersoll, left, of the Naval War College and Chairman Ulysses S. Grant III, right, have resigned from the Federal Civil War Centennial Commission. There have been reports of friction within the commission over the demotion of its executive director, Karl S. Betts. (AP Wirephoto)

TUNIS (AP)—President Habib Bourguiba of Tunisia today agreed to let France keep the strategic Bizerte naval base as long as the danger of a major world war exists.

In a major conciliatory offer to iron out the smouldering dispute over Bizerte, the Tunisian chief of state said he is ready to begin talks to obtain a "modus vivendi concerning the utilization of the base during the dangerous period."

Once the danger is over, Bourguiba told a news conference, "the agreement would be followed by negotiations on the total evacuation" of the base by the French.

This shift from Bourguiba's militant policy on Bizerte apparently stemmed from a statement by French President Charles de Gaulle at a news conference Tuesday.

De Gaulle said that France eventually would have to negotiate a withdrawal from Bizerte but it would be impossible to pull out in the present state of international tension.

Bourguiba flew home Wednesday from the Belgrade, Yugoslavia, conference of nonaligned nations as tension mounted in Bizerte, scene of heavy fighting this summer when Tunisia tried to force out the French and they fought back. A new clash Tuesday left four Tunisians dead and 42 wounded.

Bourguiba said today he is also willing to negotiate with France the Tunisian claims to a portion of the Sahara.

In a major move to ease the tension, the Tunisian leader announced a prisoner exchange will take place Saturday and "Frenchmen held in concentration camps will be liberated after acccords have been signed."

"We will also envisage measures of pardon for those Frenchmen held in jail on criminal charges," Bourguiba said.

Neves Is Choice Of Goulart for Prime Minister

BRASILIA, Brazil (AP) — A balding businessman with conservative political tendencies was in line today for the post of prime minister, the man who will wield the power in Brazil's government.

Tancredo Neves, 51, was approved for the post by his party, the Social Democrats, who control Congress with the right-of-center National Democratic Union in a bloc of 200 votes.

President Joao Goulart, wealthy rancher and key figure in the 14-day crisis that began with the resignation of President Janio Quadros, made the official choice with an eye cocked on the political makeup of Congress.

When Quadros quit, making the vice president heir to the presidency, the offfice was stripped of virtually all power by Congress, acting under pressure from military leaders who regard Goulart as a dangerous leftist.

Goulart took the oath of office Thursday, promising that "all public freedom will be assured."

Even though Goulart, the professed champion of Brazil's working man, cannot issue a decree unless it is signed by the prime minister and another member of the government, he quickly joined the political scramble for whatever power was at stake in the makeup of Neves' cabinet.

Neves has indicated he may order a switch in the foreign policy decreed by Quadros, who took a sharp turn from Brazil's traditional ties with the United States and coolness toward Communist countries.

"Our foreign policy will represent the pure tradition of Brazil," Neves said, apparently meaning he would go back to cooperating with Washington in international politics.

Katrine Boy Home From Hospital Collapses, Returns

A 14-year-old Lake Katrine boy, released from Kingston Hospital Thursday morning, where he had been recuperating from injuries received Aug. 31 when he was struck by a car, collapsed at his home later in the day and was returned to the hospital by Fatums Ambulance.

The condition of Richard Cooper Jr., was described by hospital authorities today as apparently fair. The boy was discharged from the hospital at 10:10 in the morning and returned by ambulance at 4:30 p. m.

It was reported the boy was watching television at home when he collapsed. He was administered oxygen on the way to the hospital.

At the time of the mishap, Kingston state police said the boy suffered contusions and abrasions of the upper right leg as he crossed Neighborhood Road, Lake Katrine on his bicycle and was struck by a 1953 sedan operated by Roman Wolff, 28 of Mt. Marion.

French May Remain in Bizerte During War Danger: Bourguiba

RESIGN FROM COMMISSION—Vice Adm. Stuart H. Ingersoll, left, of the Naval War College and Chairman Ulysses S. Grant III, right, have resigned from the Federal Civil War Centennial Commission. There have been reports of friction within the commission over the demotion of its executive director, Karl S. Betts. (AP Wirephoto)

TUNIS (AP)—President Habib Bourguiba of Tunisia today agreed to let France keep the strategic Bizerte naval base as long as the danger of a major world war exists.

In a major conciliatory offer to iron out the smouldering dispute over Bizerte, the Tunisian chief of state said he is ready to begin talks to obtain a "modus vivendi concerning the utilization of the base during the dangerous period."

Once the danger is over, Bourguiba told a news conference, "the agreement would be followed by negotiations on the total evacuation" of the base by the French.

This shift from Bourguiba's militant policy on Bizerte apparently stemmed from a statement by French President Charles de Gaulle at a news conference Tuesday.

De Gaulle said that France eventually would have to negotiate a withdrawal from Bizerte but it would be impossible to pull out in the present state of international tension.

Bourguiba flew home Wednesday from the Belgrade, Yugoslavia, conference of nonaligned nations as tension mounted in Bizerte, scene of heavy fighting this summer when Tunisia tried to force out the French and they fought back. A new clash Tuesday left four Tunisians dead and 42 wounded.

Bourguiba said today he is also willing to negotiate with France the Tunisian claims to a portion of the Sahara.

In a major move to ease the tension, the Tunisian leader announced a prisoner exchange will take place Saturday and "Frenchmen held in concentration camps will be liberated after acccords have been signed."

"We will also envisage measures of pardon for those Frenchmen held in jail on criminal charges," Bourguiba said.

Neves Is Choice Of Goulart for Prime Minister

BRASILIA, Brazil (AP) — A balding businessman with conservative political tendencies was in line today for the post of prime minister, the man who will wield the power in Brazil's government.

Tancredo Neves, 51, was approved for the post by his party, the Social Democrats, who control Congress with the right-of-center National Democratic Union in a bloc of 200 votes.

President Joao Goulart, wealthy rancher and key figure in the 14-day crisis that began with the resignation of President Janio Quadros, made the official choice with an eye cocked on the political makeup of Congress.

When Quadros quit, making the vice president heir to the presidency, the offfice was stripped of virtually all power by Congress, acting under pressure from military leaders who regard Goulart as a dangerous leftist.

Goulart took the oath of office Thursday, promising that "all public freedom will be assured."

Even though Goulart, the professed champion of Brazil's working man, cannot issue a decree unless it is signed by the prime minister and another member of the government, he quickly joined the political scramble for whatever power was at stake in the makeup of Neves' cabinet.

Neves has indicated he may order a switch in the foreign policy decreed by Quadros, who took a sharp turn from Brazil's traditional ties with the United States and coolness toward Communist countries.

"Our foreign policy will represent the pure tradition of Brazil," Neves said, apparently meaning he would go back to cooperating with Washington in international politics.

Katrine Boy Home From Hospital Collapses, Returns

A 14-year-old Lake Katrine boy, released from Kingston Hospital Thursday morning, where he had been recuperating from injuries received Aug. 31 when he was struck by a car, collapsed at his home later in the day and was returned to the hospital by Fatums Ambulance.

The condition of Richard Cooper Jr., was described by hospital authorities today as apparently fair. The boy was discharged from the hospital at 10:10 in the morning and returned by ambulance at 4:30 p. m.

It was reported the boy was watching television at home when he collapsed. He was administered oxygen on the way to the hospital.

At the time of the mishap, Kingston state police said the boy suffered contusions and abrasions of the upper right leg as he crossed Neighborhood Road, Lake Katrine on his bicycle and was struck by a 1953 sedan operated by Roman Wolff, 28 of Mt. Marion.
